Goal I: To foster a supportive and inclusive learning environment where literacy is prioritized for both students and staff, ensuring that every individual has access to the resources and assistance they need to achieve literacy and confidently engage in all aspects of the educational process.

Actions

- b) Engage parents and the local community in literacy initiatives to create a broader support network for students and teachers alike.

Indicators:

- a) The number of initiatives and practices implemented to foster a culture of literacy, such as school-wide reading days, literacy awards, and cross-curricular literacy integration.
- b) The number of collaborative projects and activities that promote literacy across different subjects, integrating literacy into all areas of the curriculum.

Goal II: Increase the percentage of students reading at or above grade level by 15% within the next academic year through targeted interventions, enhanced reading programs, and continuous progress monitoring.

Actions

- a) Provide additional support and targeted intervention for students who are currently reading below grade level, such as one-on-one tutoring and small group instruction.
- b) Regularly assess students' reading levels throughout the year using formative assessments and adjust instructional strategies as needed to ensure steady progress.
- c) Involve families in the reading process by encouraging reading at home, providing resources for parents to support their children's reading, and hosting community literacy events.

Indicators:

- a) A 15% increase in the overall percentage of students reading at or above grade level by the end of the academic year, as compared to the baseline established at the start of the year.
