**Shakespeare and Feminist Performance** Sarah Werner, 2005-07-08 How do performances of Shakespeare change the meanings of the plays In this controversial new book Sarah Werner argues that the text of a Shakespeare play is only one of the many factors that give a performance its meaning By focusing on The Royal Shakespeare Company Werner demonstrates how actor training company management and gender politics fundamentally affect both how a production is created and the interpretations it can suggest Werner concentrates particularly on The influential training methods of Cicely Berry and Patsy Rodenburg The history of the RSC Women's Group Gale Edwards production of *The Taming of the Shrew* She reveals that no performance of Shakespeare is able to bring the plays to life or to realise the playwright's intentions without shaping them to mirror our own assumptions By examining the ideological implications of performance practices this book will help all interested in Shakespeare's plays to explore what it means to study them in performance

Shakespeare's Women and the Fin de Siècle Sophie Duncan, 2016-12-01 *Shakespeare's Women and the Fin de Siècle* illuminates the most iconoclastic performances of Shakespeare's heroines in late Victorian theatre through the celebrity commentary and wider careers of the actresses who played them By bringing together fin de siècle performances of Shakespeare and contemporary Victorian drama for the first time this book illuminates the vital ways in which fin de siècle Shakespeare and contemporary Victorian theatre culture conditioned each other Actresses' movements between Shakespeare and fin de siècle roles reveal the collisions and unexpected consonances between apparently independent areas of the fin de siècle repertory Performances including Ellen Terry's *Lady Macbeth* Madge Kendal's *Rosalind* and Lillie Langtry's *Cleopatra*

illuminate fin de siècle Shakespeare's lively intersections with cultural phenomena including the Jack the Ripper killings, Aestheticism, the suicide craze and the rise of metropolitan department stores. If, as previous studies have shown, Shakespeare was everywhere in Victorian culture, Sophie Duncan explores the surprising ways in which late Victorian culture, from Dracula to pornography and from Ruskin to the suffragettes, inflected Shakespeare. Via a wealth of unpublished archival material, Duncan reveals women's creative networks at the fin de siècle and how Shakespearean performance traditions moved between actresses via little-studied performance genealogies. At the same time, controversial new stage business made fin de siècle Shakespeare as much a crucible for debates over gender roles and sexuality as plays by Ibsen and Shaw. Increasingly, actresses' creative networks encompassed suffragist activists who took personal inspiration from star Shakespearean actresses. From a Salome-esque Juliet to a feminist Paulina, fin de siècle actresses created cultural legacies which Shakespeare in performance still negotiates today. **Psychophysical Acting** Phillip B. Zarrilli, 2012-10-12

**Psychophysical Acting** is a direct and vital address to the demands of contemporary theatre on today's actor. Drawing on over thirty years of intercultural experience, Phillip Zarrilli aims to equip actors with practical and conceptual tools with which to approach their work. Areas of focus include an historical overview of a psychophysical approach to acting from Stanislavski to the present, acting as an energetics of performance applied to a wide range of playwrights: Samuel Beckett, Martin Crimp, Sarah Kane, Kaite O'Reilly and Ota Shogo; a system of training through yoga and Asian martial arts that heightens sensory awareness, dynamic energy and in which body and mind become one; practical application of training principles to improvisation exercises. **Psychophysical Acting** is accompanied by Peter Hulton's downloadable resources featuring exercises, production documentation, interviews and reflection. *Modern British Playwriting: The 1980s* Jane Milling, 2013-12-02

*Modern British Playwriting: The 1980s* equips readers with a fresh assessment of the theatre and principal playwrights and plays from a decade when political and economic forces were changing society dramatically. It offers a broad survey of the context and of the playwrights and companies such as C Complicit and DV8 that rose to prominence at this time. Alongside this, it provides a detailed examination based on fresh research of four of the most significant playwrights of the era and considers the influence they had on later work. The 1980s volume features a detailed study by four scholars of the work of four of the major playwrights who came to prominence: Howard Barker by Sarah Goldingay, Jim Cartwright by David Lane, Sarah Daniels by Jane Milling and Timberlake Wertenbaker by Sara Freeman. *Essential for students of Theatre Studies*, the series of six decadal volumes provides a critical survey and study of the theatre produced from the 1950s to 2009. Each volume features a critical analysis of the work of four key playwrights, besides other theatre work from that decade, together with an extensive commentary on the period. Readers will understand the works in their contexts and be presented with fresh research material and a reassessment from the perspective of the twenty-first century. This is an authoritative and stimulating reassessment of British playwriting in the 1980s. **Voice and New Writing, 1997-2007** M. Inchley, 2015-03-14 In New Labour's

empathetic regime how did diverse voices scrutinize its etiquettes of articulation and audibility Using the voice as cultural evidence Voice and New Writing explores what it means to have a voice in mainstream theatre and for newly included voices to negotiate with the institutions that find and represent their identities Performance: pt. 1.
