Jacobs, Jeremy S. Hyman, Jeffrey Durso-Finley, Jonah T. Hyman, 2015-10-23 Two award winning professors, a former admissions officer at a major university, now a counselor at a prestigious high school, and a gifted high school senior, now in the throes of the college admissions process, himself team up to offer you over 600 tips, techniques, and strategies to help you get in to the college of your choice. Comprehensive yet easy to read, this book will teach you how to size up the colleges you're considering and come up with a coherent list. What are college nights, college fairs, and college rep visits, and how you can use each to your advantage? What are holistic, contextualized, and legacy admissions, and how each can work for you? How do some schools count demonstrated interest, and how you can take advantage of this little known fact? What are Early Decision, Early Action, and Single Choice Early Action, and whether any is right for you? How to figure out the true costs of college, and what is the difference between need and merit based aid? What it means when colleges say they meet 100% of demonstrated financial aid, and what loan free means. When and how to make campus visits, and what to do on each. How to prepare for each section of the ACT or SAT, and how to increase your scores. What admissions officers are looking for in your application, and how to give it to them. How to write the all important Common App essay, and present your extra curricular activities. How to prepare for an alumni interview, and present yourself in the best light. Whom to ask for letters of recommendation, and how to help them write the best possible letter. How to compare your final offers, and in some cases, substantially improve them. When it's good to wait out the wait list, and when not, and much, much more. When you understand the college admissions process, you can maximize your chance of success. Why not put yourself ahead of the pack? 1600 Perfect Score Tom Fischgrund, 2009-10-13 Drawing on the first study of 1600 scorers conducted with the full cooperation of the College Board, here are the 7 secrets to success on the SAT and in life. Every year, roughly 2-3 million high school students take the SAT, of those, however, only 650 students, on average, achieve a perfect score of 1600. In a new landmark study, educator and executive recruiter Tom Fischgrund became the first researcher ever granted comprehensive access to these high academic achievers by the College Board, the body that administers the SAT. Weaving together in depth interviews with perfect score students, insights from their parents, and

exclusive College Board data in 1600 Perfect Score he reveals the 7 secrets that separate the cream from the crop Among the Revelations Attending small private schools or any school with classes doesn't always make a big difference but having strong family support does Paying for expensive classes or tutors doesn't always make a big difference but taking lots of practice tests at home does Having a strongly motivating teacher doesn't always make a big difference but having an independent passion for learning definitely does Packed with intriguing case studies and practical advice and tips from the 1600 scorers themselves this essential book brings hard data and a new more human perspective to one of the greatest challenges parents everywhere face how to make sure their children have the best chance to thrive in high school college and beyond *What's the Secret?* John R.
