**IMPROVING SCHOOLS FOR AFRICAN AMERICAN STUDENTS** Sheryl J. Denbo,Lynson Moore Beaulieu,2002-01-01

Improving Schools for African American Students is designed to provide educational leaders with a better understanding of how to recognize the diversity of strengths that Black students bring with them to school and how to use these strengths to improve achievement The articles contained in this book discuss generic education issues such as policy reform the importance of high quality teaching and the improvement of schools from the perspective of the academic achievement of African American students Part I explores institutional racism in the context of America s public schools and provides suggestions for educational leaders to eliminate harmful policies and practices within educational institutions and settings Part II discusses the kinds of institutional and instructional changes that are needed to support successful schooling of African American children and youth Part III focuses on the challenges presented to African American students by the current high stakes testing environment that surrounds standards assessment and accountability A review of the literature on schools that have succeeded in improving achievement for African American students at the elementary middle and high school levels with districts moving towards narrowing the achievement gap is included This text examines a wide variety of policies programs practices and research that will provide valuable insight The emphasis throughout the book is on the ability of educators to successfully restructure their schools offer high quality teaching and learning standards for African American students and to make the kinds of changes that will result in high achievement for all students

**American Presidents and Education** Maurice R. Berube,1991-06-30 The role of the president of the United States in regard to

education changed significantly following the end of World War II As the U S economy became more sophisticated and the country emerged as the dominant technological and world power the demand for an educated work force increased In this work Maurice R Berube offers the first comprehensive analysis of the involvement of American presidents in educational policy tracing the efforts of administrations from Washington to Bush and chronicling the national and international

pressures to shape educational policies that have characterized the post World War II era Berube's work takes the form of a policy study as he analyzes presidential programs in education the reasons for their implementation and their correlation to national educational outcomes Beginning with the birth of the presidency he examines successful programs that had a considerable impact and less successful efforts that were significant either ideologically or as forerunners of future policies The constitutional constraints of the president's role in education are explored as well as recent developments including the corporate presidency and the rhetorical presidency Among the other issues addressed are education and the economy and the federal and state constitutions views of a right to education This work will be a unique and valuable resource for students of presidential history the politics of education and contemporary issues in education as well as an important addition to public and academic library collections

### **Policy and Practice Challenges for Equality in Education**

Neumann, Theresa, Felix, Jonathan J., Shliakhovchuk, Elena, Hindman, Lynne L., 2021-09-10 Well educated populations are important aspects of any contemporary society as education increases national and global development and the positive expansion of communities to participate actively in civil matters also increases Educational equality is based on the principles of administrative competence and fairness of access and distribution of resources opportunities and treatment which ensures success for every person Ensuring equal access to quality education requires addressing a wide range of persistent inequalities in society and includes a stronger focus on how different forms of inequalities intersect to produce unequal opportunities or outcomes that affect marginalized and vulnerable groups Policy and Practice Challenges for Equality in Education takes a multifaceted look at issues of equality and inequality in education as related to policy practice resource access and distribution As such this book explores the potential practices in education that serve to mitigate and transform unproductive practices which have left societies scarred by social and educational inequalities The chapters provide a critical analysis of the manifestations of inequalities in various educational contexts and discerns how broader social inequalities are informed by education related matters This book is ideal for sociologists administrators instructors policymakers data scientists community leaders practitioners stakeholders researchers academicians and students interested in educational equality and the unique challenges being faced worldwide

*Education in Crisis* Judith A. Gouwens, 2009-05-14 A description and critique of education reform in the United States since the 1950s focusing on the current condition of American schools and efforts to increase both educational opportunity and overall excellence Authoritative and objective Education in Crisis A Reference Handbook is a critical look at the current state of the American school system the conditions that have led many to label it in crisis and solutions aimed at leveling the educational playing field elevating overall student achievement and keeping American students competitive on the world stage Education in Crisis shows how competing economic political philosophical psychological and global interests have influenced American education reform It then covers a range of reform initiatives including magnet schools basic skills

curriculum home schooling and the role of technology A comparison of the U S education system to those of other countries and a presentation of helpful resources round out this essential volume for educators policymakers parents and anyone concerned about the nation s schools     *The Race Controversy in American Education* Lillian Dowdell Drakeford

Ph.D.,2015-07-28 In this unique two volume work expert scholars and practitioners examine race and racism in public education tackling controversial educational issues such as the school to prison pipeline charter schools school funding affirmative action and racialized curricula This work is built on the premise that recent efforts to advance color blind race neutral educational policies and reforms have not only proven ineffective in achieving racial equity and equality of educational opportunities and outcomes in America s public schools but also exacerbated existing inequalities That point is made through a collection of essays that examine the consequences of racial inequality on the school experience and success of students of color and other historically marginalized populations Addressing K 12 education and higher education in historically black as well as predominantly white institutions the work probes the impact of race and racism on education policies and reforms to determine the role schools school processes and school structures play in the perpetuation of racial inequality in American education Each volume validates the impact of race on teaching and learning and exposes the ways in which racism manifests itself in U S schools In addition practical recommendations are presented that may be used to confront and eradicate racism in education By exposing what happens when issues of race and racism are marginalized or ignored this collection will prepare readers to resist and perhaps finally overcome the racial inequality that plagues America s schools     **The Open Shelf ,1919     An Outline of American History for Use in High Schools** Jonas Viles,1922
