Robert Looney

Saudi Yemeni Relations Domestic Structures And Foreign Influences:

Saudi-Yemeni Relations F. Gregory Gause,1990 *Handbook of US-Middle East Relations* Robert Looney,2014-05-22

Divided into three sections the Handbook of US Middle East Relations provides a thorough and up to date overview of contemporary US Middle East relations in historical perspective With chapters contributed by leading experts in the field this Handbook will be of use to academics students and researchers in international relations policy analysts media professionals and government officials Part I Factors Affecting US Relations contains essays including Globalization Energy Security Wars and Revolution Peace Processes US Foreign Aid Policy to the Middle East and US Relations with Islamic Groups in the Middle East Part II Perceptions of US Relations contains essays on how US policies are viewed including The View from the Arab Street The View from Palestine The View from Pakistan and The View from Kurdistan Part III US Relations at the Country Level comprise essays detailing relations between the USA and countries and areas in the Middle East and North Africa including Saudi Arabia Egypt Israel Tunisia Lebanon Iran Iraq Libya Algeria and Bahrain A comprehensive index completes the volume **Saudi Arabia and Yemen** Britannica Educational Publishing,2010-10-01 While they share a border and a rich heritage Saudi Arabia and Yemen are also a study in contrasts Where Saudi Arabia has a largely urban population that enjoys the benefits of its thriving economy Yemen is home to predominantly rural citizens and is one of the poorest countries in the world Within these pages readers will encounter the long intertwined histories of these two nations as well as their individual struggles for prosperity and peace with each other and the rest of the world *Tribes and Politics in Yemen* Marieke Brandt,2024-05 This is the first rigorous history of the long running Houthi rebellion and its impact on Yemen now the victim of multi national interventions as outside powers seek to determine the course of its ongoing civil war

American Alliance Policy in the Middle East, 1945-1992 John P. Miglietta,2002-01-01 American Alliance Policy in the Middle East provides a stimulating new look at a U S Cold War foreign policy gripped by anticommunist paranoia Through case studies of America s relationships with Iran Israel and Saudi Arabia John P Miglietta reveals how an overriding fear of global communism led to the overcommitment of U S security resources to the region The perceived need to preserve Middle East stability rendered U S policy ineffectual and unresponsive to changing local conditions drastically altering the patron client paradigm to the detriment of American strategic interests This superb analysis of American foreign policymaking illustrates how Cold War anticommunist ideology prevented the evolution of traditional military alliances into broader based relationships and perpetuated authoritarian regimes that mired the Middle East in a cycle of poverty and despotism Preserving the Saudi Monarchy Samuel E. Willner,2023-06-19 This book provides a new perspective on the study of the Kingdom of Saudi Arabia and its monarchy its political leadership and decisions Moreover it analyzes how that decision making evolved before during and after the Arab Israeli War of 1973 and the subsequent Arab oil embargo that followed the run up to and aftermath of the 1975 murder of King Faysal discussions over the oil weapon and Saudi responses

to the Carter presidency in the United States Through the prism of tribal decision making this book sheds new light on a number of important political events which have shaped the political leadership in Saudi Arabia and explores the behind the scenes workings of the Saudi royal family Legal and Political Reforms in Saudi Arabia Joseph A. Kechichian,2013 The fractious relationship between the United States and Saudi Arabia has long been a central concern in Washington In the aftermath of 9 11 and amongst ongoing wars the United States confronts an acute dilemma how to cooperate with Riyadh against terrorism whilst confronting acute anti Americanism Using information gathered from extensive interviews with a plethora of officials this book aims to analyze Saudi domestic reforms It addresses the significant deficiency of information on such diverse matters as the judiciary and ongoing national dialogues but also provides an alternative understanding of what motivates Saudi policy makers How these reforms may impact on future Saudi decision making will surely generate a slew of policy concerns for the United States and this study offers a few clarifications and solutions This book will be of interest to anyone seeking a new perspective on the motivation behind legal and political reforms in Saudi Arabia and the effects of these reforms beyond the Middle East **Yemen** Steven C. Caton,2013-04-09 Yemen is a country that is critical to U S security and our political interests yet most Americans know virtually nothing about it This book unlocks its secrets and explains its complexities in simple yet compelling language A nation with a rich civilization that has spanned 3 000 years Yemen is the only democratic republic in the Arabian Peninsula While events in modern day Yemen are often in international news most Americans know nothing about this country nor are there easy to read up to date resources for lay audiences This book fills the gap in the literature It describes Yemen s geography economy politics and government history culture society and contemporary events presenting a comprehensive but accessible overview of the country from many different angles coverage that is long overdue Editor Steven C Caton has taken care to create a resource that is readily comprehensible to non specialists such as high school and college students and general readers as well as highly informative for those with previous knowledge about Yemen His thorough treatment provides synthetic overviews of key topics discusses and dismisses certain misconceptions about Yemen offers surprising perspectives on the relatively unknown country and underscores Yemen s importance to the region and the wider world both in ancient times and today **Religious Appeals in Power**

Politics Peter S. Henne,2023-10-15 Religious Appeals in Power Politics examines how states use or attempt to use confessional appeals to religious belief and conscience to advance political strategies and objectives Through case studies of the United States Saudi Arabia and Russia Peter S Henne demonstrates that religion although not as high profile or well funded a tool as economic sanctions or threats of military force remains a potent weapon in international relations Public policy analysis often minimizes the role of religion favoring military or economic matters as the important arenas of policy debate As Henne shows however at transformative moments in political history states turn to faith based appeals to integrate or fragment international coalitions Henne highlights Saudi Arabia s 1960s rivalry with Egypt the United States s post 9 11

leadership in the global war on terrorism and the Russian Federation's contemporary expansionism both to reveal the presence and power of calls for religious unity and to emphasize the uncertainty and anxiety such appeals can create. Religious Appeals in Power Politics offers a bold corrective to those who consider religion as tangential to military or economic might.

The International Politics of the Persian Gulf Mehran Kamrava, 2011-06-29 For much of the contemporary history of the Middle East the Persian Gulf has stood at the center of the region's strategic significance. At the same time the Gulf has been wracked by political instability and tension. As far back as the late nineteenth and early twentieth centuries Britain zeroed in on the Persian Gulf as a critical passageway to its crown jewel India and entered into protectorate agreements with local ruling families thus bestowing on them international legitimacy and eventually the resources and support necessary to ascend to kingships. Today the region is undergoing profound changes that range from rapid economic and infrastructural development to tumultuous social and cultural transformations. Far from eroding the area's political significance these changes have only accentuated rivalries and tensions and have brought to the forefront new challenges to international security and stability. Together the essays in this volume present a comprehensive detailed and accessible account of the international politics of the region. Focusing on the key factors that give the Persian Gulf its strategic significance contributors look at the influence of vast deposits of oil and natural gas on international politics the impact of the competing centers of power of Iran and Saudi Arabia the nature of relationships among countries within the Persian Gulf and the evolving interaction between Islam and politics. Throughout the collection issues of internal and international security are shown to be central. Drawing on the comprehensive knowledge and experience of experts in the region *The International Politics of the Persian Gulf* shines a bright light on this area offering insights and thoughtful analyses on the critical importance of this troubled region to global politics.

An Introduction to the Modern Middle East David S. Sorenson, 2018-05-04 Combining elements of comparative politics with a country by country analysis author David S. Sorenson provides a complete and accessible introduction to the modern Middle East. With an emphasis on the politics of the region the text also dedicates chapters specifically to the history religions and economies of countries in the Persian Arabian Gulf the Eastern Mediterranean and North Africa. In each country chapter a brief political history is followed by discussions of democratization religious politics women's issues civil society economic development privatization and foreign relations. In this updated and revised second edition *An Introduction to the Modern Middle East* includes new material on the Arab Spring the changes in Turkish politics the Iranian nuclear issues and the latest efforts to resolve the Israeli Palestinian dilemma. Introductory chapters provide an important thematic overview for each of the book's individual country chapters and short vignettes throughout the book offer readers a chance for personal reflection.

Yemen Divided Noel Brehony, 2011-03-24 South Yemen has come to be seen as a potential Al Qaeda stronghold and at the heart of a separatist movement threatening to rip apart southern Arabia. How has this country of forbidding mountains and arid deserts

gone from British colony to communist state and then to terrorist base in just half a century In *Yemen Divided* author and Middle East expert Noel Brehony tells for the first time comprehensive history of the People's Democratic Republic of Yemen (PDRY) He explains the power politics that came to form a communist republic a few hundred miles from the holiest site in Islam and the process and conflicts that led to Yemeni unification in 1990 The impact of PDRY is still felt today as unrest continues to escalate across the south Yemen *Divided* is an important book for anyone wanting to understand why Yemen sensitive neighbour of Saudi Arabia and strategically vital to Middle East security has veered towards massive instability

Nasser's Gamble Jesse Ferris, 2013 *Nasser's Gamble* draws on declassified documents from six countries and original material in Arabic German Hebrew and Russian to present a new understanding of Egypt's disastrous five year intervention in Yemen which Egyptian president Gamal Abdel Nasser later referred to as my Vietnam Jesse Ferris argues that Nasser's attempt to export the Egyptian revolution to Yemen played a decisive role in destabilizing Egypt's relations with the Cold War powers tarnishing its image in the Arab world ruining its economy and driving its rulers to instigate the fatal series of missteps that led to war with Israel in 1967 Viewing the Six Day War as an unintended consequence of the Saudi Egyptian struggle over Yemen Ferris demonstrates that the most important Cold War conflict in the Middle East was not the clash between Israel and its neighbors It was the inter Arab struggle between monarchies and republics over power and legitimacy Egypt's defeat in the Arab Cold War set the stage for the rise of Saudi Arabia and political Islam Bold and provocative *Nasser's Gamble* brings to life a critical phase in the modern history of the Middle East Its compelling analysis of Egypt's fall from power in the 1960s offers new insights into the decline of Arab nationalism exposing the deep historical roots of the Arab Spring of 2011

Routledge Handbook of Middle East Politics Larbi Sadiki, 2020-03-31 Drawing on various perspectives and analysis the Handbook problematizes Middle East politics through an interdisciplinary prism seeking a melioristic account of the field Thematically organized the chapters address political social and historical questions by showcasing both theoretical and empirical insights all of which are represented in a style that ease readers into sophisticated induction in the Middle East It positions the didactic at the centre of inquiry Contributions by forty four scholars both veterans and newcomers rethink knowledge frames conceptual categories and fieldwork praxis Substantive themes include secularity and religion gender democracy authoritarianism and new borderline politics of the Middle East Like any field of knowledge the Middle East is constituted by texts authors and readers but also by the cultural spatial and temporal contexts within which diverse intellectual inflections help construct write speak academic meaning knowing and practice By denaturalizing notions of singularity of authorship or scholarship the Handbook plants a dialogic interplay animated by multi vocality multi modality and multi disciplinarity Targeting graduate students and young scholars of political and social sciences the Handbook is significant for understanding how the Middle East is written and re written read and re read epistemology methodology and for how it comes to exist ontology

A History of Modern Yemen Paul Dresch, 2000-12-07 An

accessible and fast moving account of twentieth century Yemeni history **Chaos in Yemen** Isa Blumi,2010-09-13 This book examines the reasons behind the current political and social chaos in Yemen Comparing recent history with current events it provides essential historical background to understanding the situation as in large part an expression of authoritarian rule The Government and Politics of the Middle East and North Africa Mark Gasiorowski,2016-08-02 A comprehensive country by country examination of the history domestic politics and foreign policies of the Middle East and North Africa *From Alliance to Union* Joseph A. Kéchichian,2016-05-24 After the conservative Arab Gulf Monarchies Bahrain Kuwait Oman Qatar Saudi Arabia and the United Arab Emirates UAE joined forces on 25 May 1981 within the Gulf Co operation Council GCC few fathomed that security requirements on and around the Arabian Peninsula would be so precarious and for so long To answer their search for permanent stability Arab Gulf rulers erected a regional alliance that sought to integrate internal and regional defences as well as strengthen their existing socio economic ties Several of the monarchies even hoped that co ordination on foreign policy issues over which near unanimity existed could eventually lead to a full fledged union as envisaged in the organisation s founding charter Between 1981 and 2015 these Arab Gulf monarchies experienced major socio political transformations resulting from upheavals throughout the Arab and Muslim worlds The perceived necessity to bring about a full fledged union has come into conflict with entrenched viewpoints from regimes that value traditional military political roles and norms In this new study Joseph A Kechichian provides an evaluation of GCC States military institutions to better evaluate whether a stable alliance is capable of enduring over the next few decades and how civilian leaders perceive the role and influence of their military officers for the task Kechichian raises fundamental questions over internal regional and international threats including an existential challenge emanating from the Islamic revolutionary government of Iran and assesses how GCC professionals may be preparing to tackle them He further elucidates on the best methods to meet security challenges not only to secure political survival but also to determine whether conservative Arab Gulf regimes can flourish outside an effective alliance The volume concludes with an examination of evolving civil military relations in the GCC States **The Middle East** Ellen Lust,2019-08-06 Written by a group of well known experts and researchers who have diligently worked and updated the book since its first edition to include the most important features of State Polity and Governance in Middle East and North Africa This book is equally useful for instructors and students Jalil Roshandel East Carolina University In the more succinct Fifteenth Edition of The Middle East editor Ellen Lust brings important new coverage to this comprehensive balanced and superbly researched text In clear prose Lust and her contributors explain the many complex changes taking place across the region All country profile chapters now address domestic and regional conflict more explicitly and all tables figures boxes and maps have been fully updated with the most recent data and information This best selling text not only helps readers comprehend more fully the world around them but it also enables readers to recognize and formulate policies that can more successfully engage the Middle East Give your

students the SAGE edge SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning

Threats and Alliances in the Middle East May Darwich, 2019-09-26 Examines Saudi and Syrian policies during three pivotal wars to understand how identity and power influence state behaviour in the Middle East

Saudi Yemeni Relations Domestic Structures And Foreign Influences Introduction

In today's digital age, the availability of Saudi Yemeni Relations Domestic Structures And Foreign Influences books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Saudi Yemeni Relations Domestic Structures And Foreign Influences books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Saudi Yemeni Relations Domestic Structures And Foreign Influences books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Saudi Yemeni Relations Domestic Structures And Foreign Influences versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Saudi Yemeni Relations Domestic Structures And Foreign Influences books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Saudi Yemeni Relations Domestic Structures And Foreign Influences books and manuals, several platforms offer an extensive

collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Saudi Yemeni Relations Domestic Structures And Foreign Influences books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Saudi Yemeni Relations Domestic Structures And Foreign Influences books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Saudi Yemeni Relations Domestic Structures And Foreign Influences books and manuals for download and embark on your journey of knowledge?

FAQs About Saudi Yemeni Relations Domestic Structures And Foreign Influences Books

1. Where can I buy Saudi Yemeni Relations Domestic Structures And Foreign Influences books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
