Saturday Night At The Greyhound:

Saturday Night at the Greyhound John Hampson,1935 *Saturday Night at the Greyhound. [A Novel.]*. John Hampson,1950 **A Companion to Virginia Woolf** Jessica Berman,2016-01-08 A Companion to Virginia Woolf is a thorough examination of her life work and multiple contexts in 33 essays written by leading scholars in the field Contains insightful and provocative new scholarship and sketches out new directions for future research Approaches Woolf s writing from a variety of perspectives and disciplines including modernism post colonialism queer theory animal studies digital humanities and the law Explores the multiple trajectories Woolf s work travels around the world from the Bloomsbury Group and the Hogarth Press to India and Latin America Situates Woolf studies at the vanguard of contemporary literature scholarship and the new modernist studies Woolfian Boundaries Anna Burrells,Steve Ellis,2023-12-15 Woolfian Boundaries explores Woolf s work from perspectives beyond the boundary of her own positions and attitudes taking her coolness toward the provinces and prejudice against the regional novel Letters 6 381 as the starting point for considering her writing in the light of its own limits self declared and otherwise Chapter topics range from Woolf s connections with the Birmingham School of novelists in the 1930s to her interests in environmentalism portraiture photography and the media and her endlessly fascinating relationship with the writings of her contemporaries and predecessors The Birmingham Group Robin Harriott,2022-10-14 The focus of this study is the collective of writers known variously as the Birmingham Group the Birmingham School or the Birmingham Proletarian Writers who were active in the City of Birmingham in the decade prior to the Second World War Their narratives chronicle the lived experience of their fellow citizens in the urban manufacturing centre which had by this time become Britain s second city Presumed guilty by association with a working class literature considered overtly propagandistic formally conservative or merely the naive emulation of bourgeois realism their narratives have in consequence suffered undue critical neglect This book repudiates such assertions by arguing that their works not only contrast markedly with other examples of working class writing produced in the 1930s but also prove themselves responsive to recent critical assessments seeking a more holistic and intersectional approach to issues of working class identity *The Cultural Lives of Greyhounds* John Stokes,2025-02-07 This book aims to enhance our intellectual understanding of the relationship between human beings and domestic animals with a focus on a specific breed of dog the greyhound It combines literary criticism cultural history and the rapidly expanding field of human animal studies by tracing the creative representation of the greyhound from the earliest references in classical myth to multiple appearances in contemporary literature performance and the fine arts Each representation whether of hunter or racer of pet or predator is treated not simply as a stage in some inevitable humanitarian progression but as part of a series of co evolutionary exchanges between humans and their canine collaborators that together constitute a shared experience Writers who have been fascinated by greyhounds range from Shakespeare to Dryden from William Wordsworth to George Meredith from

Marcel Proust to Colette from William Butler Yeats to Ted Hughes and beyond The haunting image of the breed has inspired artists such as D rer Hogarth and Giacometti
