Stilwell a hard line and openly anti-Semitic U S general With lively portraits of each of these men McLynn shows how the plans and strategies of generals and politicians were translated into a hideous reality for soldiers on the ground Downfall Richard B. Frank,2001-05-01 In a riveting narrative that includes information from newly declassified documents acclaimed historian Richard B. Frank gives a scrupulously detailed explanation of the critical months leading up to the dropping of the atomic bomb Frank explains how American leaders learned in the summer of 1945 that their alternate strategy to end the war by invasion had been shattered by the massive Japanese buildup on Kyushu and that intercepted diplomatic documents also revealed the dismal prospects of negotiation Here also for the first time is a comprehensive account of how Japan s leaders were willing to risk complete annihilation to preserve the nation s existing order Frank s comprehensive account demolishes long standing myths with the stark realities of this great historical controversy *Rats Alley* Peter Chasseaud,Alan Sillitoe,2017-08-03 When first published in 2006 Rats Alley was a ground breaking piece of research the first ever study of trench names of the Western Front Now in this fully updated and revised
