Male Body:

The Male Body Laurence Goldstein, 1994 Poets anthropologists philosophers artists sociologists and others provide perspectives on the male body **The Adonis Complex** Harrison Pope, Katharine A. Phillips, Roberto Olivardia, 2000 A HEALTH CRISIS THAT STRIKES MEN OF ALL AGES Trying everything from compulsive weight lifting to steroids more and more boys and men are taking the quest for physical perfection beyond the bounds of normal behavior The Adonis Complex the groundbreaking book that first gave a name to this phenomenon and sparked nationwide interest in the subject identifies for the first time the symptoms and warning signs of this dangerous problem including An obsession with exercise sometimes to the exclusion of all other activities Binge eating anorexia nervosa and bulimia The abuse of steroids muscle building supplements and diet aids But perhaps more important it offers readers an explanation of the underlying causes of the Adonis complex together with hands on advice for those who have experienced body obsessions themselves or who see these problems in a boy or man they love **An International Psychology of Men** Chris Blazina, David S. Shen-Miller, 2011-01-19 This text is the first to provide a contextual understanding of the clinical issues that affect men and masculinity across a wide range of cultural and national settings It demonstrates that gender can no longer be viewed as an isolated characteristic in an era of increased globalization mental health professionals need to take ethnic and cultural issues into account to provide adequate care for male patients Numerous international perspectives are offered by the contributing authors authorities from countries such as Australia Argentina Denmark Canada India Ireland and South Africa on theoretical and clinical innovations for working with men Their chapters also offer insight into the socio cultural contexts for counseling men in and from their respective countries by exploring the ways in which being a man is socially defined what unique challenges men face and how these challenges can be negotiated within their specific cultural settings Topics addressed will include boyhood notions of manhood relationship concerns and power fatherhood and men s body image across the life span This text will ultimately enable mental health practitioners to have a better understanding of how to work more effectively with male clients **Language, Gender and Sexual Identity** Heiko Motschenbacher, 2010 This book makes an innovative contribution to the relatively young field of Queer Linguistics Subscribing to a poststructuralist framework it presents a critical deconstructionist perspective on the discursive construction of heteronormativity and gender binarism from a linguistic point of view On the one hand the book provides an outline of Queer approaches to issues of language gender and sexual identity that is of interest to students and scholars new to the field On the other hand the empirical analyses of language data represent material that also appeals to experts in the field The book deals with repercussions of the discursive materialisation of heteronormativity and gender binarism in various kinds of linguistic data These include stereotypical genderlects structural linguistic gender categories especially from a contrastive linguistic point of view the discursive sedimentation of female and feminine generics linguistic constructions of the gendered body in advertising and the usage of

personal reference forms to create characters in Queer Cinema Throughout the book readers become aware of the wounding potential that gendered linguistic forms may possess in certain contexts **Men of the House** Seeliger, Henriette-Juliane, 2024-01-22 **Issues in Gender Studies Research: 2013 Edition** , 2013-05-01 Issues in Gender Studies Research 2013 Edition is a ScholarlyEditions book that delivers timely authoritative and comprehensive information about Sexuality The editors have built Issues in Gender Studies Research 2013 Edition on the vast information databases of ScholarlyNews You can expect the information about Sexuality in this book to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant The content of Issues in Gender Studies Research 2013 Edition has been produced by the world s leading scientists engineers analysts research institutions and companies All of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at ScholarlyEditions and available exclusively from us You now have a source you can cite with authority confidence and credibility More information is available at <http://www.ScholarlyEditions.com> **Aging Men, Masculinities and Modern Medicine** Antje Kampf, Barbara L. Marshall, Alan Petersen, 2013-05-07 Aging Men Masculinities and Modern Medicine explores the multiple socio historical contexts surrounding men s aging bodies in modern medicine from a global perspective The first of its kind it investigates the interrelated aspects of aging masculinities and biomedicine allowing for a timely reconsideration of the conceptualisation of aging men within the recent explosion of social science studies on men s health and biotechnologies including anti aging perspectives This book discusses both healthy and diseased states of aging men in medical practices bringing together theoretical and empirical conceptualisations Divided into four parts it covers Historical epistemology of aging bodies and masculinity and the way in which the social sciences have theorised the aging body and gender Material practices and processes by which biotechnology medical assemblages and men s aging bodies relate to concepts of health and illness Aging experience and its impact upon male sexuality and identity The importance of men s roles and identities in care giving situations and medical practices Highlighting how aging men s bodies serve as trajectories for understanding wider issues of masculinity and the way in which men s social status and men s roles are made in medical cultures this innovative volume offers a multidisciplinary dialogue between sociology of health and illness anthropology of the body and gender studies **The Gender of Suicide** Katrina Jaworski, 2016-03-09 Drawing on diverse theoretical and textual sources The Gender of Suicide presents a critical study of the ways in which contemporary society understands suicide exploring suicide across a range of key expert bodies of knowledge With attention to Durkheim s founding study of suicide as well as discourses within sociology law medicine psy knowledge and newsprint media this book demonstrates that suicide cannot be understood without understanding how gender shapes it and without giving explicit attention to the manner in which prevailing claims privilege some interpretations and experiences of suicide above others Revealing the masculine and masculinist terms in which our current knowledge of suicide is constructed The Gender of Suicide explores the relationship

between our grasp of suicide and problematic ideas connected to the body agency violence race and sexuality As such it will appeal to sociologists and social theorists as well as scholars of cultural studies philosophy law and psychology

Evolutionary Biology of Carabus Ground Beetles Teiji Sota,2021-11-24 This book presents the whole picture of the ecological and evolutionary study on the ground beetle group the subgenus Ohomopterus of the genus Carabus endemic to Japan This flightless beetle group consists of many geographic races They show divergence in key traits for reproductive isolation body size and genital morphology which leads to coexistence of two or more species This beetle group provides an important material to study how a lineage of organisms diversify and form multi species assemblage and thereby multiply their species richness The book introduces novel genomic approaches to resolve questions about evolution of Ohomopterus The readers will find that this story of evolution in Carabus beetles revealed by recent approaches is much different from what was told in previous literature Exploring different cases across a wide range of lineages is important in constructing a synthetic theory of species radiation and richness including speciation and species coexistence This study on Ohomopterus beetles contributes to the ongoing discussion to understand how and why species multiply and how species richness increases in one area of our planet

Modern Spanish Women as Agents of Change Jennifer Smith,2018-12-14 This volume brings together cutting edge research on modern Spanish women as writers activists and embodiments of cultural change and simultaneously honors Maryellen Bieder s invaluable scholarly contribution to the field The essays are innovative in their consideration of lesser known women writers focus on women as political activists and use of post colonialism queer theory and spatial theory to examine the period from the Enlightenment until World War II The contributors study women as agents and representations of social change in a variety of genres including short stories novels plays personal letters and journalistic pieces Canonical authors such as Emilia Pardo Baz n Leopoldo Alas Clar n and Carmen de Burgos are considered alongside lesser known writers and activists such as Mar a Rosa G lvez Sof a

Tartil n and Caterina Albert i Parad s The critical analyses are situated within their specific socio historical context and shed new light on nineteenth and early twentieth century Spanish literature history and culture Published by Bucknell University Press Distributed worldwide by Rutgers University Press **Raw Material** Erin O'Connor,2000 Analyzes the intertwined metaphoric language of capitalism and disease in nineteenth century England *Luce Irigaray* Luce Irigaray,Mary Green,2008-11-18 Luce Irigaray is one of the world s most important and influential contemporary theorists and this book presents a collection of essays exploring the full range of her work from an international team of academics in many different fields The Astronaut Dario Llinares,2011-05-25 The Astronaut Cultural Mythology and Idealised Masculinity interrogates the historical and cultural dynamics of one of the most revered icons of the 20th century Analysing a diverse range of cultural representations the book postulates the construction of an intertextual mythology through which the astronaut becomes an embodiment of American ideological values and heroic manhood The discursive processes at work in the range of media texts examined serve to embed the astronaut into the cultural imaginary as a largely coherent and uncontested exemplar of idealised masculinity Using a range of interdisciplinary analytical tools the book examines how the social construction of this masculine ideal iterates and naturalises gender hegemony The book situates the astronaut within the context of a modern postmodern theoretical framework linking shifts in gender perspectives to the contradictory narratives and characterisations that inform the mediation of the astronaut In so doing the book argues for a re evaluation of the often oversimplified use of the term hegemonic masculinity as an anchoring point for the critique of masculinity The strength of this work is its interdisciplinary diversity and its interconnection of a range of themes including gender representation history ideology the postmodern and the media Drawing upon contemporary theoretical debates while redeploying seminal theoretical texts the book offers new cultural interrogations of a highly familiar historical subject An Introduction to Behavioural Ecology Nicholas B. Davies,John R. Krebs,Stuart A. West,2012-02-17 This textbook helped to define the field of Behavioural Ecology In this fourth edition the text has been completely revised with new chapters and many new illustrations and full colour photographs The theme once again is the influence of natural selection on behaviour an animal s struggle to survive and reproduce by exploiting and competing for resources avoiding predators selecting mates and caring for offspring and how animal societies reflect both cooperation and conflict among individuals Stuart A West has joined as a co author bringing his own perspectives and work on microbial systems into the book Written in the same engaging and lucid style as the previous editions the authors explain the latest theoretical ideas using examples from micro organisms invertebrates and vertebrates There are boxed sections for some topics and marginal notes help guide the reader The book is essential reading for students of behavioural ecology animal behaviour and evolutionary biology Key Features Long awaited new edition of a field defining textbook New chapters illustrations and colour photographs New co author Focuses on the influence of natural selection on behavior and how animal societies reflect both cooperation and conflict among individuals The long awaited update to a

classic in this field is now here presenting new directions in thinking and addressing burning questions Richly informed by progress in many other disciplines such as sensory physiology genetics and evolutionary theory it marks the emergence of behavioural ecology as a fully fledged discipline This is a marvellous book written in a lucid style A must read for those in the field it is also a cornucopia of new thinking for anyone interested in evolution and behaviour Manfred Milinski Nature 2012
