Natural Horse:

The Natural Horse Jaime Jackson,1992 Natural Horse Care Pat Coleby,2013-03-01 This practical and definitive guide explains how to keep horses in excellent health the natural way The vital roles of correct feed rations vitamins and minerals in the health of a horse are fully explained and practical guidance is given on topics such as selecting the right food treating ailments with natural remedies dealing with recovery from injury and combating equine flu Trainers breeders and horsekeepers of all kinds will benefit enormously from Pat Coleby s many years of experience working with horses in the UK and Australia She is a qualified vet and also the author **NATURAL PET CARE** *The Natural Horse* Jaime Jackson,1997 Describes how domestic horses can be made happier and healthier through an understanding of what nature intended for the horse Cover **Natural Horse Care the Right Way** Ann Nyland,2009 Natural Methods for Equine Health and Performance Mary Bromiley,2009-03-16 Natural Methods for Equine Health and Performance Second Edition presents an overview of a natural approach to horse care and management for the 21st century It provides sensible and readable advice on natural horsemanship contrasting natural and domestic habitats A range of holistic methods of treatment are covered including acupuncture massage herbalism homeopathy and schooling exercises used by the Classical School Mary Bromiley has an excellent reputation for achieving results using natural methods for muscle re education This book will be useful to anyone who owns or routinely works with horses *Revealing Your Hidden Horse* Mark Hanson,2011-05-10 This is the book your horse wants you to read It reveals simple yet effective methods for natural horse care that are quickly becoming known as best practices in the 21st century to promote consistently healthy horses content in their environment This guide to better understanding horses horse care and horse training explores the history and paradigms humans developed over the centuries for keeping and working with horses and defines the best ways in moving forward to appropriately match our care and training with the horse s true nature Natural Horse Care Pat Coleby,2001 Proper horse care begins with good nutrition practices Chances are if a horse needs medical attention the causes can be traced to poor feeding practices nutrient deficient feed bad farming and ultimately imbalanced demineralized soil Pat Coleby shares decades of experinece working with a variety of horses She explains how conventional farming and husbandry practices compromise livestock health resulting in problems that standard veterinary techniques can t properly address The Horse Julie Whitaker,Ian Whitelaw,2007-05-15 Looks at every aspect of the horse discussing its evolution biology history characteristics behavior and relationship with humankind in the areas of work sport and leisure providing essential facts trivia and lore **Natural Horse-man-ship** Pat Parelli,Kathy Swan,Kathy Kadash,1993 The horse and rider training handbook of an internationally renowned master horseman **The Natural Horse** Audrey Townley,2003 **Guiding Principles of Natural Horse Care** Stephanie Krahel,2012-05-21 In Guiding Principles of Natural Horse Care Stephanie Krahel teaches horse guardians the foundational concepts necessary to enhance and optimize their horse s overall health and well being This is not a book about cookie cutter

approaches nor does it tailor to the silver bullet mentality but rather it's a practical guide that provides valuable information if you're wanting to keep your horse naturally. Natural horse care has become a popular approach to maintaining your equine partner with the goal in mind that she'll have both quality of life and longevity. Additionally, guardians are finding it to be an excellent approach to decreased horse keeping expenses and to having the potential for decreased veterinarian bills. Although the hurdles to starting a natural horse keeping program appear to be minimal without an experienced guide, it's easy to become frustrated when you feel your expectations are not met. This book was written by the creator of Soulful Equine, a leading resource on natural horse care, and takes the reader through the key principles for maintaining a naturally healthy horse. Guiding Principles of Natural Horse Care provides practical advice and results based on the author's own experience of what works through tried and tested strategies. Inside this book, the reader will learn to understand the dreaded feeling of fear and how to manage it when it relates to your horse and to your horse's care. If fear arises, you'll be more prepared to deal with it if a challenging situation presents itself. The role of foundational nutrition plays in having a consistently healthy horse. A consistently healthy equine partner helps you feel confident that you're making the right decisions about your horse's overall care. Details regarding common health concerns for guardians and why implementing a well-rounded natural horse care program may prevent if not eliminate most concerns. You will feel confident and less fearful. What to consider if you want to take your horse barefoot and what to consider in order to maintain a sound barefoot horse. By setting your barefoot program up for success, you will feel more at ease and less confused when it comes to lameness concerns. Points to consider when deciding to trim your own horse. Having all the facts up front allows you to feel confident in your decision with little doubt and few or no regrets. To think of the word expert differently. Many times it's hard to know who to trust and believe when it comes to horse care. Knowing how to navigate through information when seeking out an individual for help will be empowering for you as a horse guardian. Guidelines for creating a natural habitat that saves you time, space, money, and improves the health of your horse. Learning effective ways to allow your horse to move and interact with other horses like nature intended will help you have peace of mind like nothing else. What's necessary to implement a foundational program that promotes a naturally healthy equine partner. By understanding foundational principles, you'll feel more confident about your horse care decisions. What is necessary in order to be a great caregiver and partner for your horse. Being able to make informed decisions about your equine companion's care will help you be more in control of your horse's overall health, well-being, and your future together.
