Schools On Trial An Inside Account Of The Boston Desegregation Case:

Schools on Trial Robert A. Dentler,1984-05 **Schools on Trial** Robert A. Dentler,Marvin B. Scott,1981 **New Evidence on School Desegregation** Finis Welch,Audrey Light,1987 **Historical Dictionary of School Segregation and Desegregation** Jeffrey Raffel,1998-10-15 Throughout the nation s history from before the Civil War through Reconstruction across the years of lynchings and segregation to the Brown v Board of Education decision and the battles over busing no issue has divided the American people more than race and at the heart of the race issue has been the conflict over school segregation and desegregation Prior to the Civil War South Carolina enacted the first compulsory illiteracy law which made it a crime to teach slaves to write and other Southern states soon followed South Carolina s example After the Civil War schools for blacks were founded throughout the South including many Historically Black Colleges and Universities The 1896 Plessy v Ferguson Supreme Court decision established the principle of separate but equal education which led to decades of segregation With the 1954 Brown decision the Supreme Court overturned the separate but equal principle and the Civil Rights Act of 1964 empowered the federal government to affect school desegregation The process of desegregation continues to this day with much debate and mixed results Through more than 260 alphabetically arranged entries this comprehensive reference book describes persons court decisions terms and concepts legislation reports and books types of plans and organizations central to the struggle for educational equality The volume covers topics ranging from emotionally laden terms such as busing to complex legal concepts such as de facto and de jure segregation Each entry includes factual information a summary of different viewpoints and a brief bibliography The book includes an introduction which outlines the history of school segregation and desegregation along with a chronology and extensive bibliographic material Thus this reference is a complete guide to school segregation and desegregation in elementary secondary and higher education in the United States **Boston Against Busing** Ronald P. Formisano,2012-01-01 Perhaps the most spectacular reaction to court ordered busing in the 1970s occurred in Boston where there was intense and protracted protest Ron Formisano explores the sources of white opposition to school desegregation Racism was a key factor Formisano argues but racial prejudice alone cannot explain the movement Class resentment ethnic rivalries and the defense of neighborhood turf all played powerful roles in the protest In a new epilogue Formisano brings the story up to the present day describing the end of desegregation orders in Boston and other cities He also examines the nationwide trend toward the resegregation of schools which he explains is the result of Supreme Court decisions attacks on affirmative action white flight and other factors He closes with a brief look at the few school districts that have attempted to base school assignment policies on class or economic status **Why Busing Failed** Matthew F. Delmont,2016-03-01 In the decades after the landmark Brown v Board of Education Supreme Court decision busing to achieve school desegregation became one of the nation s most controversial civil rights issues Why Busing Failed is the first book to examine the pitched battles over busing on a national scale focusing on cities

such as Boston Chicago New York and Pontiac Michigan This groundbreaking book shows how school officials politicians the courts and the media gave precedence to the desires of white parents who opposed school desegregation over the civil rights of black students This broad and incisive history of busing features a cast of characters that includes national political figures such as then president Richard Nixon Chicago mayor Richard J Daley and antibusing advocate Louise Day Hicks as well as some lesser known activists on both sides of the issue Boston civil rights leaders Ruth Batson and Ellen Jackson who opposed segregated schools and Pontiac housewife and antibusing activist Irene McCabe black conservative Clay Smothers and Florida governor Claude Kirk all supporters of school segregation Why Busing Failed shows how antibusing parents and politicians ultimately succeeded in preventing full public school desegregation [A Race Against Time](#) James G. Cibulka, William L. Boyd, 2003-03-30 We are in a race against time to save urban children from educational failure and to reform urban school systems before people give up on them The authors examine the effectiveness of three reform approaches systems reform mayoral influence and external state or federal intervention using case studies from seven large cities as well as state and national trends The social and economic transformation of large American cities after World War II laid the seeds for the crisis in urban education that has festered and grown since the 1950s Decades of appalling test scores and failure rates and of unsuccessful piecemeal efforts to improve urban education have led the public and policymakers to embrace radical solutions to reform Three approaches to the reform of urban school governance are discussed and analyzed using data from seven large cities Baltimore Boston Chicago Los Angeles Philadelphia Washington D C and New York national trends and a statewide analysis of Maryland s school accountability system The first approach systems reform focuses on improving the governance of urban education by overcoming policy fragmentation through standards for student performance student assessments and accountability among other things Strong mayoral roles offer a second reform approach that largely reverses the Progressive era reforms of the last century separating schools from city politics Its supporters believe urban mayors can restore accountability stability and political support for urban schools The third reform approach assumes that external intervention by federal or state authorities is needed to restore accountability and improve system performance **Boston Riots** Jack Tager, 2001 The fascinating story of Boston s violent past is told for the first time in this history of the city s riots from the food shortage uprisings in the 18th century to the anti busing riots of the 20th century [Suspended Education](#) Aaron Kupchik, 2025-03-18 How the historic resistance to racial desegregation in schools led to the over punishment of students today Every year millions of public school students are suspended This overused punishment removes students from the classroom but it does not improve their behavior Instead suspension disrupts their education harming the students their families and their schools Black students suffer most within this broken system experiencing a far greater risk of school punishment and the significant harms that accompany it Many activists and scholars have considered how school punishment increases racial inequity but few have thought to ask why Why do we punish

students the way we do and why have we allowed this harmful practice to impact the lives of our nation's children In **Suspended Education** Aaron Kupchik takes readers to the root of the issue Suspensions were not intended as a behavior management tool Instead they were designed to remove unwanted students from the classroom Through statistical analysis and in depth case studies of schools in Massachusetts and Delaware Kupchik reveals how suspension rates skyrocketed after the 1954 *Brown v Board of Education* decision serving as an unofficial means of removing Black children from newly desegregated schools His groundbreaking research traces the legacy of these segregationist movements demonstrating that school districts with more desegregation related legal battles from the 1950s onward suspend more Black students today Combining expert analysis with compelling accessible prose Kupchik makes a powerful case for the end of suspension and other exclusionary punishments The result is a revelatory explanation of a pressing problem facing all children parents and educators today
