George's War and with little help from the proprietor of Pennsylvania the Penn family Franklin sought assistance in London to force Thomas Penn's hand. However at every turn he found no encouragement leading Franklin to develop a secret plan to free Pennsylvania and ultimately all thirteen colonies. Launching this secret plan required politically motivating all the colonies each with vastly different individual interests. Ultimately it was two very different historical events that provided the motivation and the eventual success of Franklin's plan. Meticulously detailed and with supporting notes Somersett tells the real story behind the origins of the Revolutionary War and explains how several well known but random events during the war culminated in the creation of the United States of America.

**The Culinarians** David S. Shields, 2017-10-26 A first ever history of the nation's foundational culinarians: the chefs, caterers and restaurateurs who made cooking an art. Marcie Cohen Ferris, author of *The Edible South*. In this encyclopedic history of the rise of professional cooking in America, the 175 biographies include the legendary Julien, founder in 1793 of America's first restaurant, Boston's Restorator, and Louis Diat and Oscar of the Waldorf, the men most responsible for keeping the ideal of fine dining alive between the World Wars. Though many of the gastronomic pioneers gathered here are less well known, their diverse influence on American dining should not be overlooked, plus their stories are truly entertaining. We meet an African American oyster dealer who became the

Congressional caterer and thus a powerful broker of political patronage a French chef who was a culinary savant of vegetables and drove the rise of California cuisine in the 1870s and a rotund Philadelphia confectioner who prevailed in a culinary contest with a rival in New York by staging what many believed to be the greatest American meal of the nineteenth century He later grew wealthy selling ice cream to the masses Shields also introduces us to a French chef who brought haute cuisine to wealthy prospectors and a black restaurateur who hosted a reconciliation dinner for black and white citizens at the close of the Civil War in Charleston Altogether The Culinarians is a delightful compendium of charcuterie makers pastry pipers caterers railroad chefs and cooking school matrons not to mention drunks temperance converts and gangsters who all had a hand in creating the first age of American fine dining and its legacy of conviviality and innovation that continues today
