Consciousness and Its Evolution Richard W. Coan, 2013-04-23 How has human consciousness evolved from its primitive origins and what course will it take in the future How should it develop in an individual from infancy and through childhood and the adult years Such questions have been the focus of many writers and many religious and philosophical traditions both Eastern and Western Most writers and traditions conceive of psychic evolution in terms of one universal pattern and the evolutionary goal considered by a given writer or tradition may be one of rationality love or transcendence of one's individual separateness The author contends that we may conceptualize the goal of psychic evolution in terms of any of five different modes of fulfillment We can recognize higher and lower levels of attainment in each of these modes Whatever mode an individual emphasizes it is easy to recognize a value in having access to other modes In the author's view we need to recognize alternative pathways of psychic evolution The pathways will differ with respect to the modes that are emphasized and the nature of the interplay of different modes The Psychology of Yoga Georg Feuerstein, 2014-01-14 Psychoanalysis

itself and the lines of thought to which it gives rise said C G Jung are only a beginner's attempt compared to what is an immemorial art in the East by which he was referring to the millennia old study of the mind found in Yoga That tradition was hardly known in the West when the discipline of psychology arose in the nineteenth century but with the passing of time the common ground between Yoga and psychology has become ever more apparent Georg Feuerstein here uses a modern psychological perspective to explore the ways Hindu Buddhist and Jaina yogas have traditionally regarded the mind and how it works and shows how that understanding can enhance modern psychology in both theory and practice Fundamentals of

Cushman,Sarah

Sanderson King, 2001-07-19 Effectively communicating an organization's strategy is at the heart of achieving high performance. Organizational strategy manifests itself in different ways employing differing tactics at the competitive, crisis, marketing, research and development, manufacturing, training, management and leadership levels. This book explores each of these processes and provides case studies in the ways in which excellent organizations perform in each of these contexts. The essays focus on the what, when, where and how aspects of excellence in communicating organizational strategy and explore effective practices in large organizations like Microsoft, medium sized organizations like E. coli and small firms within the pharmaceutical industry. Partners in Healing William Collinge, 2008-12-09 This book offers a new sense of empowerment for the intimate partners of people living with serious health problems. Collinge draws on cutting edge scientific research along with his experience counseling couples facing serious illness to offer a range of insights, strategies and techniques that caregivers can utilize to promote their partners' physical and emotional well being while also promoting their own. Topics include: The importance of self care for the caring partner; Ways of involving family and friends in a network of support; Simple massage and touch techniques to bring comfort and reduce symptoms; How open, affirmative communication can contribute to healing; Basic energy healing techniques to promote well being. *Sundial* Barbara E.
