The importance of long range technology planning and how to take steps to start the planning process. **Technology and the School Library** Odin L. Jurkowski, 2010-05-11 For school librarians technology has become an essential component of their work. To meet the growing need in this area, Odin Jurkowski wrote *Technology and the School Library* in 2006. To address the rapidly and continually changing advancements in technology, however, a more current text is needed. In this revised edition, Jurkowski provides an overview of the types of technologies used in school libraries from traditional low tech options to the latest developments, describing how the school librarian interacts with and works with the technology. Updated throughout, this edition addresses the continuously changing nature of technology, including a new chapter covering web 2.0 tools and their use in education. Major topics covered in this volume include information resources in the school library, the different varieties of educational software, available resources available via the web and the importance of creating a school library web site. This book also addresses tools that can be used in classrooms and technology administration, everything from automation and filters to security on student computers and security systems in general. **Choice**, 1999 *The Australian Library Journal*, 1998-05 **A Hardware and Software Primer for Librarians** Stephen Paling, 1999 Written with the non-Information Technology professional in mind, *A Hardware and Software Primer for Librarians* provides a basic introduction to terminology and concepts. **Electronic Styles** Xia Li, Nancy Crane, 1996 Demonstrates how to cite full text information files, bibliographic databases, Internet accessible electronic journals, e-mail and other online resources. **Junior High School Library Catalog**, 2003 *Collection Management for School Libraries* Joy McGregor, Ken Dillon, James Henri, 2003 Co-published with Charles Sturt University Centre for Information Studies. **Kickstart Initiative** Delano E.
