Library,William Upcott,1840 **Holland News ...** Nederlandsche Anti-Oorlog Raad,1914 *For Peace in Europe* Marta Petricioli,Donatella Cherubini,2007 Le processus d

union européenne voit aujourd'hui un point d'arrêt sur le plan politique et institutionnel malgré les tapes décisives réalisées après la Seconde Guerre mondiale. Il reste en effet affronter des thèmes et des problèmes qui pendant l'entre-deux-guerres animèrent le débat entre les pionniers de l'europeanisme. Si l'époque leurs propositions restèrent sans suite ayant une issue destructrice pour la paix et l'Europe, cet héritage idéal si précieux a permis une continuité et de germer par la suite. Ce livre a pour but de présenter une série d'idées d'initiatives de programmes qui entre les deux guerres entendirent promouvoir le maintien d'un ordre international pacifié partant du véritable contexte européen. Il en ressort ainsi un humus significatif et transversal opposé aux tendances inexorablement prédominantes dans la politique et les institutions mais aussi dans la société civile. Ses animateurs œuvrèrent dans les organisations internationales, les partis, les mouvements, les associations de type non seulement politique de même que dans l'historiographie, la littérature, le théâtre, le cinéma, le sport, signalant les éléments en vue d'une renaissance de la cohabitation pacifique sur le plan européen et international. Despite the decisive steps forward made since the Second World War, the process of European unification has come to a standstill at a political and institutional level. Issues and problems which were already the subject of debate among the pioneers of Europeanism between the two wars have still to be addressed. Although at the time their proposal as a whole went unheeded with destructive consequences for peace and for Europe, this valuable legacy of ideals has nevertheless guaranteed a continuity and a subsequent blossoming. The purpose of this book is to examine a series of ideas, initiatives and programmes which between the two World Wars aimed to promote the maintenance of a pacified international order starting from the crucial European context. What emerges is a significant and transversal humus that countered the inexorably prevailing tendencies in politics and institutions and even in society. Its exponents operated in international organisations, in parties and in movements and associations not necessarily of a political stamp as well as in historiography, literature, theatre, cinema and sport, laying the foundations for a rebirth of peaceful co-existence at European and international level.
