### **Women and Gender in Medieval Europe** Margaret Schaus, 2006 Publisher description      **Historical Etiquette**

Annick Paternoster, 2022-12-06 This book is a groundbreaking study of etiquette in the nineteenth century when the success of etiquette books reached unprecedented heights in Britain France Italy the Netherlands and the United States It positions etiquette as a fully fledged theoretical concept within the fields of politeness studies and historical pragmatics After tracing the origin of etiquette back to Spanish court protocol the analysis takes a novel approach to key aspects of etiquette its highly coercive and intricate scripts the liminal rituals of social gatekeeping the fear for blunders the obsession with precedence Interrogating the complex relationship between historical etiquette and adjacent notions of politeness conduct morality convention and ritual the study prompts questions on gender stereotyping and class privilege surrounding the present day etiquette revival Through adopting a unique comparative approach and a corpus based methodology this study seeks to revitalise our understandings of etiquette This book will be of interest to scholars of historical linguistics and pragmatics as well as those in neighbouring fields such as literary criticism gender studies and family life domestic and urban spaces      The Shaken and the Stirred Stephen Schneider, Craig N. Owens, 2020-09-01 Over the past decade the

popularity of cocktails has returned with gusto Amateur and professional mixologists alike have set about recovering not just the craft of the cocktail but also its history philosophy and culture The Shaken and the Stirred features essays written by distillers bartenders and amateur mixologists as well as scholars all examining the so called Cocktail Revival and cocktail culture Why has the cocktail returned with such force Why has the cocktail always acted as a cultural indicator of class race sexuality and politics in both the real and the fictional world Why has the cocktail revival produced a host of professional organizations blogs and conferences devoted to examining and reviving both the drinks and habits of these earlier cultures

**Medieval Conduct Literature** Kathleen M. Ashley, 2009-01-01 Conduct literature is a term used to identify writings that address how one should conduct oneself in social situations In the medieval period conduct literature was essential reading for nearly all literate children and adolescents to educate them in the expected social behaviours for their culture gender and status Using a comparative approach this anthology pairs together pieces of male directed and female directed medieval conduct literature many being translated into English for the first time to present an illuminating picture of medieval gender norms parenting literary style and pedagogy Containing texts written in six vernacular languages each section is also accompanied by textual notes an introduction and an English translation A fascinating examination of a diverse range of regions and cultures Medieval Conduct Literature is a remarkable window into medieval life customs behaviour and social expectations Book Jacket      The Oxford Handbook of the Baroque John D. Lyons, 2019-08-08 Few periods in history are so fundamentally contradictory as the Baroque the culture flourishing from the mid sixteenth to the mid eighteenth centuries in Europe When we hear the term Baroque the first images that come to mind are symmetrically designed gardens in French

chateaux scenic fountains in Italian squares and the vibrant rhythms of a harpsichord Behind this commitment to rule harmony and rigid structure however the Baroque also embodies a deep fascination with wonder excess irrationality and rebellion against order The Oxford Handbook of the Baroque delves into this contradiction to provide a sweeping survey of the Baroque not only as a style but also as a historical cultural and intellectual concept With its thirty eight chapters edited by leading expert John D Lyons the Handbook explores different manifestations of Baroque culture from theatricality in architecture and urbanism to opera and dance from the role of water to innovations in fashion from mechanistic philosophy and literature to the tension between religion and science These discussions present the Baroque as a broad cultural phenomenon that arose in response to the enormous changes emerging from the sixteenth century the division between Catholics and Protestants the formation of nation states and the growth of absolutist monarchies the colonization of lands outside Europe and the mutual impact of European and non European cultures Technological developments such as the telescope and the microscope and even greater access to high quality mirrors altered mankind s view of the universe and of human identity itself By exploring the Baroque in relation to these larger social upheavals this Handbook reveals a fresh and surprisingly modern image of the Baroque as a powerful response to an epoch of crisis

**French Management** Jean-Louis Barsoux, Peter Lawrence, 2013-07-04 This fascinating book is an account of management in the contemporary French business world The formal nature of work relations and the rituals of French business life are analyzed and set against the role of senior executives and the book looks at the corporate culture of four leading but very different companies Michelin L Air Liquide L Oreal Carrefour Also included is an examination of general management attitudes to labour relations and the book includes an overview of the distinctive features of French management future trends and the changes that further European integration may or may not bring

*Fashioning the Dandy* Olga Vainshtein, 2023-09-12 The book explores the dandy as a cultural type across Europe and Russia from the eighteenth century through the present day Olga Vainshtein offers a unique view on dandyism as a cultural tradition based not merely on fashionable attire but also as a particular lifestyle with specific standards of behaviour bodily practices and conceptual approaches to dress The dandy is described as the prototypical hero of the modern cult of celebrities From clubbing manners the techniques of virtual aristocracy urban flaneurs and the correct way to examine people Vainshtein walks us through optical duels and the techniques of visual assessment at social gatherings Readers will learn about strategies of subversive behaviour found in practical jokes the fine art of noble scandal dry wit bare faced impudence and mocking politeness Looking at dandyism as a nineteenth century literary movement Vainshtein examines representation of dandies in fiction Finally a large section is devoted to Russian and Soviet dandyism and the dandies of today

**Stereotypes in Literatures and Cultures** Rahilya Geybullayeva, 2010 Annotation Imaginative representations of different cultures are one of the major stumbling blocks to understanding deepening the gap between people as they are passed from one text to another especially in periods of historical transition

These transfers are sometimes innocent while at other times they serve political agendas The sample of images and estimations of others becomes a priority and frequently for this reason stereotypical This is the subject of investigation for the majority of the authors in this collection This book with articles presented here is an attempt to understand the core of confirmed or standardized social norms The book contains articles in English and in Russian language     **The Re-Enchantment of the World** Bernard Stiegler, 2014-08-28 Bernard Stiegler's work on the intimate relations between the human and the technical have made him one of the most important voices to have emerged in French philosophy in the last decade At the same time both an accessible summation of that work and a continuation of it *The Re Enchantment of the World* advances a critique of consumer capitalism that draws on Freud and Marx to construct an utterly contemporary analysis of our time The book explores the cognitive affective social and economic effects of the proletarianization of the consumer in late capitalism and the resulting destruction of the consumer's *savoir vivre* Reflecting the collective work of his activist organisation *Ars Industrialis* Stiegler here sets forth an alternative path to that of industrial populism one that appeals to the force of the human spirit *The Re Enchantment of the World* also includes the manifesto of *Ars Industrialis* and an account of the organisation's 2005 summit in Tunis     **Translingual Francophonie and the Limits of Translation** Ioanna Chatzidimitriou, 2020-09-02 *Translingual Francophonie and the Limits of Translation* proposes a novel theoretical lens for the study of translation as theme and practice in works by four translingual francophone authors Vassilis Alexakis Chahdortt Djavann Nancy Huston and Andre Makine In particular it argues that translation allows for the most productive encounter with otherness when it is practiced in its estuarine dimension When two foreign bodies of water come into contact in an estuary often a new environment is created at their shared border that does not however invalidate the distinctiveness chemical biological geological etc of either fresh or sea water Similarly texts translated from one language to another should ideally not transform into but rather relate to their new host's linguistic and cultural codes in ways that account both for their undiluted strangeness and the missteps gaps and discontinuities the challenging yet novel and productive articulations of relationality that proliferate at the border of the encounter     **Dictionnaire nouveau et universel** Nicolas Gouin Dufief, 1810     *The New Dictionary, French and English, and English and French, Abridged of Boyer and Other Modern Lexicographers* Abel BOYER, 1808     **Returning to Judgment** Ben Turner, 2023-03-01 *Returning to Judgment* provides the first extensive treatment of political judgment in the work of Bernard Stiegler and the first account of his significance for contemporary continental political thought Ben Turner argues that Stiegler breaks with his predecessors in continental philosophy by advocating for rather than retreating from the task of proposing totalizing judgments on political problems that extend beyond the local and the particular He shows that the reconciliation of judgment with continental political thought's commitment to anti-totalization structures the entirety of Stiegler's philosophy and demonstrates that this theory of the political decision highlights the difficulties that contemporary political ontology faces when addressing global and large scale

political problems The book provides an overview of Stiegler s philosophy useful for those unfamiliar with his thought shows how he draws on key influences including Deleuze Derrida Freud and Simondon to develop his conception of judgment and considers the challenges and consequences of his embrace of totalizing political decisions *Earthly Signs* Marina Tsvetaeva,2017-12-05 A moving collection of autobiographical essays from a Russian poet and refugee of the Bolshevik Revolution Marina Tsvetaeva ranks with Anna Akhmatova Osip Mandelstam and Boris Pasternak as one of Russia s greatest twentieth century poets Her suicide at the age of forty eight was the tragic culmination of a life buffeted by political upheaval The essays collected in this volume are based on diaries she kept during the turbulent years of the Revolution and Civil War In them she records conversations of women in the markets soldiers and peasants on the train traveling from the Crimea to Moscow in October 1917 fighting in the streets of Moscow a frantic scramble with co workers to dig frozen potatoes out of a cellar and poetry readings organized by a newly minted Soviet bohemia Alone in Moscow with two small children no income and a missing husband Tsvetaeva struggled to feed her daughters one of whom died of malnutrition in an orphanage find employment in the Soviet bureaucracy and keep writing poetry Her keen and ruthless eye observes with compassion and humor bringing the social economic and cultural chaos of the period to life These autobiographical writings not only give a vivid eyewitness account of Russian history but provide vital insights into the workings of Tsvetaeva s unique poetics Includes black and white photographs , [The Routledge Companion to Gender, Sex and Latin American Culture](#) Frederick Luis Aldama,2018-05-24 The Routledge Companion to Gender Sex and Latin American Culture is the first comprehensive volume to explore the intersections between gender sexuality and the creation consumption and interpretation of popular culture in the Americas The chapters seek to enrich our understanding of the role of pop culture in the everyday lives of its creators and consumers primarily in the 20th and 21st centuries They reveal how popular culture expresses the historical social cultural and political commonalities that have shaped the lives of peoples that make up the Americas and also highlight how pop culture can conform to and solidify existing social hierarchies whilst on other occasions contest and resist the status quo Front and center in this collection are issues of gender and sexuality making visible the ways in which subjects who inhabit intersectional identities sex gender race class are othered as well as demonstrating how these same subjects can and do use pop cultural phenomena in self affirmative and progressively transformative ways Topics covered in this volume include TV film pop and performance art hip hop dance slam poetry gender fluid religious ritual theater stand up comedy graffiti videogames photography graphic arts sports spectacles comic books sci fi and other genre novels loter a card games news web and digital media *French-English and English-French Dictionary, Comprising All the Improvements of the Latest London and Paris Editions, with the Pronunciation of Each Word, According to the Dictionary of the Abbé Tardy* Abel Boyer,1881 **Boyer's French Dictionary** Abel Boyer,1835 [Research Anthology on Vocational Education and Preparing Future Workers](#) Management Association, Information Resources,2022-04-08 Many students across
