Joint Force Quarterly ,1996 **The Crisis of British Sea Power** James Levy,2024-02-20 This work is a close examination of the conditions surrounding and precipitating the last gasp of British naval hegemony and events that led to its

demise Great Britain undertook a massive naval building program in the late 1930s in order to deter aggression and secure dominance at sea against her nascent enemies Nazi Germany and Fascist Italy But the failure of the policy of Appeasement to deter war or delay it into the early 1940s left the building program only partially complete and the exigencies of war led to the cancellation of the critical but costly and time consuming Lion class battleships and the slow delivery of the 1940 battlecruiser HMS Vanguard and two vital fleet carriers Adding to these issues the fall of France spurred the USA to initiate her own even larger naval building program and together with the entry of the powerful and capable Imperial Japanese Navy completely overwhelmed Britain's position as the world's premier naval power This book will be of value to those interested in the history of the Second World War British strategy and the British navy Nimitz E.B. Potter, 2013-11-12 Called a great book worthy of a great man this definitive biography of the commander in chief of the Pacific Fleet in World War II first published in 1976 and now available in paperback for the first time continues to be considered the best book ever written about Adm Chester W Nimitz Highly respected by both the civilian and naval communities Nimitz was sometimes overshadowed by more colorful warriors such as MacArthur and Halsey Potter's lively and authoritative style fleshes out Admiral Nimitz's personality to help readers appreciate the contributions he made as the principal architect of Japan's defeat The book covers his full life from a poverty stricken childhood to postwar appointments as Chief of Naval Operations and U N mediator It candidly reveals Nimitz's opinions of Halsey Kimmel King Spruance MacArthur Forrestal Roosevelt and Truman

US Army in World War II, War in the Pacific, Triumph in the Philippines (Paperback) Defense Dept., Army, Center of Military History , A New Force at Sea David A. Smith, 2023-04-15 A New Force at Sea tells the story of one of the most important officers in the U S Navy between the Civil War and World War II Born in Montpelier Vermont George Dewey attended the still relatively new U S Naval Academy graduating in 1858 He served with distinction in the Civil War in the Union Navy saw a significant amount of action in the Mississippi River and along the Atlantic coast and was singled out for his leadership and bravery by his superior officers In the wake of the war Dewey remained in the Navy as an officer but the American people were generally uninterested in any role their nation could play in the broader world and the Navy languished Dewey however refined his perception of what American global naval strategy could be By the time the Spanish American War broke out in 1898 Dewey commanded a squadron of ships on the far side of the Pacific His victory in the Battle of Manila Bay instantly made him the most famous American military figure after Ulysses S Grant The degree to which Dewey bore responsibility for embroiling the United States in what came to be known as the Philippine Insurrection was overlooked by an American public that eagerly named children for him composed songs in his honor and competed to stage the most extravagant civic celebrations of the quiet naval officer from Vermont It was a public role for which he was ill suited Such was Dewey's celebrity that he when he returned to the United States he was instantly spoken of as a serious candidate for the Presidency in 1900 After an abortive and half hearted candidacy that damaged his public reputation Congress raised

his rank to the newly created Admiral of the Navy the rank he would hold for the rest of his life He became the embodiment of Theodore Roosevelt's big stick attitude and the national symbol for American naval power He served as the chairman of the new General Board of the United States Navy created in 1900 as the first body to address questions of strategy and operational readiness Dewey had a profound understanding that his career bridged two seminal periods in American naval history and clearly understood the repercussions of his victory at Manila He died in Washington in January 1917 shortly before the United States entered World War I fighting against Germany as he had foretold years earlier He was buried at Arlington National Cemetery but shortly after reinterred at the Washington National Cathedral the only U S military officer to have such an honor

Genesis of the Grand Fleet Christopher Buckey, 2021-05-15

Genesis of the Grand Fleet The Admiralty Germany and the Home Fleet 1896-1914 tells the story of the prewar predecessor to the Royal Navy's war-winning Grand Fleet the Home Fleet Established in early 1907 by First Sea Lord Sir John Fisher the Home Fleet combined an active core of powerful armored warships with a unification of the various reserve divisions of warships previously under the control of the three Royal Navy home port commands Fisher boasted that the new Home Fleet would be able to counter the growing German Hochseeflotte While these boasts were accurate they were not the sole motivation behind the Home Fleet's establishment The Liberal Party's landslide victory in the 1906 General Election made fiscal economy on the part of the Admiralty even more important than before and this significantly influenced the Home Fleet's creation Subsequently the Home Fleet suffered a sustained campaign of criticism by the commander in chief of the Channel

Fleet Lord Charles Beresford This campaign ruined many careers including Beresford's and resulted in the assimilation of the Channel Fleet into the Home Fleet in 1909 From 1910 onward the Home Fleet steadily evolved and became the most important single command in the Royal Navy and the Home Fleet's successive commanders in chief had influence on strategic policy rivaled only by the Board of Admiralty The last prewar commander of the Home Fleet Admiral Sir George Callaghan achieved this influence by impressing the civilian head of the Admiralty Winston Churchill A driven reformer Churchill's influence was almost as important as Fisher's Against this backdrop of political drama Genesis of the Grand Fleet The Admiralty Germany and the Home Fleet 1896-1914 explains how Britain maintained its maritime preeminence in the early twentieth century As Christopher Buckey describes the fleet sustained Britain and her allies path to victory in World War I **Military Sea Transportation Service Magazine** ,1971 **The British Navy in the Mediterranean** John D.
