OR,

## MONTHLY METEOR.

JANUARY 1, 1811.

### THE REGENCY.

IN our last number we expressed our honest sentiments upon this most distressful and embarrassing subject, and we cannot but feel highly flattered by the impression which our remarks made on the public mind. The question has since been debated in both houses of parliament, and most of the arguments which we used have been there enforced with such ability that all the subtlety and sophistry of the opposition *speculators* proved of no avail. There are some individuals whose hearts so delight in mischief, that we verily believe they would not hesitate to commit any act, however base, if they hoped thereby to excite national discontent and disaffection. We have read certain questions propounded, on a late occasion, with the strongest emotions of disgust, but have too high a respect for the *collective* body in whose name they are published to say more. Were we requested to point out the individual who proposed them, their indelicacy and malignity would enable us to say, without fear of contradiction,

*"Thou art the man!"*
