his Odes in recent decades the Satires have been rendered into prose or bland verse Horace continues to influence modern lyric poetry and our greatest poets continue to translate and marvel at his command of formal style his economy of expression his variety and his mature humanism Horace's comic genius has also had a profound influence on the Western literary tradition through such authors as Swift Pope and Boileau but interest in the Satires has dwindled due to the difficulty of capturing Horace's wit and formality with the techniques of contemporary free verse A M Juster's striking new translation relies on the tools and spirit of the English light verse tradition while taking care to render the original text as accurately as possible
