Con algo de demora respecto a lo acontecido en otras latitudes finalmente la historia del tiempo presente ha desembarcado en México Este libro exhibe el esfuerzo por delimitar y construir un campo de investigación orientado al estudio de pasados que no terminan de pasar Un tiempo donde los sucesos estudiados pueden cohabitar con la experiencia vital del historiador o con la posibilidad de encontrar testigos y protagonistas de los hechos indagados Un tiempo presente marcado por pasados traumáticos resultado de auténticas catástrofes sociales tempestades políticas que condujeron a violaciones sistemáticas de los Derechos Humanos Estudiar esos pasados obliga a reflexionar sobre el lugar y la responsabilidad del historiador exige ponderar categorías analíticas definir métodos y afinar la búsqueda e inclusive la construcción de fuentes documentales Incursionar en la historia del tiempo presente es confrontar la memoria con la historia y también reconstruir la historia de memorias colectivas Estos son los temas que atraviesan este libro en el que cristaliza un trabajo colectivo y pionero comprometido con la generación de investigaciones sistemáticas sobre lo acontecido en México durante el último medio siglo y abierto al imprescindible diálogo con los historiadores y las historias del tiempo presente del resto de América Latina Pablo Yankelevich El Colegio de México Este trabajo colectivo hace una contribución esencial para la comprensión de la historia del tiempo presente Muestra tanto las convergencias como las diferencias entre la historiografía europea y la historiografía latinoamericana La historia del presente se ocupa de las relaciones dialécticas entre el pasado y el presente y ha tomado por objeto de estudio la historia de la memoria o aquella de la posteridad de los conflictos Además esta historia presta gran atención al lugar de la disciplina en el espacio público y político Por todo lo anterior no es de extrañar que se esté arraigando en los países latinoamericanos pues da una nueva mirada a una historia que permanece incandescente
