Sasha An Historical Novel:

Sasha Lorin C. Saunders, 2005 *Sasha* is a deep love story and a great tragedy It is an historical novel that takes place in the early stages of Communist totalitarian rule in Russia mostly between 1917 and 1933 The story centers around the life of a modestly successful peasant farming family and how they lived through those tragic times It speaks of a time when the Bolsheviks watered the land with the blood and tears of their countrymen and women It was a time when it is said that The lakes filled and the rivers ran from the tears of the people *Sasha* is a story that could be told of millions of people who lived out their lives during the Bolsheviks reign of terror The reader will experience the importance of faith in the lives of people and what happens when an unrestrained godless tyranny rules a country The story clearly portrays the tragedy of restricting the innate propensity in humanity for achievement and reward and how denying this vestige of purpose is one of the greatest travesties against the dignity of men and women that a nation can inflict upon its citizens *Sasha* is also about the importance of friendships It is a story of a period in history that a Russian historian who lived through and participated in those tragic years has said It is a sin to forget this a great sin *Sasha* remembers this period in a way the reader will never forget It speaks a warning to the West and to our own lives if we do not learn from the lessons of history *Sasha* Lorin C.
