Navaho Expedition, Journal of a Military Reconnaissance from Santa Fe, New Mexico to the Navaho Country James Harvey Simpson, 1964 **The Navajo as Seen by the Franciscans, 1898-1921** Howard M. Bahr, 2004-06-24 Utilizing both primary and secondary materials this sourcebook presents the views of the Franciscan missionaries to the Navajo people both in their personal writings and in national publications and mission magazines addressing the Catholic laity and potential donors Select **A Century of Change** Sandra Schackel, 1984 Doña Tules Mary J. Straw Cook, 2021-02-15 Gertrudis Barcel was born at the turn of the nineteenth century in the Bavispe valley of east central Sonora Mexico Young Gertrudis who would later achieve fame under the name Tules discovered how to manipulate men reading their body language and analyzing their gambling habits This power coupled with a strong willed and enterprising nature led Do a Tules to her legendary role as a shrewd and notorious gambling queen and astute businesswoman Throughout the 1830s and 1840s her monte dealings and entertainment houses became legendary throughout the southern Rocky Mountain region Do a Tules s daring behavior attracted the condemnation of many puritanical Anglo travelers along the Santa Fe Trail Demonized by later historians Do a Tules has predominately been portrayed as little more than a caricature of an Old West madam and cardsharp eluding serious historical study until now Mary J Straw Cook sifts through the notoriety to illustrate the significant role Do a Tules played in New Mexico history as the American era was about to begin *Publications in Archeology*, 1974 **One Vast Winter Count** Colin G. Calloway, 2006-01-01 A professor of history offers a sweeping new history of the Native

American West from the earliest arrival of ancient peoples to the early nineteenth century before the Lewis and Clarke expedition opened it to exploration focusing particular attention on the period of conflict that preceded this period Reprint

Leslie Marmon Silko's Storyteller Catherine Rainwater,2016-09-15 As American Indian writers frequently remind their readers storytellers wield formidable power to affect the earth and its inhabitants This power is the same medicine power that inheres in tribal expression such as chants prayers and ceremonial rituals Leslie Marmon Silko critics point out modifies literary genres to create the most effective medicine power When Silko s Storyteller first appeared in 1981 critics were baffled by this complex text Today it is a canonical work in the study of American Indian literature The essays collected in this book addressing both the original edition of Storyteller and the 2012 revision use the growth in understanding of Native American literature in general and of Silko s work in particular to unpack this fascinating work and its critical reception over the years

North American Exploration John Logan Allen,1997-01-01 The third volume of North American Exploration covering 1784 to 1914 charts a dramatic shift in the purpose priorities and results of the exploration of North America As the nineteenth century opened exploration was still fostered by the growth of empire but by the 1830s commercial interests came to drive most exploratory ventures particularly through the fur trade By midcentury however as imperial rivalries lessened and the fur trade declined exploration was driven by the growing scientific spirit of the age although the science was often conducted in the service of a search for railroad routes or natural resources linked to military concerns A clear transition took place as the spirit of the Enlightenment gave way to economic imperatives and to the science of the post Darwinian age and exploration passed beyond discovery and geographical definition This volume explores the resultant beginnings of an understanding of the continent and its native peoples

Small Site Architecture of Chaco Canyon, New Mexico Peter J. McKenna,1986

People Of Chaco Revised And Updated Kendrick Frazier,1999 Praised as a breathtaking piece of work that is written in the best tradition of the science writer and the mystery writer Washington Times People of Chaco is the essential book on the spectacular array of ruins at Chaco Canyon Like Stonehenge they are both a monument to our prehistory and a cryptic puzzle We know that in Chaco Canyon one thousand years ago there arose among the Pueblo people a great and culturally sophisticated civilization Kendrick Frazier addresses questions raised by the famous ruins What function did Chaco Canyon fulfill How great was its extent and influence Why did its culture collapse Frazier scours the canyon for clues and in this expanded edition adds the freshest discoveries on the cosmographic orientation of Chaco s buildings reports conclusions of the new Chaco Synthesis Project updates the cannibalism controversy and summarizes other new archaeological and scientific understanding of this major landmark of the Southwest 155 illustrations

Empires, Nations, and Families Anne Farrar Hyde,2011-07-01 To most people living in the West the Louisiana Purchase made little difference the United States was just another imperial overlord to be assessed and manipulated This was not as Empires Nations and Families makes clear virgin wilderness discovered by virtuous Anglo

entrepreneurs Rather the United States was a newcomer in a place already complicated by vying empires This book documents the broad family associations that crossed national and ethnic lines and that along with the river systems of the trans Mississippi West formed the basis for a global trade in furs that had operated for hundreds of years before the land became part of the United States Empires Nations and Families shows how the world of river and maritime trade effectively shifted political power away from military and diplomatic circles into the hands of local people Tracing family stories from the Canadian North to the Spanish and Mexican borderlands and from the Pacific Coast to the Missouri and Mississippi rivers Anne F Hyde s narrative moves from the earliest years of the Indian trade to the Mexican War and the gold rush era Her work reveals how in the 1850s immigrants to these newest regions of the United States violently wrested control from Native and other powers and how conquest and competing demands for land and resources brought about a volatile frontier culture not at all the peace and prosperity that the new power had promised **How the World Moves** Peter

Nabokov,2016-11-01 A compelling portrait of cultural transition and assimilation via the saga of one Acoma Pueblo Indian family Born in 1861 in New Mexico s Acoma Pueblo Edward Proctor Hunt lived a tribal life almost unchanged for centuries But after attending government schools he broke with his people s ancient codes to become a shopkeeper and controversial broker between Indian and white worlds As a Wild West Show Indian he travelled in Europe with his family and saw his sons become silversmiths painters and consultants on Indian Lore In 1928 in a life culminating experience he recited his version of the origin myth of Acoma Pueblo to Smithsonian Institution scholars Nabokov narrates the fascinating story of Hunt s life within a multicultural and historical context Chronicling Pueblo Indian life and Anglo Indian relations over the last century and a half he explores how this entrepreneurial family capitalized on the nation s passion for Indian culture In this rich book Nabokov dramatizes how the Hunts like immigrants throughout history faced anguishing decisions over staying put or striking out for economic independence and experienced the pivotal passage from tradition to modernity **Chaco Canyon**

Robert H. Lister,Florence C. Lister,1981 The first complete account of Chacoan archaeology from the discovery of the ruins by Spanish soldiers in the seventeenth century through the scientific analyses of the 1970s **Journal of the Military**

Service Institution of the United States Military Service Institution of the United States,1904 **Historical Vignettes**

,1979 **A History Of Textiles** Kax Wilson,2021-11-28 Originally published in 1979 this volume acts as a reference for the history textiles It asks questions on the effect of technology on textiles how did particular historical periods and locations expand or limit the possibilities for the manufacture of fabrics and how the textile history related to politics and economics sociology and psychology art and engineering anthropology and archaeology chemistry and physics Addressing these questions the author surveys the development of the technical components of fabrics and discusses the textiles of selected places and times She uses prose drawings and more than 130 photographs to show how each era of textile production reflects its age This book is designed to serve as a college text and as a reference work for museum researchers With
