Schuberts Vienna

Christopher H. Gibbs

Schuberts Vienna:

Schubert's Vienna Raymond Erickson,1997-01-01 The Vienna in which Franz Schubert lived for the thirty one years of his life was not just a city of music dance and coffeehouses a centre of important achievements in the arts It was also the capital of an empire that was constantly at war in the composer s youth and that became a police state during his maturity

Schubert and His Vienna Charles Osborne,1985 **Schubert** Lorraine Bodley,2023-07-11 An insightful biography of the great composer revealing Schubert s complex and fascinating private life alongside his musical genius Brilliant short lived incredibly prolific Schubert is one of the most intriguing figures in music history While his music attracts a wide audience much of his private life remains shrouded in mystery and significant portions of his work have been overlooked In this major new biography Lorraine Byrne Bodley takes a detailed look into Schubert s life from his early years at the Stadtkonvikt to the harrowing battle with syphilis that led to his death at the age of thirty one Drawing on extensive archival research in Vienna and the Czech Republic and reconsidering the meaning of some of his best known works Bodley provides a fuller account than ever before of Schubert s extraordinary achievement and incredible courage This is a compelling new portrait of one of the most beloved composers of the nineteenth century **The Cambridge Companion to Schubert** Christopher H.

Gibbs,1997-04-17 This Companion to Schubert examines the career music and reception of one of the most popular yet misunderstood and elusive composers Sixteen chapters by leading Schubert scholars make up three parts The first seeks to situate the social cultural and musical climate in which Schubert lived and worked the second surveys the scope of his musical achievement and the third charts the course of his reception from the perceptions of his contemporaries to the assessments of posterity Myths and legends about Schubert the man are explored critically and the full range of his musical accomplishment is examined **Unfinished History** David Montgomery,2017-06-01 David Montgomery s Unfinished History challenges the traditional story of Franz Schubert s B minor Symphony and searches for a more credible account of this great work Written for all Schubert lovers from lay readers to musicians and musicologists the book reviews a strangely persistent mythology concerning the symphony continuing with the first in depth examination of its manuscript and related documents Details of handwriting notation paper watermarks compositional procedures and stylistic contexts suggest a new year and country of origin for the Unfinished Symphony a possible explanation for the absence of a finale in the sketches and an alternative account of the score s disappearance and prolonged sequestration The author concludes with an essay on performing the work in the context of its own times The story of the Unfinished has been based partly upon three conflicting letters written in old age by Schubert s former secretary long after the composer s death A fourth document in this insupportable mythology is a photograph of a lost letter purportedly sent from Schubert to the Styrian Music Society in Graz promising to send them a symphony Many historians still believe the letter to be genuine despite the fact that its signature has been traced David Montgomery s handwriting analysis finally identifies the real writer of this odd missive clearing a

further path to new research **Franz Schubert** Newman Flower,1928 **Schubert's Goethe Settings** LorraineByrne Bodley,2017-07-05 The traditional approach to the study of Goethe and Schubert is to place them in opposition to one another both in terms of their life experiences and in relation to the nineteenth century Lied In her introduction to this book Lorraine Byrne examines the myths that have evolved around these artists and challenges the view that Goethe was unmusical and conservative in his musical tastes She also considers Schubert s life in relation to his obvious affinity with the poet and links the composer s Goethe settings with the poet s perception of the Lied Goethe judged the success of a setting by whether the meaning of the text had been realised in musical form In his Goethe settings Schubert translates the poet s meaning into musical terms and his rendition attains the classical unity of words and music that Goethe sought The core of this volume is the series of individual analyses of all of Schubert s solo dramatic and multi voice settings of Goethe texts These explore in detail both the literary and the musical dimensions of each work and Schubert s reading and interpretation of Goethe s writings This is the first study in English to treat both artists with equal attention and insight This together with its encyclopaedic coverage of this important corpus of works makes this volume an essential reference tool for all those who study Schubert and Goethe *Schubert in the European Imagination* Scott Messing,2006 The concept of Schubert as a feminine type began in 1838 This work examines the historical reception of Franz Schubert as conveyed through the gendered imagery and language of 19th and early 20th century European culture The figures discussed include Musset Sand Nerval Maupassant George Eliot and others **Schubert's Late Lieder** Susan Youens,2006-11-02 Schuberts Late Lieder is a study of selected songs for voice and piano composed by Schubert between 1822 and his death on 19 November 1928 Circa late 1822 Schubert was diagnosed with syphilis and many of the songs discussed in this book were written under the seal of impending death It is possible to locate in these songs a late song style full of elegiac references to Schuberts other death haunted works and marked by distinctive variation techniques Youens also introduces six of the poets whose texts Schubert set to music *The Unknown Schubert* LorraineByrne Bodley,2017-07-05 Franz Schubert 1797 1828 is now rightly recognized as one of the greatest and most original composers of the nineteenth century His keen understanding of poetry and his uncanny ability to translate his profound understanding of human nature into remarkably balanced compositions marks him out from other contemporaries in the field of song Schubert was one of the first major composers to devote so much time to song and his awareness that this genre was not rated highly in the musical hierarchy did not deter him throughout a short but resolute and hard working career from producing songs that invariably arrest attention and frequently strike a deeply poetic note Schubert did not emerge as a composer until after his death but during his short lifetime his genius flowered prolifically and diversely His reputation was first established among the aristocracy who took the art music of Vienna into their homes which became places of refuge from the musical mediocrity of popular performance More than any other composer Schubert steadily graced Viennese musical life with his songs piano music and chamber

compositions Throughout his career he experimented constantly with technique and in his final years began experiments with form The resultant fascinating works were never performed in his lifetime and only in recent years have the nature of his experiments found scholarly favor In *The Unknown Schubert* contributors explore Schubert's radical modernity from a number of perspectives by examining both popular and neglected works Chapters by renowned scholars describe the historical context of his work its relation to the dominant artistic discourses of the early nineteenth century and Schubert's role in the paradigmatic shift to a new perception of song This valuable book seeks to bring Franz Schubert to life exploring his early years as a composer of opera his later years of ill health when he composed in the shadow of death and his efforts to reflect i

Franz Schubert and His World Christopher H. Gibbs, Morten Solvik, 2014-08-17 The life times and music of Franz Schubert During his short lifetime Franz Schubert 1797-1828 contributed to a wide variety of musical genres from intimate songs and dances to ambitious chamber pieces symphonies and operas The essays and translated documents in *Franz Schubert and His World* examine his compositions and ties to the Viennese cultural context revealing surprising and overlooked aspects of his music Contributors explore Schubert's youthful participation in the Nonsense Society his circle of friends and changing views about the composer during his life and in the century after his death New insights are offered about the connections between Schubert's music and the popular theater of the day his strategies for circumventing censorship the musical and narrative relationships linking his song settings of poems by Gotthard Ludwig Kosegarten and musical tributes he composed to commemorate the death of Beethoven just twenty months before his own The book also includes translations of excerpts from a literary journal produced by Schubert's classmates and of Franz Liszt's essay on the opera *Alfonso und Estrella* In addition to the editors the contributors are Leon Botstein Lisa Feurzeig John Gingerich Kristina Muxfeldt and Rita Steblin

Franz Schubert Graham Johnson, 2014-12-16 This three volume boxed set is the definitive work on Franz Schubert's vocal music with piano A richly illustrated encyclopedia these substantial volumes contain more than seven hundred song commentaries with parallel text and translations by Richard Wigmore detailed annotations on the songs poetic sources and biographies of one hundred and twenty poets as well as general articles on accompaniment tonality transcriptions singers and more Written by Graham Johnson celebrated accompanist author and the first pianist ever to record all of Schubert's songs and part songs this sumptuous work is a must for performers scholars and all lovers of Schubert lieder

Schubert Brian Newbould, 1999-04-01 Of all the great composers none not even Mozart has been so dogged by myth and misunderstanding as Franz Schubert The notion of Schubert as a pudgy lovelorn Bohemian schwammerl mushroom scribbling tunes on the back of menus in idle moments has never quite been eradicated In this major new biography Brian Newbould balances discussion of Schubert's compositions with an exploration of biographical influences that shaped his musical aesthetics *Schubert The Music and the Man* offers an eminently readable description of a musician who was compulsively dedicated to his art a composer so prolific that he produced over a thousand works in eighteen years Gifted

with an intuitive know how coupled with a Mozartian facility for composition Schubert combined the relish and wonder of an amateur with the discipline and technical rigor of a professional He moved quickly and comfortably among genres and sometimes composed directly into score but many pieces required painstaking revision before they satisfied his growing self criticism Examining afresh the enigmas surrounding Schubert s religious outlook his loves his sexuality his illness and death Newbould offers above all a celebration of a unique genius an idiosyncratic composer of an astonishing body of powerful enduring music *Schubert and His World* H. P. Clive,1997 This is the first book of its kind on Schubert It appears at a time when scholarly and general interest in his life and compositions is greater than ever and its publication coincides with the celebration of the bicentenary of Schubert s birth in 1797 The book opens with a chronicle of Schubert s life which is followed by more than 300 biographical entries offering information not only on his friends and acquaintances and on persons with whom he was associated through his music poets librettists publishers patrons musicians but also on a number of later Schubertians who greatly advanced public appreciation and scholarly examination of his music or made a particularly significant contribution to our knowledge of his life The book thus adds a fuller context and perspective to the reader s view of Schubert s activities and indeed of the music itself Schubert Julian Horton,2017-07-05 The collection of essays in this volume offer an overview of Schubertian reception interpretation and analysis Part I surveys the issue of Schubert s alterity concentrating on his history and biography Following on from the overarching dualities of Schubert explored in the first section Part II focuses on interpretative strategies and hermeneutic positions Part III assesses the diversity of theoretical approaches concerning Schubert s handling of harmony and tonality whereas the last two parts address the reception of his instrumental music and song This volume highlights the complexity and diversity of Schubertian scholarship as well as the overarching concerns raised by discrete fields of research in this area The New Grove Schubert Maurice John Edwin Brown,Eric Sams,1983 Traces the life of Franz Schubert describes the development of his musical career and discusses the composition of his major works Schubert's Late Music Lorraine Byrne Bodley,Julian Horton,2016-04-07 A thematic exploration of Schubert s style applied in readings of his instrumental and vocal literature by international scholars

Schubert Studies Brian Newbould,2017-07-05 Schubert Studies comprises eleven essays by renowned Schubert scholars and performers The volume sheds light on certain aspects of Schubert s music and biography which have hitherto remained relatively neglected or which warrant further investigation Musical topics include analyses of tempo conventions transitional procedures and rhythmic organization There are reassessments of several works using autograph research performing experience and other approaches while assumptions as to the extent of Schubert s influence on later Czech composers are also brought into question Concerns with aspects of Schubert s biography in particular the social and musical circles in which he moved come under examination in several essays The final two chapters deal specifically with the composer s relationships with women and the psychological and physiological illnesses from which he suffered Each of the

essays here charts new and existing evidence to provide fresh perspectives on these aspects of Schubert's life and music making this volume an indispensable tool for scholars concerned with his work Schubert's Poets and the Making of Lieder Susan Youens, 1999-10-28 Lieder began with words with the composer's discovery of a poet and a poetic work but the scholarly study of lieder has tended to bypass those origins Schubert's choice of poets has traditionally come under fire for the preponderance of mediocre talent and yet many of these writers were highly esteemed in their day In her highly acclaimed study Susan Youens has chosen four such poets Gabriele von Baumberg Theodor Körner Johann Mayrhofer and Ernst Schulze in order to re-examine their lives works and Schubert's music to their verse All four poets were vivid inhabitants of a vivid era and their tribulations afford us added insight into the upheavals the manners and mores of their day

Schubert Studies Eva Badura-Skoda, Peter Branscombe, 2008-10-30 This collection of articles clarifies problems of style and chronology in the music Schubert composed during the last decade of his life

Yeah, reviewing a book **Schuberts Vienna** could go to your near connections listings. This is just one of the solutions for you to be successful. As understood, ability does not suggest that you have astounding points.

Comprehending as capably as contract even more than further will have the funds for each success. next to, the pronouncement as with ease as perception of this Schuberts Vienna can be taken as without difficulty as picked to act.
