

by Maurice J. E. Brown

Schubert A Critical Biography

Susan Youens

Schubert A Critical Biography:

Schubert a Critical Biography Maurice J E Brown,2023-07-18 This book is a definitive biography of the composer Franz Schubert one of the most important figures of early Romanticism Maurice J E Brown provides detailed analysis of Schubert s life and works including his famous song cycles like Winterreise and Schwanengesang as well as his symphonies and chamber music This book is essential reading for anyone interested in the history and development of Romantic music This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Schubert** Maurice John Edwin Brown,1958 **Schubert** Ramboro Books,1998-05

Schubert: a Critical Biography Jr. Brown, Jr.,Maurice John Edwin Brown,1960-12 *Schubert a Critical Biography - Scholar's Choice Edition* Maurice J E Brown,2015-02-15 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Schubert, a Critical Biography by Maurice J.E. Brown* Maurice John Edwin Brown,1958

Schubert Maurice J. B. Brown,1958 **Schubert a Critical Biography - Primary Source Edition** Maurice J.E.Brown,2014-03 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book *Schubert, Etc. [A Critical Biography. With Plates, Including Portraits, and a Bibliography.].* Arthur Hutchings,1945 Schubert John Reed,1997 When this much acclaimed biography was published ten years ago Eric Sams welcomed it as a model of critical

biography an essential vade mecum for all Schubertians In the intervening years however Schubert's public image has changed considerably He has since the 1860s been the favourite composer of the man in the street but the view from the academic lecture room has not always been equally attractive Now the Ph D theses flow from the university presses and 1997 when Schubert's bicentenary is celebrated is likely to see many more Modern scholarship in the meantime has destroyed many of the familiar hagiographic images of Schubert the man the impoverished Bohemian the eternal youth the reluctant lover the genius in the garret and has even dared to bring Schubert's sexuality within the compass of critical discussion This has made it necessary to revise thoroughly the main text of the book as well as the four detailed appendices which serve as a useful reference section to the book Its aim remains the same to provide a readable authoritative and reliable guide to Schubert's life and works for the student the musician and the general reader

Schubert's Fingerprints: Studies in the Instrumental Works Susan Wollenberg, 2016-04-01 As Robert Schumann put it Only few works are as clearly stamped with their author's imprint as his This book explores Schubert's stylistic traits in a series of chapters each discussing an individual fingerprint with case studies drawn principally from the piano and chamber music The notion of Schubert's compositional fingerprints has not previously formed the subject of a book length study The features of his personal style considered here include musical manifestations of Schubert's violent nature the characteristics of his thematic material and the signs of his classicizing manner In the process of the discussion attention is given to matters of form texture harmony and gesture in a range of works with regard to the various fingerprints identified in each chapter The repertoire discussed includes the late string quartets the String Quintet the E flat Piano Trio and the last three piano sonatas Developing ideas which she first proposed in a series of journal articles and contributions to symposia on Schubert Professor Wollenberg takes into account recent literature by other scholars and draws together her own researches to present her view of Schubert's compositional personality Schubert emerges as someone exerting intellectual control over his musical material and imbuing it with poetic resonance

Schubert and His World H. P. Clive, 1997 This is the first book of its kind on Schubert It appears at a time when scholarly and general interest in his life and compositions is greater than ever and its publication coincides with the celebration of the bicentenary of Schubert's birth in 1797 The book opens with a chronicle of Schubert's life which is followed by more than 300 biographical entries offering information not only on his friends and acquaintances and on persons with whom he was associated through his music poets librettists publishers patrons musicians but also on a number of later Schubertians who greatly advanced public appreciation and scholarly examination of his music or made a particularly significant contribution to our knowledge of his life The book thus adds a fuller context and perspective to the reader's view of Schubert's activities and indeed of the music itself

Nineteenth-Century Chamber Music Stephen Hefling, 2004-03-01 Nineteenth Century Chamber Music proceeds chronologically by composer beginning with the majestic works of Beethoven and continuing through Schubert Spohr and Weber Mendelssohn Schumann Brahms the French composers Smetana and

Dvor k and the end of the century pre modernists Each chapter is written by a noted authority in the field The book serves as a general introduction to Romantic chamber music and would be ideal for a seminar course on the subject or as an adjunct text for Introduction to Romantic Music courses Plus musicologists and students of 19th century music will find this to be an invaluable resource

The Cambridge Companion to the Lied James Parsons,2004-07 Beginning several generations before Schubert the Lied first appears as domestic entertainment In the century that follows it becomes one of the primary modes of music making By the time German song comes to its presumed conclusion with Richard Strauss s 1948 Vier letzte Lieder this rich repertoire has moved beyond the home and keyboard accompaniment to the symphony hall This is a 2004 introductory chronicle of this fascinating genre In essays by eminent scholars this Companion places the Lied in its full context at once musical literary and cultural with chapters devoted to focal composers as well as important issues such as the way in which the Lied influenced other musical genres its use as a musical commodity and issues of performance The volume is framed by a detailed chronology of German music and poetry from the late 1730s to the present and also contains a comprehensive bibliography

Poetry Into Song Deborah Stein,Robert Spillman,2010-06-10 When Franz Schubert put Goethe s poem Gretchen am Spinnrade to music in 1814 he created a musical form that has captivated audiences ever since In *Poetry into Song* Deborah Stein and Robert Spillman challenge readers to seek a richer more imaginative understanding of Lied the nineteenth century German art song Written for students of voice piano and theory and for all singers and accompanists *Poetry into Song* establishes a framework for the analysis of song based on a process of performing listening analyzing and performing again This unique approach emphasizes the reciprocal interaction between performance and analysis Focusing on the masterworks *Poetry into Song* features numerous poetic texts as well as a core repertoire of songs Examples throughout the text demonstrate points and end of chapter questions reinforce concepts and encourage directed analysis While numerous books have been written on Lieder and German Romantic poetry *Poetry into Song* is the first to combine performance musical analysis textual analysis and the interrelation between poetry and music in a truly systematic thorough way

Unfinished History David Montgomery,2017-06-01 David Montgomery s *Unfinished History* challenges the traditional story of Franz Schubert s B minor Symphony and searches for a more credible account of this great work Written for all Schubert lovers from lay readers to musicians and musicologists the book reviews a strangely persistent mythology concerning the symphony continuing with the first in depth examination of its manuscript and related documents Details of handwriting notation paper watermarks compositional procedures and stylistic contexts suggest a new year and country of origin for the Unfinished Symphony a possible explanation for the absence of a finale in the sketches and an alternative account of the score s disappearance and prolonged sequestration The author concludes with an essay on performing the work in the context of its own times The story of the Unfinished has been based partly upon three conflicting letters written in old age by Schubert s former secretary long after the composer s death A fourth document in this insupportable mythology

is a photograph of a lost letter purportedly sent from Schubert to the Styrian Music Society in Graz promising to send them a symphony Many historians still believe the letter to be genuine despite the fact that its signature has been traced David Montgomery's handwriting analysis finally identifies the real writer of this odd missive clearing a further path to new research

Sourcebook for Research in Music Phillip Crabtree, Donald H. Foster, 1993 This bibliography of bibliographies lists and describes sources from basic references to highly specialized materials Valuable as a classroom text and as a research tool for scholars librarians performers and teachers

Ten Masterpieces of Music Harvey Sachs, 2021-10-26 Some pieces of music survive Most fall into oblivion What gives the ten masterpieces selected for this book their exceptional vitality In this penetrating volume Harvey Sachs acclaimed biographer and historian of classical music takes readers into the hearts of ten extraordinary works of classical music in ten different genres showing both the curious novice and the seasoned listener how to recognize appreciate and engage with these masterpieces on a historical and compositional level Far from what is often thought classical music is neither dead nor dying As a genre it is constantly evolving its pieces passing through countless permutations and combinations yet always retaining that essential life force The works collected here composed in the years between 1784 and 1966 are a testament to this fact As Sachs skillfully demonstrates they have endured not because they were exceptionally well made or interesting but because they were created by composers Mozart and Beethoven Schubert Schumann Berlioz Verdi and Brahms Sibelius Prokofiev and Stravinsky who had a particular genius for drawing music out of their deepest wellsprings Through music Sachs writes they universalized the intimate In describing how music actually sounds *Ten Masterpieces of Music* seems to do the impossible animating the process of composing as well as the coming together of disparate scales and melodies trills and harmonies It tells us too how particular compositions came to be often revealing that the pieces we now consider classic were never intended to be so In poignant exquisite prose Sachs shows how Mozart a former child prodigy under constant pressure to produce new music hastily penned Piano Concerto No 17 in G major one of his finest piano concertos for a teenage student and likewise demonstrates how Goethe's *Faust* Part One became a springboard for the musical imagination of the French composer Berlioz As Sachs explains these pieces are not presented as candidates for a new Top Ten They represent neither the most well known nor the most often performed works of each composer Instead they were chosen precisely because he had something profound to say about them about their composers about how each piece fits into its composer's life and about how each of these lives can be contextualized by time and place In fact Sachs encourages readers to form their own favorites and teaches them how to discern special characteristics that will enhance their own listening experiences With *Ten Masterpieces of Music* it becomes evident that Sachs has lived with these pieces for a veritable lifetime His often soaring descriptions of the works and the dramatic lives of the men who composed them bring a heightened dimension to the musical perceptions of all listeners communicating both the sheer improbability of a work becoming a classic and why certain pieces

these ten among them survive the perilous test of time The Companion to The Mechanical Muse: The Piano, Pianism and Piano Music, c.1760-1850 Derek Carew, 2016-03-23 Intended as a supplement to The Mechanical Muse The Piano Pianism and Piano Music c 1760 1850 this Companion provides additional information which largely for reasons of space but also of continuity it was not possible or desirable to include in that volume The book is laid out alphabetically and full biographical entries are provided for all musical figures mentioned including composers performers theoreticians and teachers as well as piano makers and publishers of music within the period covered by The Mechanical Muse There are also entries on figures of importance from outside the period but whose influence is palpably important within it such as J S Bach As well as biographical information all these entries contain lists of principal works and a section on further reading so that readers can follow up people and matters of particular interest Also included in The Companion are entries devoted to particular works and other information of relevance such as descriptions of musical forms characteristics of dances and so on as well as some technical information on music and explanations of technical terms pertaining to keyboard instruments themselves and to ways of playing them This Companion is not intended to replace existing reference books such as Grove or Musik in Geschichte und Gegenwart but will be useful for those who desire to know more about a particular topic and do not necessarily have access to more specialist reference works or time to visit large or specialist libraries As such it is indispensable to users of The Mechanical Muse Retracing a Winter's Journey Susan Youens, 2013-01-15 I like these songs better than all the rest and someday you will too Franz Schubert told the friends who were the first to hear his song cycle Winterreise These lieder have always found admiring audiences but the poetry he chose to set them to has been widely regarded as weak and trivial Susan Youens looks not only at Schubert's music but at the poetry drawn from the works of Wilhelm Müller who once wrote in his diary perhaps there is a kindred spirit somewhere who will hear the tunes behind the words and give them back to me Youens maintains that Müller in depicting the wanderings of the alienated lover produced poetry that was simple but not simple minded poetry that embraced simplicity as part of its meaning In her view Müller used the ruder folk forms to give his verse greater immediacy to convey more powerfully the wanderer's complex inner state Youens addresses many different aspects of Winterreise the cultural milieu to which it belonged the genesis of both the poetry and the music Schubert's transformation of poetic cycle into music the philosophical dimension of the work and its musical structure

Thank you unconditionally much for downloading **Schubert A Critical Biography**. Maybe you have knowledge that, people have seen numerous periods for their favorite books once this Schubert A Critical Biography, but end stirring in harmful downloads.

Rather than enjoying a good PDF in the manner of a mug of coffee in the afternoon, on the other hand they juggled in the same way as some harmful virus inside their computer. **Schubert A Critical Biography** is open in our digital library and an online permission to it is set as public appropriately you can download it instantly. Our digital library saves in merged countries, allowing you to get the most less latency era to download any of our books in the manner of this one.
