Tenga,2017-06-29 From Victor Halperin's White Zombie 1932 to George A Romero's landmark Night of the Living Dead 1968 and AMC's hugely successful The Walking Dead 2010 zombie mythology has become an integral part of popular culture In a reversal of the typical pattern of adaptation the zombie developed onscreen before appearing in short stories and comic books during the 20th century and more recently as subjects of more traditional novels This collection of new essays examines some of the most influential and inventive zombie literature from the early stories to the most recent narratives including some told from a zombie perspective Journal of Special Operations Medicine ,2007 *Up To Speed A Preppers Guide* Galen Fries,2024-05-17 No scare tactics here We all know bad things can happen and don't need to be scared into wanting to protect our loved ones Up to Speed A Prepper's Guide is just a discussion about what steps and in what order to take them in order to be ready for disasters manmade or otherwise It's good information with some humor thrown in for flavor The book has been carefully broken up into levels of importance It begins by addressing a survival mindset It then goes on to discuss ways we can set ourselves up for success when it comes to reuniting with loved ones having a home to come home to and finally what we should consider as we step out of our homes in order to keep our families safe Up to Speed tries to take the daunting task of protecting what is truly important to us and break it down into small manageable pieces This is not a survivalist book This is just a discussion and shouldn't be considered the end all in preppers manuals In it you will find references to many other books that will supplement your preparedness library **Surviving the Apocalypse** N. E. MacDougald,2019-10-29 The Apocalypse could arrive at any moment but with Surviving the Apocalypse you'll be well prepared and well trained enough to survive any disaster even the end of the world as we know it Being prepared for what's out there is important you have to know what to do when everything falls apart Knowing how to survive the end of the world as we know it will prepare you for anything and everything that could possibly go wrong From packing the proper survival kit to surviving on the battlefield being physically fit and coping in the event of a socio economic collapse Soldier of Fortune magazine along with N E MacDougald will make sure that you're never caught off guard in any situation from natural and economic disasters to pandemics and civil unrest even nuclear war The purpose of this book is to provide the reader with real world practical information that will help them to not only survive but thrive during a period that is likely not just another downturn in the economic cycle but according to many experts instead the beginning of a long downward slide and possibly the very peak in our 10 000 year experiment of civilization While you may not plan on being in a war zone you never know what will happen so the best thing to always do is be prepared Whether it's learning how to barter and haggle how to get the proper camouflage or how to choose the right weapon for any situation MacDougald and Surviving the Apocalypse will give you the training and knowledge that goes into surviving any and every dangerous situation imaginable **Basic Survival** David Nash,2017-11-07 Many people are beginning to become concerned by increasing natural disasters global conflict and political unrest and the smart ones want to do something about it Unfortunately increased awareness about disaster

Now that's what I call a history of the 1980s Lucy Robinson, 2023-07-18 Now that's what I call a history of the 1980s tells the story of eighties Britain through its popular culture Charting era defining moments from Lady Diana's legs and the miners strike to Glastonbury's Pyramid Stage and Adam and the Ants Lucy Robinson weaves together an alternative history to the one we think we know This is not a history of big geopolitical disasters or a nostalgic romp through discos shoulder pads and yuppie culture Instead the book explores a mashing together of different genres and fan bases in order to make sense of our recent past and give new insights into the decade that defined both globalisation and excess Packed with archival and cultural research but written with verve and spark the book offers as much to general readers as to scholars of this period presenting a distinctive and definitive contemporary history of 1980s Britain from pop to politics to cold war cultures censorship and sexuality
