Rethinking Home Economics Sarah J. Stage, Virginia B. Vincenti, 2018-07-05 Until recently historians tended to dismiss home economics as little more than a conspiracy to keep women in the kitchen This landmark volume initiates collaboration among home economists family and consumer science professionals and women's historians What knits the essays together is a willingness to revisit the subject of home economics with neither indictment nor apology The volume includes significant new work that places home economics in the twentieth century within the context of the development of women's professions Rethinking Home Economics documents the evolution of a profession from the home economics movement launched by Ellen Richards in the early twentieth century to the modern field renamed Family and Consumer Sciences in 1994 The essays in this volume show the range of activities pursued under the rubric of home economics from dietetics and parenting teaching and cooperative extension work to test kitchen and product development Exploration of the ways in which gender race and class influenced women's options in colleges and universities hospitals business and industry as well as government has provided a greater understanding of the obstacles women encountered and the strategies they used to gain legitimacy as the

field developed **Turning the Tables** Andrew P. Haley, 2011-05-30 In the nineteenth century restaurants served French food to upper class Americans with aristocratic pretensions but by the turn of the century even the best restaurants cooked ethnic and American foods for middle class urbanites In *Turning the Tables* Andrew P Haley examines how the transformation of public dining that established the middle class as the arbiter of American culture was forged through battles over French language menus scientific eating cosmopolitan cuisines unescorted women un American tips and servantless restaurants *Consumers' Imperium (Volume 2 of 2) (EasyRead Comfort Edition)* , *Repast: Dining Out at the Dawn of the New American Century, 1900-1910* Michael Lesy, Lisa Stoffer, 2013-10-28 Beginning with the simplest eateries and foods and culminating with the emergence of a genuinely American way of fine dining *Repast* takes readers on a culinary tour of early twentieth century restaurants and dining The innovations introduced at the time in ingredients technologies meal service and cuisine transformed the act of eating in public in ways that persist to this day Illustrated with photographs from the time as well as color plates reproducing menus from the New York Public Library's Buttolph Menu Collection

Evolution of the Plio-Pleistocene African Suidae J M Harris, 1979 This is a print on demand edition of a hard to find publication *Proceedings, American Philosophical Society (vol. 123, No. 5, 1979)* , **Creating Consumers** Carolyn M. Goldstein, 2012-05-28 Home economics emerged at the turn of the twentieth century as a movement to train women to be more efficient household managers At the same moment American families began to consume many more goods and services than they produced To guide women in this transition professional home economists had two major goals to teach women to assume their new roles as modern consumers and to communicate homemakers needs to manufacturers and political leaders Carolyn M Goldstein charts the development of the profession from its origins as an educational movement to its identity as a source of consumer expertise in the interwar period to its virtual disappearance by the 1970s Working for both business and government home economists walked a fine line between educating and representing consumers while they shaped cultural expectations about consumer goods as well as the goods themselves Goldstein looks beyond 1970s feminist scholarship that dismissed home economics for its emphasis on domesticity to reveal the movement's complexities including the extent of its public impact and debates about home economists relationship to the commercial marketplace *Proceedings, American Philosophical Society (vol. 123, No. 1, 1979)* , *Consumers' Imperium* Kristin L. Hoganson, 2010-03-15 Histories of the Gilded Age and Progressive Era tend to characterize the United States as an expansionist nation bent on Americanizing the world without being transformed itself In *Consumers Imperium* Kristin Hoganson reveals the other half of the story demonstrating that the years between the Civil War and World War I were marked by heightened consumption of imports and strenuous efforts to appear cosmopolitan Hoganson finds evidence of international connections in quintessentially domestic places American households She shows that well to do white women in this era expressed intense interest in other cultures through imported household objects fashion cooking entertaining armchair travel clubs and the immigrant gifts

movement From curtains to clothing from around the world parties to arts and crafts of the homelands exhibits Hoganson presents a new perspective on the United States in the world by shifting attention from exports to imports from production to consumption and from men to women She makes it clear that globalization did not just happen beyond America s shores as a result of American military might and industrial power but that it happened at home thanks to imports immigrants geographical knowledge and consumer preferences Here is an international history that begins at home Proceedings, American Philosophical Society (vol. 122, No. 4, 1978) , Catalog of Copyright Entries.
