Saving Jessica:

War Isn't Hell, It's Entertainment Fabian Virchow, Debra White-Stanley, 2009-02-27 Real war is a cruel theater of death yet it is also an exciting narrative exploited for national political and commercial purposes and turned into numerous films television shows computer games news stories and reenactment plays These essays examine the relationship between war visual media and entertainment from a number of academic perspectives Key topics include how war is used as an imaginary site to stage dramas how boundaries between war media and entertainment dissolve as new media alters the formal qualities of representation how entertainment is used to engage audiences and what effect products of war and entertainment have on consumers of popular culture *Docudrama Performs the Past* Steven N. Lipkin, 2011-01-18 Docudramas films and movies of the week based on true stories offer their audiences performance as persuasion As docudramas re create actual people and events these works perform their material The premises of docudramas persuasive arguments operate within the basic settings that stage performances of noteworthy events the events of war and the lives of noteworthy individuals In performing the past docudramas offer us a performance of memory Through docudramatic performance the memories of others become ours The performance of memory roots docudramatic representation in actuality and indicates the responsibility to serve the past that helps make docudrama a distinctive mode of representation The spirit of obligation to the past also frames the ethical considerations docudrama raises as performance in docudrama shapes public memory *Docudrama Performs the Past* examines the spectrum of arguments docudramas offer as their re creations reason from the arenas of events such as the hijacking of United Airlines Flight 93 wars ranging from World War II to Iraq and the lives of actors athletes and politicians The case studies developed in each chapter show how docudrama s re creation of true stories its performance of memory warrants the claims it forwards about how to remember the past The aggregate of examining works made since the late 1990s allows us to see how as recurring contexts the arenas of docudramatic argument ground action and identity in the settings that frame performance structure the moral value of the contestation that ensues and shape the public memory of the past that docudramas perform **Remarriage: His Billionaire Ex-wife** Part X H.D.Cynthia, Will you re marry me He asked lying on the hospital bed after surviving an attempted murder Yes A thousand times She nodded with tears in her eyes Jessica had dreamed of this moment for more than 10 years She had had a crush on Lucas at 14 when he saved her from a group of gangsters Eight years later she married him despite all opposition from her parents and friends But Lucas chose to save and defend another woman rather than her in face of danger Sick of this toxic marriage Jessica decided to leave and embark on the journey of vengeance Three months later she came back as a billionaire CEO instead of that country girl in his eyes Tonight at Ten Steve Stoler, 2016-09-29 This book will make you laugh make you cry and make you mad Steve Stoler tells the stories some of us knew and now you will too Dale Hansen Legendary Dallas Sports Anchor **Saving Jessica** Lurlene McDaniel, 2010-10-27 Jessica McMillian and Jeremy Travino are a perfect couple

and this volume paints a picture of early twenty first century warfare helping to explain why so many aspiring warriors are becoming disenchanted with their profession Written by a leading thinker on warfare this book sets out to explain what makes an American Marine a warrior and why suicide bombers or Al Qaeda fighters do not qualify for this title This distinction is one of the central features of the current War on Terror and one that justifies much more extensive discussion than it has so far received The Warrior Ethos will be of great interest to all students of military history strategy military sociology and war studies

Murder in Havana Margaret Truman, 2002-10-01 Havana may be far from Washington but DC power brokers are never far from Havana Neither are danger deception and sudden death That s what draws Max Pauling there As an ex CIA ex State Department employee he faces an uneventful early retirement until he is asked to secretly fly some medical supplies into the mysterious Cuban city If Max is looking for excitement he finds it First there s his contact a breathtaking beauty with private plans of her own Then there s a former senator in Havana to ease the U S embargo but who may have another more malevolent mission Throw in endless supplies of under the table money not to mention a murder and Max has landed in a place even more corrupt and more compelling than the U S capital itself

Security and the War on Terror Alex J. Bellamy, Roland Bleiker, Sara E. Davies, Richard Devetak, 2007-11-09 The terrorist attacks of 11 September 2001 marked a turning point in international politics representing a new type of threat that could not easily be anticipated or prevented through state based structures of security alone Opening up interdisciplinary conversations between strategic economic ethical and legal approaches to global terrorism this edited book recognises a fundamental issue while major crises initially tend to reinforce old thinking and behavioural patterns they also allow societies to challenge and overcome entrenched habits thereby creating the foundations for a new and perhaps more peaceful future This volume addresses the issues that are at stake in this dual process of political closure and therefore rethinks how states can respond to terrorist threats The contributors range from leading conceptual theorists to policy oriented analysts from senior academics to junior researchers The book explores how terrorism has had a profound impact on how security is being understood and implemented and uses a range of hitherto neglected sources of insight such as those between political economic legal and ethical factors to examine the nature and meaning of security in a rapidly changing world

American Zombie Gothic Kyle William Bishop, 2010-03-08 Zombie stories are peculiarly American as the creature was born in the New World and functions as a reminder of the atrocities of colonialism and slavery The voodoo based zombie films of the 1930s and 40s reveal deep seated racist attitudes and imperialist paranoia but the contagious cannibalistic zombie horde invasion narrative established by George A Romero has even greater singularity This book provides a cultural and critical analysis of the cinematic zombie tradition starting with its origins in Haitian folklore and tracking the development of the subgenre into the twenty first century Closely examining such influential works as Victor Halperin s *White Zombie* Jacques Tourneur s *I Walked with a Zombie* Lucio Fulci s *Zombi 2* Dan O Bannon s *The Return of the Living Dead* Danny Boyle s *28 Days Later* and of course

Romero's entire Dead series it establishes the place of zombies in the Gothic tradition.
