A History of the Earth and Animated Nature Oliver Goldsmith, 1828 **Civilizing Nature** Bernhard Gissibl, Sabine Höhler, Patrick Kupper, 2012-11-01 National parks are one of the most important and successful institutions in global environmentalism Since their first designation in the United States in the 1860s and 1870s they have become a global phenomenon The development of these ecological and political systems cannot be understood as a simple reaction to mounting environmental problems nor can it be explained by the spread of environmental sensibilities Shifting the focus from the usual emphasis on national parks in the United States this volume adopts an historical and transnational perspective on the global geography of protected areas and its changes over time It focuses especially on the actors networks mechanisms arenas and institutions responsible for the global spread of the national park and the associated utilization and mobilization of asymmetrical relationships of power and knowledge contributing to scholarly discussions of globalization and the emergence of global environmental institutions and governance

The Book of Nature in Early Modern and Modern History Klaas van Berkel, Arie Johan Vanderjagt, 2006 From 22-25 May 2002 the University of Groningen hosted an international conference on The Book of Nature Continuity and change in European and American attitudes towards the natural world From Antiquity down to our own time theologians philosophers

and scientists have often compared nature to a book which might under the right circumstances be read and interpreted in order to come closer to the Author of nature God The reading of this book was not regarded as mere idle curiosity but it was seen as leading to a deeper understanding of God s wisdom and power and it culturally legitimated and promoted a positive attitude towards nature and its study A selection of the papers which were delivered at the conference has been edited in two volumes The first book was published as *The Book of Nature in Antiquity and the Middle Ages* this second volume is devoted to the history of that concept after the Middle Ages *Studies in the Nature and Teaching of History* W H Burston,D Thompson,2016-04-14 Originally published in 1967 this book is aimed at the student teacher and discusses the philosophy of history and the effective learning of it It discusses the UK secondary school history syllabus with a particular emphasis on whether contemporary history is of more relevance to pupils than traditional history There is a specific chapter on the problems of value judgements in history and history teaching From a psychological point of view the book examines the problems of concept formation the uses and dangers of analogy and the question of imagination and inference in child and adolescent thinking *Readers' Guide to Periodical Literature* ,1920 **Journal of Education** ,1906 *Theories of History* Michael J. Kelly,Arthur Rose,2018-05-17 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched In a unique approach to historical representations the central question of this book is what is history By describing history through its supplementary function to the field of history rather than the ground of a study this collection considers new insights into historical thinking and historiography across the humanities It fosters engagement from around the disciplines in historical thinking and from that invites historians and philosophers of history to see clearly the impact of their work outside of their own specific fields and encourages deep reflection on the role of historical production in society As such *Theories of History* opens up for the first time a truly cross disciplinary dialogue on history and is a unique intervention in the study of historical representation Essays in this volume discuss music history linguistics theater studies paintings film archaeology and more This book is essential reading for those interested in the practice and theories of history philosophy and the humanities more broadly Readers of this volume are not only witness to but also part of the creation of radical new discourses in and ways of thinking about doing and experiencing history **Us History Readers' Theater Grd 5-8** Robert W. Smith,2008-05 Why use Readers Theater in history classes The format gives students a sense of involvement with the human dramas that make up history Performers can feel the excitement as Archimedes discovers the displacement of water They can relate to the terrors of a slave s passage from Africa to the Americas They can imagine the tension of wading through the water at Omaha Beach as bullets strike their buddies Each script 12 15 per book is accompanied by background information literature connections extension activities and discussion questions *A History of the Earth and Animated Nature* Oliver Goldsmith,1868 *School* ,1908 **Reader's Guide to British History** David Loades,2020-12-17 The Reader sGuide to British History is the essential source to secondary material

on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6 12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication
