Nauka V Kulture:

Chekhov and Russian Religious Culture Julie W. De Sherbinin, 1997 Chekhov and Russian Religious Culture is an innovative study of the Virgin Mary and the saintly harlots Mary of Egypt and Mary Magdalene as a cultural paradigm encoded in Chekhov's prose De Sherbinin establishes the authority of the Marian paradigm in nineteenth century Russian culture with a comprehensive overview of salient religious and literary texts then offers critical readings of more than fifteen Chekhov stories including key works such as *Peasants* *Peasant Women* and *My Life* De Sherbinin argues that Chekhov inverts and displaces the Christian meanings of Marian texts in order to reveal a vast array of problematized relationships to the canonized figures This illuminating semiotic reading of Chekhov explores questions of female identity as it probes the mindset of Russian Orthodox popular culture *Islamic Culture and Pre-Islamic Beliefs in Central Asia* Mihai

Dragnea, Dorina Dragnea, Antonio Alonso Marcos, 2024-09-11 The introduction of Islam ushered in an era of social and cultural change to the region Some pre Islamic sacred places have been transformed into Islamic ones and the cult of saints absorbed elements of both local and Arab mythology This volume which is a project initiated by the Balkan History Association focuses on Islamic culture traditions and pre Islamic beliefs in Central Asia The chapters emphasize the importance of religious life the significance of certain sacred places and their role in the socio spiritual life The volume includes research spanning a period from antiquity to the Post Soviet era to explore how landscapes of religious places and practices were interpreted and reinterpreted through time ***In the Soviet House of Culture*** Bruce Grant, 2020-10-06 At the outset of the twentieth century the Nivkhi of Sakhalin Island were a small population of fishermen under Russian dominion and an Asian cultural sway The turbulence of the decades that followed would transform them dramatically While Russian missionaries hounded them for their pagan ways Lenin praised them while Stalin routed them in purges Khrushchev gave them respite and while Brezhnev organized complex resettlement campaigns Gorbachev pronounced that they were free to resume a traditional life But what is tradition after seven decades of building a Soviet world Based on years of research in the former Soviet Union Bruce Grant's book draws upon Nivkh interviews newly opened archives and rarely translated Soviet ethnographic texts to examine the effects of this remarkable state venture in the construction of identity With a keen sensitivity Grant explores the often paradoxical participation by Nivkhi in these shifting waves of Sovietization and poses questions about how cultural identity is constituted and reconstituted restructured and dismantled Part chronicle of modernization part saga of memory and forgetting *In the Soviet House of Culture* is an interpretive ethnography of one people's attempts to recapture the past as they look toward the future This is a book that will appeal to anthropologists and historians alike as well as to anyone who is interested in the people and politics of the former Soviet Union ***Nanai Shamanic Culture in Indigenous Discourse*** Tatiana Bulgakova, 2013-08-12 This book on Nanai shamanic culture is based on first hand information provided by shamans and recorded in the years between 1980 and 2012 a time of rapid socio

cultural change in Russia It sheds light on the lively indigenous discourse in which social factors such as the splitting of society into different paternal lineages relates to spiritual troubles that Nanai people experience as collective shamanic disease But inter clan confrontations are not only mediated in shamanic rituals as these must not be separated from folk narratives dances and other forms of art Furthermore the book provides profound insights into the plurality of contradictory discourses on indigenous knowledge as well as those delivered in non indigenous contexts The latter arose or became more intense in the Soviet and post Soviet periods and often led to experiments in new shamanic practices **Mikhail**
