Clanton,2009-04-01 Stories of women in the Bible have been interpreted by artists writers musicians filmmakers and biblical commentators for centuries However in many cases these later interpreters have often adapted and altered the Bible to fit their own views of the stories Ironically these later renderings usually serve as the basis for the generally accepted views of biblical women For example many readers of the Bible assume that Eve is to blame for the disobedient act in the Garden of Eden or that Delilah seduced Samson and then cut his hair A closer look at these assumptions though reveals that they are not based on the Bible but are mediated through the creations of later interpreters In this book the author examines eight such women's stories and shows how later readers interact with the biblical stories to construct sometimes fanciful sometimes faulty views of these women Dan Clanton Jr broadens our awareness of the influence of these later readings on how we understand biblical women so that we can be

more critical in our engagement with them and become more familiar with what the Bible actually says about the women whose stories it contains
