David Hoeveler, 2004 During the 1970s the United States became the world's preeminent postindustrial society The new conditions changed the way Americans lived and worked and even their perceptions of reality Americans struggled to find their place in a world where symbol became more important than fact appearance more important than reality where image supplanted essence In this reassessment of a little studied decade J David Hoeveler Jr finds that the sense of detachment and dislocation that characterizes the postindustrial society serves as a paradigm for American thought and culture in the 1970s The book examines major developments in literary theory philosophy architecture and painting as expressions of a 1970s consciousness Hoeveler also explores the rival political readings of these subjects and considers the postmodernist phenomenon as it became an ideological battleground in the decade Clear and engaging the work will be of great interest to historians theorists and everyone who wants to further explore the 1970s      *Encyclopedia of Romanticism (Routledge Revivals)* Laura Dabundo, 2009-10-15 First Published in 1992 this encyclopedia is designed to survey the social cultural and intellectual climate of English Romanticism from approximately the 1780s and the French Revolution to the 1830s and the Reform Bill Focussing on the spirit of the age the book deals with the aesthetic scientific socioeconomic indeed the human environment in which the Romantics flourished The book considers poets playwrights and novelists critics editors and

*The Ideological*

*Origins of African American Literature* Phillip M. Richards, 2025-06-27 Inquiry into African American literature in recent decades has neglected to probe the intellectual structure of the tradition's aesthetics and its underlying ideology. In *The Ideological Origins of African American Literature* Phillip M. Richards begins this reconstructive work illuminating the dialectical backstory of black prose and poetry in America. Richards argues that the social and political forces that influenced white literature were uniquely reacted to, absorbed, and often times rejected by African American literary figures from the eighteenth century Puritan notions of a God-centered history to the onset of Romanticism and Modernism in the nineteenth and twentieth centuries. Building his case for ideological continuity, Richards surveys a profoundly creative period of 125 years launched by an African American reaction against a racist mid-eighteenth century American culture. This epoch in African American literature saw a fusion of Puritan Protestant culture into a religious and secular worldview drawing in the poetry of Phillis Wheatley, antebellum slave narratives, Richard Allen, and the periodicals of the ambitious African Methodist Episcopal movement, all of which would form the underlying foundation of a Black Victorian culture. A rising black middle class, Richards argues, would later be secularized by an eroding religious tradition under the pressures of nineteenth-century modernity, the trauma of Jim Crow, and the emerging northern ghetto. Richards further traces the emergence of Romanticism, which appeared with white American authors such as Emerson, Thoreau, and Whitman, but would not take shape in African American literature until the likes of W. E. B. Du Bois and Langston Hughes took stock of Anglo-European culture at the end of the nineteenth century. *The Ideological Origins of African American Literature* illustrates a pattern of black writing that eschews the hegemonic white culture of the day for an evolving black culture that would define an American literary landscape.

**Madness and the Romantic Poet** James Whitehead, 2017 *Madness and the Romantic Poet* examines the longstanding and enduringly popular idea that poetry is connected to madness and mental illness. The idea goes back to classical antiquity but it was given new life at the turn of the nineteenth century. The book offers a new and much more complete history of its development than has previously been attempted alongside important associated ideas about individual genius, creativity, the emotions, rationality, and the mind in extreme states or disorder—ideas that have been pervasive in modern popular culture. More specifically, the book tells the story of the initial growth and wider dissemination of the idea of the Romantic mad poet in the nineteenth century, how and why this idea became so popular, and how it interacted with the very different fortunes in reception and reputation of Romantic poets, their poetry, and attacks on or defences of Romanticism as a cultural trend, generally again leaving a popular legacy that endured into the twentieth century. Material covered includes nineteenth-century journalism, early literary criticism, biography, medical and psychiatric literature, and poetry. A wide range of scientific and pseudoscientific thinkers are discussed alongside major Romantic authors, including Wordsworth, Coleridge, Blake, Hazlitt, Lamb, Percy Bysshe Shelley, Keats, Byron, and John Clare. Using this array of sources and

figures the book asks was the Romantic mad genius just a sentimental stereotype or a romantic myth Or does its long popularity tell us something serious about Romanticism and the role it has played or has been given in modern culture A *Study Guide (New Edition) for Mary Shelley's "Frankenstein"* Gale, Cengage, A Study Guide New Edition for Mary Shelley's *Frankenstein* excerpted from Gale's acclaimed *Novels for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Novels for Students* for all of your research needs **The Fate of Progress in British**

**Romanticism** Mark Canuel, 2022 Explores the idea of progress in British Romantic literature by analyzing converging arguments among political theorists historians and writers of poems and novels from the 1770s to the 1820s to show how these writers reshaped dominant narratives about political progress Romanticism, Gender, and Violence Nowell Marshall, 2013-07-22 Combining queer theory with theories of affect psychoanalysis and Foucauldian genealogy *Romanticism Gender and Violence* Blake to George Sadini theorizes performative melancholia a condition where regardless of sexual orientation overinvestment in gender norms causes subjects who are unable to embody those norms to experience socially expected normal gender as something unattainable or lost This perceived loss causes an ambivalence within the subject that can lead to self-inflicted violence masochism suicide or violence toward others sadism murder Reading a range of Romantic poetry and novels between 1790-1820 but ultimately moving beyond the period to show its contemporary cultural relevance through readings of Eliot's *The Mill on the Floss* Virginia Woolf's *Mrs Dalloway* Andrew Holleran's *Dancer from the Dance* and George Sadini's 2009 murder-suicide case this study argues that we need to move beyond focusing on bullying teens and LGBT students and look at our cultural investment in gender normativity itself Doing so allows us to recognize that the relationship between non-normative gender performance and violence is not simply a gay problem it is a human problem that can affect people of any sex sexuality age race or ethnicity and one that we can trace back to the Romantic period Bringing late 18th century novels into conversation with both canonical and lesser-known Romantic poetry allows us to see that as people whose performance of gender occasionally exceeds the normal we too often internalize these norms and punish ourselves or others for our inability to adhere to them Contrasting paired chapters by male and female authors and including sections on failed romantic coupling melancholic femininities melancholic masculinities failed gender performance and madness and ending with a section titled *After Romanticism* this study works on multiple levels to complicate previous understandings of gender and violence in Romanticism while also offering a model for contemporary issues relating to gender and violence among people who fail to perform gender according to social norms **Late-Life Love: A Memoir** Susan Gubar, 2018-11-13 Winning and intelligent An impressive often heartening addition to the literature of aging Heller McAlpin *Wall Street Journal* In this unique blend of memoir and literary commentary *Bookpage* acclaimed author and literary scholar Susan Gubar contemplates the beauty and strength of enduring love both for her husband and for the literature that
