The Colditz Myth S. P. Mackenzie, 2006 Though only one among hundreds of prison camps in which British servicemen were held between 1939 and 1945 Colditz enjoys unparalleled name recognition both in Britain and in other parts of the English speaking world Colditz remains a potent symbol of key virtues including ingenuity and perseverance against apparently overwhelming odds that form part of the popular mythology surrounding the British war effort in World War II Colditz has played a major role in shaping perceptions of the POW experience in Nazi Germany an experience in which escaping is assumed to be paramount and Outwitting the Hun a universal sport The story of Colditz has been told in a variety of forms but in this book MacKenzie chronicles the development of the Colditz myth and puts what happened inside the castle in the context of British and Commonwealth POW life in Germany as a whole Being a captive of the Third Reich from the moment of surrender down to the day of liberation and repatriation was more complicated and a good deal tougher than the popular myth would suggest The physical and mental demands of survival far outweighed escaping activity in order of importance in most camps almost all of the time and even in Colditz the reality was in some respects very different from the almost Boy's Own caricature that developed during the post war decades In The Colditz Myth MacKenzie seeks for the first time to place Colditz both the camp and the legend in a wider historical context

Hitler's RAF Collaborators M.S. Morgan, 2024-06-30 This book delves into the controversial actions of British prisoners of war during World War II exploring cases of alleged betrayal collaboration and espionage During the Second World War over 200 000 British prisoners of war were detained by the Third Reich A large proportion of these PoWs were members of the Royal Air Force or airmen who served in it A number of them have been immortalised in the many books and movies that have portrayed their valiant exploits and escapes none more so than the events surrounding the Great Escape in 1944 The names of camps such as Stalag Luft III at Sagan and Colditz Castle are well known to the general public the prisoners incarcerated there often being held in high regard But there were a few PoWs whose loyalty to the cause and their fellow prisoners might not have been as strong The names of Pilot Officer Railton Freeman Sergeant Jack Alcock and Sergeant Raymond Hughes are among those found in that inglorious group of alleged traitors for all three men betrayed their colleagues and the nation The trio assisted the Nazi regime in making radio broadcasts or even joining the British Frei Korps a unit of the dreaded SS One gave information about the Monica radar system to the Luftwaffe and others got fellow prisoners to divulge information on fake Red Cross forms Other prisoners such as Flight Lieutenant Julius Zuromski and Squadron Leader Robert George Carpenter also came under suspicion when reports began to arrive at MI9 in London

Enquiries were subsequently undertaken by the RAF Special Investigation Branch and MI5 investigations that would ultimately lead to the imprisonment of some and the release of others What these men did and why some were prosecuted and others were released without charge is examined by the author Why one man in particular an ardent Nazi and traitor was not sentenced to death having liaised with the likes of the infamous William Joyce also known as Lord Haw Haw and even Josef Goebbels is a mystery to this day Sadly not all our aviators were heroes But there has long been debate that some of them might have actually been working for the Security Services So were these men traitors who collaborated with Hitler s Third Reich or agents working for the British State
