The Causes of Economic Growth Rick Szostak, 2009-03-02 What are the causes of economic growth As billions of people still live in poverty this is perhaps the most important question in human science It is also a very complex one as rates of economic growth are influenced by a multitude of economic as well as political geographical and sociological factors This books attempts to advance a nuanced understanding of the process of economic growth by synthesizing the insights of several social science disciplines Different theories and methods employed

by economists and other social scientists to study the causes of economic growth are analyzed and it is shown how and why those insights should be integrated by applying best practice techniques of interdisciplinary analysis. Scholars and practitioners are thus provided with a wide array of potential strategies for encouraging growth as well as guidance on how these strategies may interact.

The Current State of Economic Science Shri Bhagwan Dahiya, 1999 *Studies on Economic Development and Growth in Selected African Countries* Almas Heshmati, 2017-05-02 This book is a collection of studies on economic development and growth in selected African countries. It consists of an introduction summary and 15 inter-related empirical studies grouped into 5 research areas: women's empowerment and demand for healthcare, the impact of institutions, aid, inflation and FDI on economic growth, capital structure and bank loan growth effects, trade, mineral exports and exchange rate and growth, productivity and efficiency in various industries. While it provides a comprehensive picture of the state of economic development and growth in most parts of the continent, the main focus is on economic development and growth in Ethiopia and Rwanda, two countries undergoing rapid economic and social development.

The Process of Economic Development James M. Cypher, James L. Dietz, 2004 This textbook includes discussions of such topics as the environment, the debt case, export-led industrialization, import substitution, industrialization, growth theory and technological capability.

The Dynamic Transformation of China's Economic Development Under the New Normal Wen Xiao, Jiadong Pan, Hao Chen, 2024-06-24 This book aims to reveal the dynamic mechanism of China's economic system innovation. It measures the efficiency of China's economic growth under the New Normal with the tools of DEA, SFA and PCA. The book analyzes the contribution of capital, labor and productivity to China's economic growth by Solow residual value method and the power source of China's economic development under the New Normal. In this book, it adopts the vertical integration of logical thinking combined with the horizontal diversification of topics to show a brand new research method.
