Saturday Evening Post Movie:

The Saturday Evening Post, 1928 *Petrocinema* Marina Dahlquist, Patrick Vonderau, 2021-01-28 Petrocinema presents a collection of essays concerning the close relationship between the oil industry and modern media especially film Since the early 1920s oil extracting companies such as Standard Oil Royal Dutch Shell ConocoPhillips or Statoil have been producing and circulating moving images for various purposes including research and training safety process observation or promotion Such industrial and sponsored films include documentaries educationals and commercials that formed part of a larger cultural project to transform the image of oil exploitation creating media interfaces that would allow corporations to coordinate their goals with broader cultural and societal concerns Falling outside of the domain of conventional cinema such films firmly belong to an emerging canon of sponsored and educational film and media that has developed over the past decade Contributing to this burgeoning field of sponsored and educational film scholarship chapters in this book bear on the intersecting cultural histories of oil extraction and media history by looking closely at moving image imaginaries of the oil industry from the earliest origins or spills in the 20th century to today's post industrial petromelancholia *Media Records*, 1929 **Atkinson's Evening Post, and Philadelphia Saturday News**, 1929 *F. Scott Fitzgerald on Silent Film* Martina Mastandrea, 2022-08-15 F Scott Fitzgerald on Silent Film recalibrates the celebrated author's early career and brings fresh understanding to the life of one of America's truly great literary figures Scholars have previously focused on Fitzgerald's connection with Hollywood when he worked in Tinseltown as a screenwriter in the 1930s However this groundbreaking research reveals the key role that Silent Hollywood played in establishing Fitzgerald's burgeoning reputation in the early to mid 1920s Vividly written and drawing on a wealth of new sources this book documents Martina Mastandrea's exciting discovery of the first film ever adapted from a work by Fitzgerald **Film** Nick Deocampo, 2017-11-09 This book is a sequel to *Cine Spanish Influences on Early Cinema in the Philippines* and part of Nick Deocampo's extensive research on Philippine cinema Tracing the beginnings of motion pictures from its Spanish roots this book advances Deocampo's scholarly study of cinema's evolution in the hands of Americans **The Talkies** Donald Crafton, 1999-11-22 This text offers readers a look at the time when sound was a vexing challenge for filmmakers and the source of contentious debate for audiences and critics The author presents a view of the talkies reception amongst other issues *Reel Time* Robert Morris Seiler, Tamara Palmer Seiler, 2013 In this authoritative work Seiler and Seiler argue that the establishment and development of moviegoing and movie exhibition in Prairie Canada is best understood in the context of changing late nineteenth century and early twentieth century social economic and technological developments From the first entrepreneurs who attempted to lure customers into movie exhibition halls to the digital revolution and its impact on moviegoing *Reel Time* highlights the pivotal role of amusement venues in shaping the leisure activities of working and middle class people across North America As marketing efforts the lavish interiors of the movie palace and the romantic view of the local movie theatre concealed a

competitive environment in which producers exhibitors and distributors tried to monopolize the industry and drive their rivals out of business. The pitched battles and power struggles between national movie theatre chains took place at the same time that movie exhibitors launched campaigns to reassure moviegoers that theatres were no longer the unclean and immoral places of amusement of yesteryear. Under the leadership of impresarios the movie theatre rose up from these attacks to become an important social and cultural centre one deemed suitable for women and children. An innovative examination of moviegoing as a social practice and movie exhibition as a commercial enterprise *Reel Time* depicts how the industry shaped the development of the Canadian Prairie West and propelled the region into the modern era.

Sure Seaters Barbara Wilinsky, 2001-01-01 By the end of the Second World War a growing segment of the American filmgoing public was wearying of mainstream Hollywood films and began to seek out something different. In major cities and college towns across the country art film theaters provided a venue for alternatives to the films playing in main street movie palaces. British foreign language and independent American films as well as documentaries and revivals of Hollywood classics. A skeptical film industry dubbed such cinemas sure seaters convinced that patrons would have no trouble finding seats there. However with the success of art films like Rossellini's *Open City* and Mackendrick's *Tight Little Island* the meaning of the term sure seater changed and by the end of the 1940s reflected the frequency with which art house cinemas filled all their seats. Wilinsky examines the development of the theaters that introduced such challenging personal and artistic films as *The Bicycle Thief* and *The Red Shoes* to American audiences and offers a more complete understanding of postwar popular culture and the often complicated relationship between art cinema and the commercial film industry that ultimately shaped both and resulted in today's vibrant film culture from back cover.

Exhibitors Daily Review, 1926 **Sales Management**, 1928 **Black Stereotypes in Popular Series Fiction, 1851-1955** Bernard A. Drew, 2015-04-28 Even well meaning fiction writers of the late Jim Crow era 1900-1955 perpetuated racial stereotypes in their depiction of black characters. From 1918 to 1952 Octavus Roy Cohen turned out a remarkable 360 short stories featuring Florian Slappey and the schemers romancers and ditzes of Birmingham's Darktown for *The Saturday Evening Post* and other publications. Cohen said I received a great deal of mail from Negroes and I have never found any resentment from a one of them. The black readership had to be satisfied with any black presence in the popular literature of the day. The best known white writers of black characters included Booth Tarkington, Herman and Verman in the Penrod books, Irvin S. Cobb, Judge Priest's houseman, Jeff Poinindexter, Roark Bradford, Widow Duck, the plantation matriarch, Hugh Wiley Wildcat, Marsden the war veteran who traveled the country in the company of his goat, and Charles Correll and Freeman Gosden's radio's Amos n Andy. These writers deservedly declined in the civil rights era but left a curious legacy that deserves examination. This book focusing on authors of series fiction and particularly of humorous stories profiles 29 writers and their black characters in detail with brief entries covering 72 others.

The Beatles and Film Stephen Glynn, 2020-11-29 This concise yet comprehensive study explores the emblematic journey by four young men from Liverpool from the epicentre of teen led youth culture to the experimentation of the counterculture and beyond Beginning with the celebration of Britain's own youthquake in the joyous and genre shifting *A Hard Day's Night* 1964 the author delves into how the Beatles film work allows us to chart their subsequent musical maturation and retreat from the tribulations of stardom in *Help!* their tentative attempts at improvised filming in the televised *Magical Mystery Tour* 1967 their acceptance of cartoon representations as leaders of the hippie counterculture in *Yellow Submarine* 1968 and the final implosion of their musical dynamic in the recording studios of *Let It Be* 1970 The book analyses how as they grew with their fanbase the Beatles films alternate stylistically between mimetic representation and allegorical interpretation and switch narratively between fan filled and welcoming worlds to films relaying introspection and isolation Offering an in depth case study of the successes and failures of British youth culture in a volatile decade *The Beatles and Film* is an engaging text for both scholars and general readers alike
