Sara Kirsch Text Kritik 101:

Human Rights, the Rule of Law, and Development in Africa Paul Tiyambe Zeleza, Philip J. McConaughay, 2011-06-07
Changes in human rights environments in Africa over the past decade have been facilitated by astounding political transformations the rise of mass movements and revolts driven by democratic and developmentalist ideals as well as mass murder and poverty perpetuated by desperate regimes and discredited global agencies Human Rights the Rule of Law and Development in Africa seeks to make sense of human rights in Africa through the lens of its triumphs and tragedies its uneven developments and complex demands The volume makes a significant contribution to the debate about the connections between the protection of human rights and the pursuit of economic development by interrogating the paradigms politics and practices of human rights in Africa Throughout the essays emphasize that democratic and human rights regimes are products of concrete social struggles not simply textual or legal discourses Including some of Africa's leading scholars jurists and human rights activists contributors to the volume diverge from Western theories of African democratization by rejecting the continental view of an Africa blighted by failure disease and economic malaise It argues instead that Africa has strengthened and shaped international law such as the right to self determination inspired by the process of decolonization and the definition of the refugee Insisting on the holistic view that human rights are as much about economic and social rights as they are about civil and political rights the contributors offer novel analyses of African conceptions experiences and aspirations of human rights which manifest themselves in complex global regional and local idioms Further they explore the varied constructions of human rights in African and Western discourses and the roles played by states and NGOs in promoting or subverting human rights Combining academic analysis with social concern intellectual discourse with civic engagement and scholarly research with institution building this is a compelling and original approach to the question whether externally inspired solutions to African human rights issues have validity in a postcolonial world

Methods and Methodology in Composition Research Gesa Kirsch, Patricia A. Sullivan, 1992 In original essays fourteen nationally known scholars examine the practical philosophical and epistemological implications of a variety of research traditions Included are discussions of historical theoretical and feminist scholarship case study and ethnographic research text and conversation analysis and cognitive experimental and descriptive research Issues that cross methodological boundaries such as the nature of collaborative research and writing methodological pluralism the classification and coding of research data and the politics of composition research are also examined Contributors reflect on their own research practices and so reflect the current state of composition research itself *Resources in Education*, 1993-11 **Off Broadway Musicals, 1910-2007** Dan Dietz, 2010-03-10 Despite an often unfair reputation as being less popular less successful or less refined than their bona fide Broadway counterparts Off Broadway musicals deserve their share of critical acclaim and study A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs from the ever

popular A Chorus Line and Rent to more off beat productions like Avenue Q and Little Shop of Horrors And while it remains to be seen if other popular Off Broadway shows like Stomp Blue Man Group and Altar Boyz will make it to the larger Broadway theaters their Off Broadway runs have been enormously successful in their own right This book discusses more than 1 800 Off Broadway Off Off Broadway showcase and workshop musical productions It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal selected musicals that opened in Brooklyn and in New Jersey and American operas that opened in New York along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan The typical entry includes the name of the host theater or theaters the opening date and number of performances the production s cast and creative team a list of songs a brief plot synopsis and general comments and reviews from the New York critics Besides the individual entries the book also includes a preface a bibliography and 21 appendices including a discography filmography a list of published scripts and lists of musicals categorized by topic and composer

Subject Guide to Books in Print ,1971 **Religion Index Two** ,1993 International Journal of Health Services ,1998 **Forthcoming Books** Rose Arny,2003-12 *Medical and Health Care Books and Serials in Print* ,1997 *New Literature on Women* ,1985 German books in print ,1998
