## **Saving Bernice Battered Women Welfare And Poverty:**

*Saving Bernice* Jody Raphael, 2015-05-01 Skillfully interweaving Bernice's own eloquent words about her harrowing abuse with descriptions of other women's similar experiences and a rich synthesis of statistical findings Jody Raphael demonstrates convincingly that domestic violence and dependence on public assistance are intricately linked In a work that is sure to stir controversy she challenges traditional views and stereotypes conservative and liberal about welfare recipients arguing that many poor women are neither lazy nor paralyzed by a culture of poverty but instead are trapped by their batterers Bernice's ordeals at the hands of her abusive partner brutal beatings violent rapes threats on her life stalking blocked access to birth control and sabotage of efforts to find a job resonate throughout the work The experiences she relates provide crucial insights into the welfare system and illuminate its failures successes and potential in helping women like her This disquieting yet inspiring book puts a human face on the heated public policy debate over welfare reform Above all it is Bernice's life story and through her voice the story of countless other battered women who are isolated in poverty and welfare by the power and control of their abusers Battered Black Women and Welfare Reform Dána-Ain Davis, 2012-02-01

This timely and compelling ethnography examines the impact of welfare reform on women seeking to escape domestic violence Dána-Ain Davis profiles twenty-two women thirteen of whom are Black living in a battered women's shelter in a small city in upstate New York She explores the contradictions between welfare reform's supposed success in moving women off of public assistance and toward economic self-sufficiency and the consequences welfare reform policy has presented for Black women fleeing domestic violence Focusing on the intersection of poverty violence and race she demonstrates the differential treatment that Black and White women face in their entanglements with the welfare bureaucracy by linking those entanglements to the larger political economy of a small city neoliberal social policies and racialized ideas about Black women as workers and mothers **Saving Bernice** Jody Raphael, 2000 Illustrates the dynamics of domestic violence through the experience of Bernice an African American woman who lived in a domestically violent situation for over ten years Examines how low income women seek nuclear families and form them early how getting off welfare and finding work is key to an abused woman's finding her identity and self-worth and how abusive partners sabotage these women's work efforts

Defending Battered Women on Trial Elizabeth A. Sheehy, 2013-12-15 In the landmark Lavalée decision of 1990 the Supreme Court of Canada ruled that evidence of battered woman syndrome was admissible in establishing self-defence for women accused of killing their abusive partners This book looks at the trials of eleven battered women ten of whom killed their partners in the fifteen years since Lavalée Drawing extensively on trial transcripts and a rich expanse of interdisciplinary sources the author looks at the evidence produced at trial and at how self-defence was argued By illuminating these cases this book uncovers the practical and legal dilemmas faced by battered women on trial for murder

**Violence and Nonviolence** Gregg Barak, 2003-02-24 Gregg Barak's *Violence and Nonviolence* is a thoughtful

comprehensive examination of violence in the United States Structurally and conceptually this book works Barak addresses violence in an interdisciplinary way addressing history psychology biology cultural studies and sociology Moreover Barak does an excellent job of discussing the intersection of race class and gender and those relationships with violence Heather Melton University of Utah Clearly the strength of this book is its comprehensive and reciprocal approach I found this to be an enjoyable and provocative book that treats the topic holistically and offers a vision for overcoming current patterns of violence I am convinced that this is an important work that will ultimately be well received by undergraduates graduate students violence specialists and general readers Mathew T Lee University of Akron I think that the strengths of this book are twofold Barak s approach disaggregates violence into interpersonal institutional and structural violence which is very important yet rarely done the latter part of the book explores the pathways to nonviolence an underrepresented area in the study of violence Charis Kubrin Sociology George Washington University I have devoted close to 20 years studying and teaching about violence and I must say that this is a comprehensive book I strongly believe that Barak has done an outstanding review of the extant literature and touches upon key issues of central concern to those of us who are social scientific experts on violence Walter Dekeseredy Ohio University Violence and Nonviolence Pathways to Understanding is the first book to provide an integrative systematic approach to the study of violence and nonviolence in one volume Eminent scholar and award winning author Gregg Barak examines virtually all forms of violence from verbal abuse to genocide and treats all of these expressions of violence as interpersonal institutional and structural occurrences In the context of recovery and nonviolence Barak addresses peace and conflict studies legal rights social justice and various nonviolent movements Employing an interdisciplinary framework Barak emphasizes the importance of culture media sexuality gender and social structure in developing a comprehensive theory of these two separate but inseparable phenomena This innovative and accessible volume includes Figures tables and illustrations that reinforce important concepts and relationships Introduces a new original theory of reciprocal violence and nonviolence Numerous case studies on violence and recovery throughout the book Chapter summaries and review questions to aid student comprehension Models of nonviolence such as mutuality altruistic humanism positive peacemaking and resiliency Designed to be a core text for graduate and undergraduate courses on violence in criminology sociology criminal justice and social work departments Violence and Nonviolence is also an outstanding supplementary text for violence against women and criminal behavior courses This book will transform the way students and readers think about violence nonviolence and the reciprocal relationship between the two **Welfare**

**Transformed** Robert Cherry, 2007-08-22 In the ten years after President Clinton made good on his promise to end welfare as we know it by signing the reform act of 1996 the number of families on welfare dropped by over three million This hotly contested legislation has fueled countless hyperbolic arguments from both sides of the political spectrum rather than a clearheaded examination of the actual results of the reform Robert Cherry steps into the fray with a story that differs sharply

from both conservative and liberal critiques He portrays the women who left welfare as success stories rather than victims and stresses the many positive lessons of the policy initiatives that accompanied the reform without downplaying the problems it created The result is an eye opening look at the ground level repercussions of welfare policy changes developments that have been overshadowed by partisan politics for too long Anchored by solid economic research and policy background *Welfare Transformed* comes alive with revealing interviews of key members of the Clinton Administration directors and staff at welfare to work programs and community colleges and most importantly welfare leavers themselves Cherry carefully explains the factors racial social economic generational that spurred and shaped the reform and moves past partisan rhetoric in his review of its effects Instead he pays attention to concrete data and real people s experiences that combine to provide a full account of the legislation s aftermath Armed with this new view Cherry offers a range of strong suggestions for transforming successful welfare policies into universal family policies from strengthening federal economic supports for working families to improving our community colleges A refreshing take on a lightning rod subject this book is certain to foment heated discussions among all who read it *You Can Be Free* Ginny NiCarthy,Sue Davidson,2013-03-05 If you are a woman being hurt by someone you love this book is for you It can help you understand your situation and find ways to change it This indispensable guide offers straightforward sensible information on how to establish a safety plan for you and your children as well as advice on how best to find a safer home This new edition of *You Can Be Free* also includes guidance specifically for Deaf women immigrant women rural women and women with disabilities It also includes special exercises designed to help you gain self esteem and decide what you want from a relationship You will find answers to such questions as What is emotional abuse Is it ever right to break up the family How can I protect my children Where can I go if I leave my home But I still love my partner should I go back How can I find legal help for my situation How do I go about starting over and making new friends You will also read about women who left their abusive partners and began new lives free of abuse Today they have this to say I m asking for what I want I can make decisions on my own What I like best about being away is being free **Battered Women, Their Children, and International Law** Taryn Lindhorst,Jeffrey L. Edleson,2012 An eye opening appraisal of how current Hague Child Abduction Convention agreements unintentionally harm abused women and their children **Gender and Governance** Lisa D. Brush,2003-07-28 States are where the power lies and power is gendered With these simple statements Lisa Brush turns a gendered lens on states power and governance showing the inherent inequalities in political systems and gender systems and how they intersect Her gender lens allows a clear assessment of the different effects state power and social policies have on men and women highlighting both difference and dominance in the governance of gender She then turns her eye on the way in which state power supports male dominance the gender of governance Her nuanced arguments supported by cases from the American and other western political systems will make this book a useful antidote to traditional textbooks on government the state politics and social

policy      *Women's Health in Canada* Marina Morrow, Olena Hankivsky, Colleen Varcoe, 2008-05-03 In recent years healthcare professionals have recognized the distinctly different healthcare needs and concerns of men and women Women's health in particular has come into its own in the last two decades In Canada however there has been little available in the way of a general text on women's health This volume works toward filling that gap by providing a resource for teaching and understanding women's health in this country To lay out the methodological and theoretical foundations for their study editors Olena Hankivsky Marina Morrow and Colleen Varcoe bring together an interdisciplinary group of scholars and practitioners from economics anthropology sociology nursing political studies women's studies and psychology Contributors draw on the rich history of the Canadian women's health movement providing analysis of that history and of the emergent theory policy and practice Aimed at undergraduate and graduate students as well as practitioners the collection adopts an intersectional approach looking closely at social factors such as gender race ethnicity class sexuality and gender identity and analysing how they relate both to each other and to women's health Connections between the social economic and cultural contexts of women's lives and their physical spiritual and mental well being are a primary focus Providing a much needed resource for teachers students and practitioners of women's health in Canada this comprehensive volume makes an important contribution to the literature      *Equality with a Vengeance* Molly Dragiewicz, 2011 A provocative investigation of how fathers rights groups are trying to erode the gains of the battered women's movement      *Getting Free* Ginny NiCarthy, 2004-10-14 Since its original publication in 1982 *Getting Free* has become the most important self help book on ending domestic violence In this expanded edition NiCarthy features important new information from the latest studies and most recent research on the subject      **The Victimization of Women** Michelle L. Meloy, Susan L. Miller, 2010-12-24 In *The Victimization of Women* Michelle Meloy and Susan Miller present a balanced and comprehensive summary of the most significant research on the victimizations violence and victim politics that disproportionately affect women They examine the history of violence against women the surrounding debates the legal reforms the related media and social service responses and the current science on intimate partner violence stalking sexual harassment sexual assault and rape They augment these victimization findings with original research on women convicted of domestic battery and men convicted of sexual abuse and other sex related offenses In these new data the authors explore the unanticipated consequences associated with changes to the laws governing domestic violence and the newer forms of sex offender legislation Based on qualitative data involving in depth offender based interviews and analyzing the circumstances surrounding arrests victimizations and experiences with the criminal justice system *The Victimization of Women* makes great strides forward in understanding and ultimately combating violence against women      *Violence Against Women* Joan Zorza, 2004      **A Movement Without Marches** Lisa Levenstein, 2009 In this bold interpretation of U S history Lisa Levenstein reframes highly charged debates over the origins of chronic African American poverty and the social policies and political struggles that led to the postwar urban crisis A

Movement Without **Disruptive Christian Ethics** Traci C. West, 2006-01-16 This book brings to the fore the difficult realities of racism and the sexual violation of women Traci West argues for a liberative method of Christian social ethics in which the discussion begins not with generic philosophical concepts but in the concrete realities of the lives of the socially and economically marginalized

**Hard Lives, Mean Streets** , 2010-07-31 Although homelessness is a serious social problem in the United States there is little direct information about the actual experiences of violence past and current among homeless people This volume based on the Florida Four City Study brings together interview material from 737 women including structured quantitative interviews as well as in depth qualitative interviews The authors investigate how many homeless women have experienced violence in their lives either as children or as adults and then examine factors associated with experiences of violence the consequences of violence and types of interactions of homeless people with the justice system The volume concludes with pragmatic and compassionate policy recommendations

**Homelessness in America** Robert Hartmann McNamara, 2008-08-30 Homelessness is one of the most compelling social problems in the United States Dating from the early years in Colonial America to the current problems relating to homeless women and children homelessness has been the topic of discussion of scholars social activists and policy makers Many types of social problems are linked to homelessness including poverty substance abuse foster care and crime As a result unpacking the issues has proven to be a challenge for anyone interested in this topic Homelessness in America offers an assessment of what is known about each segment of the homeless population which contrary to conventional belief is comprised of a wide variety of faces from many backgrounds It explains linkages to other social issues and provides a balanced overview of homelessness in light of the varying perspectives on the topic While much of what has been written about homelessness has come from the academic perspective agendas often interfere with an accurate understanding of the problem Clearly there is a place for other types of perspectives including those that view homelessness through political and legal lenses These groups have provided us with a robust body of information within which we may better understand the questions relating to homelessness McNamara has brought together the voices of these groups in order to reveal the numerous political economic and social constraints that beset current attempts to solve homelessness In addition the commonly held belief that homelessness is a result of laziness or a poor work ethic is turned on its head to reveal that homelessness is truly a multifaceted and complex issue

**Violence Against Women** Walter S DeKeseredy, 2011-02-15 In Violence Against Women award winning author Walter S DeKeseredy offers a passionate but well documented sociological overview of a sobering problem He starts by outlining the scope of the challenge and debunks current attempts to label intimate violence as gender neutral He then lays bare the structural practices that sustain this violence leading to a discussion of long and short term policies to address the issue DeKeseredy includes an examination of male complicity and demonstrates how boys and men can change their roles Throughout he responds to myths that dismiss threats to women's health and safety and provides an impassioned call to

action for women men and policymakers      Out in the Storm Gail A. Caputo, 2008 Out in the Storm examines thirty eight drug addicted women in the Philadelphia area who have taken up shoplifting and sex work to finance their habits and their lives Back cover
