one of the deaths with the help of his Division Officer he learns to accept what happened and move on As Spears plied her way back toward Norfolk Chris realized he was no longer the unsure easily intimidated neophyte that left Virginia a couple of months before Rather he was coming away from his odyssey with an increased level of self confidence and a newly found sense of pride I am retired from a career in California s high tech industry and reside in Santa Rosa California My first book Winged History The Life and Times of Kenneth L Chastain Aviator Turner Publishing 2003 chronicles my pilot father s life as well as major milestones in American aviation history *The Encyclopaedia Britannica* Thomas Spencer Baynes,1887

Britain's Cold War Warrior David Gledhill,2014-03-26 Have you ever wondered what it was like to fly the Phantom This is not a potted history of an aeroplane nor is it Hollywood glamour as captured in Top Gun This is the story of life on the frontline during the Cold War told in the words of a navigator who flew the iconic jet Unique pictures many captured from the cockpit show the Phantom in its true environment and show why for many years the Phantom was the envy of NATO It also tells the inside story of some of the problems which plagued the Phantom in its early days how the aircraft developed or was neglected and reveals events which shaped the aircraft s history and contributed to its demise Anecdotes capture the deep affection felt by the crews who were fortunate enough to cross paths with the Phantom during their flying careers The nicknames the aircraft earned were not complimentary and included the Rhino The Spook Double Ugly the Flying Brick and the Lead Sled Whichever way you looked at it you could love or hate the Phantom but you could never ignore it for its sheer power and lethal payload The Phantom in Focus A Navigator s Eye on Britain s Cold War Warrior is unique in that the author flew in the legendary Phantom in the front line and captured beautiful and amazing unpublished photographs that will appeal to historians military specialists and modellers alike Navigator Scotland George Philip & Son,Octopus Publishing
