Global Gangs Jennifer M. Hazen, Dennis Rodgers, 2014-08-01 Gangs often associated with brutality and senseless destructive violence have not always been viewed as inherently antagonistic The first studies of gangs depicted them as alternative sources of order in urban slums where the state s authority was lacking and they have subsequently been shown to be important elements in some youth life cycles Despite their proliferation there is little consensus regarding what constitutes a gang Used to denote phenomena ranging from organized crime syndicates to

groups of youths who gather spontaneously on street corners even the term gang is ambiguous Global Gangs offers a greater understanding of gangs through essays that investigate gangs spanning across nations from Brazil to Indonesia China to Kenya and from El Salvador to Russia Volume editors Jennifer M Hazen and Dennis Rodgers bring together contributors who examine gangs from a comparative perspective discussing such topics as the role the apartheid regime in South Africa played in the emergence of gangs the politics behind child vigilante squads in India the relationship between immigration and gangs in France and the United States and the complex stigmatization of youths in Mexico caused by the arbitrary deployment of the word gang Featuring an afterword by renowned U S gang researcher Sudhir Venkatesh this volume provides a comprehensive look into the experience of gangs across the world and in doing so challenges conventional notions of identity Contributors Enrique Desmond Arias George Mason U Jos Miguel Cruz Florida International U Steffen Jensen DIGNITY Danish Institute Against Torture Gareth A Jones London School of Economics and Political Science Marwan Mohammed cole Normale Sup rieure Paris Jacob Rasmussen Roskilde U Loren Ryter U of Michigan Rustem R Safin National Research Technological U Russia Alexander L Salagaev National Research Technological U Russia Atreyee Sen U of Manchester Mats Utas Nordic Africa Institute Sudhir Venkatesh Columbia U James Diego Vigil U of California Irvine Lening Zhang Saint Francis U

There have been stories on general doctors but never especially on DENTISTS or their life. A dentist ever shown in movies is generally depicted as a funny or a stupid or a desperate person. This story takes the reader inside a Dental College and A hospital to bring out the incidents that go on. These include a viva argument with teachers, a doctor slapping his mate in front of the patients and getting two notices from the principal, A strike against the hike in fees and its political end by the college management, the chaos when a HOD enters the department, the atmosphere before a Dental council inspection in the college. From viewing surgeries performed by their favourite teachers to finally the feeling of going and registering as one. The Toothful Tale covers it all. It all starts on a train in which a young dentist Yash is going for his Internship. In the train he finds company with a girl Anvesha who is a first year student in his college. The girl forgets to ask what Yash does and a hilarious incident tells Anvesha that Yash is a senior in her own college. A tale in which young doctors learn to examine and deal with a variety of patients ranging from a man who has Trigeminal Neuralgia, The world's worst skull cracking headache to a woman who cannot close her mouth due to Mandibular Dislocation. They see a patient who has broken a safety pin in his tooth, keep cool when one comes and fights with them, meet a crying 55 year man who holds their feet and then a 70 year old man who desires to die instead of living in pain. From a 16 year old boy who has a life threatening allergic reaction called as Toxic Epidermal Necrolysis to a dead body that has the brain and eye hanging out. From a 15 yr boy who has Psoriatic Arthritis to a 35 year old woman who has Pemphigus Vulgaris, The most deadly skin disease in the world. They take part in the surgery on a case of Temporomandibular Joint Ankylosis and enjoy the comments made by the operating dentist. It also traces the thoughts of the new doctors as they encounter these cases. They on their part try to deal with the inhuman attitude of the nurses and the ward boys toward the ailing patients and do their part in making life easy and comfortable for the ailing. They find around them many serious things that include infanticide in the sewer and studying for a good life. They play with small kids, cry over the thought of being bad to parents, feel happy when good incidents come in others' life, listen to a real life story told by a Railway Engine Driver. From discussing dowry to bringing out a small truth in today's most marriages and doing their part to help and punish some dastardly acts such as eve teasing, child abuse and trying to stop a group of rioters of a political party. They enjoy hilarious incidents over a year such as puncturing a teacher's car tyre to impersonating one at a conference. They go for tours, live for two days without electricity and sometimes race cars at night on the Marine Drive. From using their sophisticated dental instruments to handling weird and irresistible gadgets from discussing funny errors taking place in the clinics with patients to saving innocent juniors from ragging, they do it all. A friendship story that starts in a train and unknowingly blooms into a heart tickling love tale. A tale that brings out the feelings of a boy and a girl when they go out together for the first time on an outing, a tale that tells about the pleasures of sneaking out of the hostel for the thrill of getting wet in the rain with someone you like. Some different ideas of romance wherein they go for a round through the wards of a hospital, get their teeth cleaned on a dental chair and recreate the appearance of a 13 year old young boy with a

broken tooth A story in which a proposal on the Yamuna Bridge gets its suitable reply in the world's finest building The Taj Mahal There is love fun and then there is the girl slapping the boy for his mistake that nearly costs him his life A romantic kiss that starts in 2008 and ends in 2009 getting engaged for real in a heartwarming situation at the end The Dentists live a year of life that everyone wants to live at least once *Our Community in Our Classrooms* Roy Prinsloo, Maureen Robinson, 1992
