Navigating the Distances Bruce Bennett,1999 **Greatest hits, 1962-2000** Bruce Bennett,2001 Villanelles Annie Finch,Marie-Elizabeth Mali,2012-03-06 The first of its kind a comprehensive collection of the best of the villanelle a delightful poetic form whose popularity ranks only behind that of the sonnet and the haiku With its intricate rhyme scheme and dance like pattern of repeating lines its marriage of recurrence and surprise the villanelle is a form that has fascinated poets since its introduction almost two centuries ago Many well known poets in the past have tried their hands at the villanelle and the form is enjoying a revival among poets writing today The poems collected here range from the classic villanelles of the nineteenth century to such famous and memorable examples as Dylan Thomas s Do not go gentle into that good night Elizabeth Bishop s One Art and Sylvia Plath s Mad Girl s Love Song Here too are the cutting edge works of contemporary poets including Sherman Alexie Lorna Dee Cervantes Rita Dove Seamus Heaney Paul Muldoon and many others whose poems demonstrate the dazzling variety that can be found within the parameters of a single strict form **The Formalist** ,2003 **Harvard Review** ,2001 **Poetry** Harriet Monroe,2000 *A Directory of American Poets and Fiction Writers* Poets and Writers, Inc. Staff,2003 Resource THE DIRECTORY OF AMERICAN POETS FICTION WRITERS is a required resource for any arts or presenting organization looking for literary readers as well as for all publishers seeking to solicit work from the best American writers In additon writers can use the book to find the right writing mentor and connect with other writers When I directed my first arts program the Directory delivered the addresses and phone numbers of writers I loved but couldn t find How many writers and audiences are robbed without the information between these covers Cornelius Eady co founder and co director Cave Canem and author of Brutal Imagination **Paintbrush** ,2001

Web-watching Bruce Bennett,2005 Poetry Has fate a hand The stance is witty but the underlying questions are serious In the shifting light of human consciousness WEB WATCHING addresses large issues by looking at the small worlds of moth and loon and dragonfly Form mediates it delights and instructs Within the Large Uncertainty the patterns on the page provide at least a partial answer By his ceaseless flow of mind and craft Bruce Bennett again proves that the deft hand of the poet makes of quandary a kind of Fate Judith Kitchen **The Robert Frost Review** ,2004 *Subway Figure* Bruce Bennett,2009 Witty aphoristic poems with a love story narrative throughout Orchises Press The Official Guide of the Railways and Steam Navigation Lines of the United States, Porto Rico, Canada, Mexico and Cuba ,1881 A New Way of Seeing Michael Sarnowski,2025-06-04 A New Way of Seeing considers the poetry of five writers Louis Simpson Keith Douglas Richard Hugo Howard Nemerov and Randall Jarrell whose work draws on their activities as soldiers in World War II Basing his examination on extensive primary source research Michael Sarnowski identifies distance both literal and figurative and traumatic memory as two interconnected elements of how these poets internalized the war and made sense of the events they witnessed The book is structured on a gradient related to each poet s proximity to combat as the chapters in turn focus

on an infantryman Simpson a tank commander Douglas a bombardier Hugo a pilot Nemerov and a stateside flight instructor Jarrell Sarnowski relies on a wealth of archival material overlooked by previous scholarship including poem drafts correspondence flight logs and personal belongings The conclusion revisits notions of legacy and representation by assessing factors that contributed to the early labeling of World War II soldiers as a Silent Generation in contrast to the outpouring of poetry published during and following the First World War By exploring how poets processed their wartime experiences A New Way of Seeing offers a stark reminder of why it remains vital to recognize the physical mental and psychological consequences endured by veterans American Book Publishing Record ,2007 **Bret Harte's select works in prose**

significant proportion of academic staff members roles While academics have been acculturated to the notion of publish or perish they often struggle to find the time to accomplish writing papers and tend to work alone The result can be a sense of significant stress and isolation around the writing process Writing partnerships groups and retreats help mitigate these challenges and provide significant positive writing experiences for their members Critical Collaborative Communities describes diverse examples of partnerships from writing regularly with one or two colleagues to larger groups that meet for a single day regular writing meetings or a retreat over several days While these approaches bring mutual support for members each is not without its respective challenges Each chapter outlines an approach to writing partnerships and interrogates its strengths and limitations as well as proposes recommendations for others hoping to implement the practice Authors in this volume describe how they have built significant trusting relationships that have helped avoid isolation and have led to their self authorship as academic writers Enchantments Marci Kwon,2021-04-06 The first major work to examine Joseph Cornell s relationship to American modernism Joseph Cornell 1903 1972 is best known for his exquisite and alluring box constructions in which he transformed found objects such as celestial charts glass ice cubes and feathers into enchanted worlds that blur the boundaries between fantasy and the commonplace Situating Cornell within the broader artistic cultural and political debates of midcentury America this innovative and interdisciplinary account reveals enchantment s relevance to the history of American modernism In this beautifully illustrated book Marci Kwon explores Cornell s attempts to convey enchantment an ephemeral experience that exceeds rational explanation in material form Examining his box constructions graphic design projects and cinematic experiments she shows how he turned to formal strategies drawn from movements like Transcendentalism and Romanticism to figure the immaterial Kwon provides new perspectives on Cornell s artistic and graphic design career bringing vividly to life a wide circle of acquaintances that included artists poets writers and filmmakers such as Mina Loy Lincoln Kirstein Frank O Hara and Stan Brakhage Cornell s participation in these varied

milieus elucidates enchantment's centrality to midcentury conversations about art's potential for power and moral authority and reveals how enchantment and modernity came to be understood as opposing forces. Leading contemporary artists such as Betye Saar and Carolee Schneemann turned to Cornell's enchantment as a resource for their own anti-racist feminist projects. Spanning four decades of the artist's career, *Enchantment's* sheds critical light on Cornell's engagement with many key episodes in American modernism from Abstract Expressionism, 1930s folk art, and the emergence of New York School poetry and experimental cinema to the transatlantic migration of Symbolism, Surrealism, and ballet.
