Practical Strategies for Family-centered Early Intervention P. J. McWilliam, Pamela J. Winton, Elizabeth R. Crais, 1996
Providing services to families of children with special needs who are at risk for or demonstrating developmental delays is at the core of effective early intervention. *Practical Strategies for Family centered Early Intervention* provides a basic philosophical grounding that addresses a family centered approach to service delivery, a view of the family as the unit of service delivery recognizing its strengths, values and lifestyle, responding to its priorities and individualizing services, and a detailed exploration into the principles and rationale of the family centered approach to early intervention and application of these principles to service delivery.
