## **Sarahs Children:**

Jephthah's Daughter, Sarah's Son Maria E. Doerfler, 2020-01-02 Late antiquity was a perilous time for children who were often the first victims of economic crisis war and disease They had a one in three chance of dying before their first birthday with as many as half dying before age ten Christian writers accordingly sought to speak to the experience of bereavement and to provide cultural scripts for parents who had lost a child These late ancient writers turned to characters like Eve and Sarah Job and Jephthah as models for grieving and for confronting or submitting to the divine Jephthah's Daughter Sarah's Son traces the stories these writers crafted and the ways in which they shaped the lived experience of familial bereavement in ancient Christianity A compelling social history that conveys the emotional lives of people in the late ancient world Jephthah's Daughter Sarah's Son is a powerful portrait of mourning that extends beyond antiquity to the present day *The Jezebel Syndrome* Daniel Klender, 2021-03-30 *The Jezebel Syndrome* by Daniel Klender

**Sarah's Honeymoon** Joe "Bondi" Beach, 2016-03-29 I met Sarah on her honeymoon We swam together we walked together we talked together I helped her see what I think she already knew Hot coffee and perfect croissants helped A woman who swims nude at dawn is a treasure everyone knows that I wasn't going to push her but I made sure she knew I would be there when and if she needed my help She did and I was *The J.M. Barrie Ladies' Swimming Society* Barbara J. Zitwer, 2012-12-04 Originally published London Short Books 2011 **Children of a Certain Age** Vivian E. Greenberg, 1999 A warm thoughtful and well researched study of how elderly parents and their middle aged children can with wisdom courage and respect relate to one another with genuine friendship Louise Fradkin and Mirca Liberti cofounders of Children of Aging Parents *The Role of the Media in Criminal Justice Policy* Natalia Antolak-Saper, 2022-09-09 This book provides a socio legal examination of the media's influence on the development and implementation of criminal justice policy This impact is often assumed And especially in the wake of high profile crimes the press is routinely observed calling for sentences to be harsher and for governments to be tougher on crime But how do we know that there is a connection To answer this question the book draws on a case study of the media reporting of the rape and murder of Jill Meagher in Melbourne Australia as well as other well known cases including those of James Bulger Sarah Payne Stephen Lawrence and Michael Brown among others Deploying a socio legal framework to examine how the media's often powerful and emotive narratives play a crucial role in the development and implementation of law the book provides a deep and critical reflection on its influence The book concludes with a number of suggestions for media reform both to moderate the media's influence and to incorporate a broader range of viewpoints This multi disciplinary book will appeal to scholars and students in sociolegal studies criminology and criminal law as well as those working in relevant areas in sociology and media studies

**Sarah's Long Walk** Stephen Kendrick, Paul Kendrick, 2004 The never before told story of the African American child who started the fight for desegregation in America's public schools In 1847 on windswept Beacon Hill in Boston a five year old girl

named Sarah Roberts was forced to walk past five white schools to attend the poor and densely crowded black school. Incensed that his daughter had been turned away at each white school, her father Benjamin sued the city of Boston on her behalf. He turned to twenty-four-year-old Robert Morris, the first black attorney ever to win a jury case in America. Together with young Brahmin lawyer Charles Sumner, this legal team forged a powerful argument against school desegregation that has reverberated down through American history in a direct legal line to *Brown v Board of Education*. When the Massachusetts Supreme Judicial Court ruled against Sarah Roberts, Chief Justice Shaw created the concept of separate but equal, an idea that affected every aspect of American life until it was overturned one hundred years later by Thurgood Marshall. Today few have heard of the Roberts case or of the three thousand free blacks in Boston who fought valiantly and successfully long before the civil rights movement of the 1960s to integrate schools, theaters, and railway cars; to legalize interracial marriage; and to form the first black army regiment. Now Stephen Kendrick and Paul Kendrick tell the inspiring story of the remarkable activist community of which Sarah and her family were a part, bringing to light the human side of this crucial struggle. Sarah's Long Walk recovers stories of black and white Boston of Beacon Hill in the nineteenth century and of all the concerned citizens, both white and black, who participated in the early struggles for equal rights. The result is a rich historical tapestry, a fascinating story of the courage and conviction of ordinary people who achieved extraordinary things.

**The Dolphin Way**

Shimi Kang, 2014-05-01. In this inspiring book, Harvard-trained child and adult psychiatrist and expert in human motivation, Dr. Shimi Kang provides a guide to the art and science of inspiring children to develop their own internal drive and a lifelong love of learning. Drawing on the latest neuroscience and behavioral research, Dr. Kang shows why pushy tiger parents and permissive jellyfish parents actually hinder self-motivation. She proposes a powerful new parenting model: the intelligent, joyful, playful, highly social dolphin. Dolphin parents focus on maintaining balance in their children's lives, gently yet authoritatively guiding them toward lasting health, happiness, and success. As the medical director for Child and Youth Mental Health community programs in Vancouver, British Columbia, Dr. Kang has witnessed firsthand the consequences of parental pressure, anxiety disorders, high stress levels, suicides, and addictions. As the mother of three children and as the daughter of immigrant parents who struggled to give their children the best in life, Dr. Kang's mother could not read, and her father taught

her math while they drove around in his taxicab Dr Kang argues that often the simplest benefits we give our children are the most valuable By trusting our deepest intuitions about what is best for our kids we will in turn allow them to develop key dolphin traits to enable them to thrive in an increasingly complex world adaptability community mindedness creativity and critical thinking Life is a journey through ever changing waters and dolphin parents know that the most valuable help we can give our children is to assist them in developing their own inner compass Combining irrefutable science with unforgettable real life stories The Dolphin Way walks readers through Dr Kang s four part method for cultivating self motivation The book makes a powerful case that we are not forced to choose between being permissive or controlling The third option the option that will prepare our kids for success in a future that will require adaptability is the dolphin way Women Seeking Shelter Jean Romano,2013-08-07 The three women highlighted in this story were chosen to represent a family whose records are all documented through husbands and fathers They are from very different cultural backgrounds French Scots and English yet they are the true core of the American woman of their times Diversity is greater now but it was always part of the countrys fabric The women had a geographic location near the sea This ensured a contact with both Europe and South America from the earliest times not only because of wars but in response to the world of ships ship building and trade In the 19th century few citizens of the new country were involved in news from abroad as were those from the ports of New England and the docks of New York Specific events from the life time of the three Sarahs are briefly described to show how modern times are clearly tied to the past Each successive Sarah was affected by what happened to those who preceded her on the family tree The Sarahs would also be astonished by the role of women in the 21st century It is a premise of this book that the past and present are clues to the future and common themes run through history despite superficial changes **Texas Rangers, Ranchers, and Realtors** Thomas O. McDonald,2021-03-25 A native Georgian James Hughes Callahan 1812 1856 migrated to Texas to serve in the Texas Revolution in exchange for land In Seguin Texas where he settled he met and married a divorcee Sarah Medissa Day 1822 1856 The lives of these two Texas pioneers and their extended family would become so entwined in the events and experiences of the nascent nation and state that their story represents a social history of nineteenth century Texas From his arrival as a sergeant with the Georgia Battalion through the ill fated 1855 expedition that bears his name to his shooting death in a feud with a neighbor Callahan was a soldier a Texas Ranger a rancher and a land developer at every turn making his mark on the evolving Guadalupe River Basin Separately Sarah s family s journey reflected the experience of many immigrants to Texas after its war of independence Thomas O McDonald traces the pair s respective paths to their meeting then follows as together they contend with conflict troublesome social mores the emergence of new industries and the taming of the land along the way helping to shape the Texas culture we know today With a sharp eye for character and detail and with a wealth of material at his command author Thomas O McDonald tells a story as crackling with life as it is steeped in scholarly research In these pages the lives of the Callahan and Day families become a canvas on which

the history of Texas from revolution frontier defense and Indian wars to Anglo settlement and emerging legal and social systems dramatically inexorably unfolds      Records and Files of the Quarterly Courts of Essex County, Massachusetts: 1678-1680 Massachusetts. County Court (Essex County),1919      **Teach Me about God** Walter Orenstein,2005 While the essence of God will always remain a mystery to man much has been written through the ages about how God relates to the world In this regard the Divine names are of ultimate significance to man for they represent His attributes Focusing on these names in the context in which they appear Teach Me about God discovers and delineates the way God relates to the world as seen and put forth by the Jewish tradition Texts for the book were selected from the lives of Adam Noah the Patriarchs and Moses the prophecies of Isaiah Jeremiah and Ezekiel and the Book of Psalms to illustrate the significance of the Divine encounter and the relationship between God and Man Written for the layperson Teach Me About God can serve as a source book to teach the fundamentals of Jewish thinking on how God relates to the world in general and man in particular

*Sarah's Journey of Faith* Sarah Liu,2014-03 Life abounds with crises disappointments mundane routines and some very joyful moments Everything that happens has a cause We often don t take time to reflect on purposes or we simply explain events away with simplistic explanations of either good or bad luck Totally unaware of real causes behind life events we easily move on to the next day the next week and the next year In a gentle way Sarah Liu leads the reader on a walk through events from her childhood in China and shows the handprint of God on these vignettes of her life As she reflects on what God accomplished through joys crises disappointments and ordinary family life she invites readers to reflect on their own life experiences to detect the hand of God Her conviction that God selects and covers with grace regardless of man s perceptions runs throughout her stories and provides encouragement and inspiring faith and trust This book provides encouragement for anyone praying for a loved one to come to God but also provides rich inspiration for those with pressing questions about the meaning and purpose of life s crises and disappointments Parents pastors ministers teachers and leaders would be inspired by this devotional written from a genuine passion to explore God s present action in life s daily events      **An American**

**Planter** Martha Jane Brazy,2006-12-01 Extraordinarily wealthy and influential Stephen Duncan 1787 1867 was a landowner slaveholder and financier with a remarkable array of social economic and political contacts in pre Civil War America In this the first biography of Duncan Martha Jane Brazy offers a compelling new portrait of antebellum life through exploration of Duncan s multifaceted personal networks in both the South and the North Duncan grew up in an elite Pennsylvania family with strong business ties in Philadelphia There was little indication though that he would become a cosmopolitan entrepreneur who would own over fifteen plantations in Mississippi and Louisiana collectively owning more than two thousand slaves With style and substance Martha Jane Brazy describes both the development of Duncan s businesses and the lives of the slaves on whose labor his empire was constructed According to Brazy Duncan was a hybrid not fully a southerner or a northerner He was also Brazy shows a paradox Although he put down deep roots in Natchez his sphere of influence was

national in scope Although his wealth was greatly dependent on the slaves he owned he predicted a clash over the issue of slave ownership nearly three decades before the onset of the Civil War Perhaps more than any other planter studied Duncan contradicts historians definition of the southern slaveholding aristocracy By connecting and contrasting the networks of this elite planter and those he enslaved Brazy provides new insights into the slaveocracy of antebellum America     *The Mayflower Descendant* ,1914
