K. Hume,2015-08-04 For fans of Game of Thrones Diana Gabaldon and Bernard Cornwell the legend of King Arthur lives on in the epic and dramatic new Twilight of the Celts series from the magnificent storyteller M K Hume In Book Two the Last Dragon captured by the Denes must fight to survive Crippled with hunger and weary to the point of collapse Gareth Minor enters the fortress of Arden to deliver the dire news that Lord Arthur the Last Dragon has been captured by barbarians and taken to the frozen north With Father Lorcan and Germanus by his side Gareth embarks on a quest to rescue his master Meanwhile in the Land of the Denes Arthur and his fellow prisoners enrage the Dene King when they are presented at court As they flee for their lives Stormbringer their captor turned protector leads them to safety But the northern shores are under threat of invasion and Stormbringer and Arthur unite in battle knowing few will survive Vietnam, Now David Lamb,2008-08-06 When he left war ravaged Vietnam some thirty years ago journalist David Lamb averred I didn t care if I ever saw the wretched country again But in 1997 he found himself living in Hanoi in charge of the Los Angeles Times s first peacetime bureau and in the midst of a country on the move as it progresses toward a free market economy and divorces itself from the restrictive isolationist policies established at the end of the war This was a new country in Vietnam Now David Lamb brings it and us forward from its dark distant past From the myriad personalities entwined in the dark distant history of the war to those focused toward the future Lamb reveals a rich and culturally diverse people as they share their memories of the country s past and their hopes for a peacetime future A portrait of a beautiful country and a remarkable determined people Vietnam Now is a personal journey that will change the way we think of Vietnam and perhaps the war as well **TV Guide** ,2001 **The Video Librarian** ,2000 *Patterns* ,1999 **In the Heart of the Sea** Nathaniel Philbrick,2001-05-01 From the author of Mayflower Valiant Ambition and In the Hurricane s Eye the riveting bestseller tells the story of the true events that inspired Melville s Moby

Dick Winner of the National Book Award Nathaniel Philbrick's book is a fantastic saga of survival and adventure steeped in the lore of whaling with deep resonance in American literature and history In 1820 the whaleship Essex was rammed and sunk by an angry sperm whale leaving the desperate crew to drift for more than ninety days in three tiny boats Nathaniel Philbrick uses little known documents and vivid details about the Nantucket whaling tradition to reveal the chilling facts of this infamous maritime disaster In the Heart of the Sea recently adapted into a major feature film starring Chris Hemsworth is a book for the ages *Experience*, 2009 **Shark Trouble** Peter Benchley, 2002-06-04 Drawing on more than three decades of experience writing about sharks and other marine animals the bestselling author of *Jaws* combines high adventure with practical information in a book that is at once a thriller and a valuable guide to being safe in on under and around the sea Shark attacks on human beings generate a tremendous amount of media coverage Benchley writes partly because they occur so rarely but mostly I think because people are and always have been simultaneously intrigued and terrified by sharks Sharks come from a wing of the dark castle where our nightmares live deep water beyond our sight and understanding and so they stimulate our fears and fantasies and imaginations Benchley describes the many types of sharks including the ones that pose a genuine threat to man what is and isn't known about shark behavior the odds against an attack and how to reduce them even further all reinforced with the lessons he has learned the mistakes he has made and the personal perils he has encountered while producing television documentaries bestselling novels and articles about the sea and its inhabitants He tells how to swim safely in the ocean how to read the tides and currents what behavior to avoid and how to survive when danger suddenly strikes He discusses how to tell children about sharks and the sea and how to develop in young and old alike a healthy respect for the ocean As Benchley says The ocean is the only alien and potentially hostile environment on the planet into which we tend to venture without thinking about the animals that live there how they behave how they support themselves and how they perceive us I know of no one who would set off into the jungles of Malaysia armed only with a bathing suit a tube of suntan cream and a book and yet that's precisely how we approach the oceans No longer Not after you've read *Shark Trouble* **A, B, Sea** Jack Lagan, 2014-05-09 A B Sea is an entertaining comprehensive guide to the language and lore of 21st century seafarers This playful mariner's glossary of nautical terms includes definitions for and cross references to everything from aft to zenith brass monkey to tuna tower This second edition includes many new entries some purely from the swashbuckler vernacular and others for serious sailors Packed with practical advice this is a dictionary with a difference many words are illustrated by passages from classic books of the sea others by the author's experiences aboard an American schooner with a European engine and two boxes of tools Sample entries from this informative and entertaining dictionary include Bermuda Triangle Given a choice between alien creatures and bad weather combined with inept seamanship and navigation you should vote for the latter every time The US Coast Guard certainly does carry away to when any part of the standing rigging or a spar breaks it is said to have carried away What you say is probably unprintable
