Long to Love and Memory: Poetry John Banister Tabb, 2017-07-07 The exquisite poetry of John B Tabb 1845 1909 is rich in technical precision and concise expression His keen perspective looks carefully around peers into the depths of the soul and gazes up at the heights Little in nature escaped Father Tabb's notice flowers birdsong the beating of the rain the passage of sun moon and stars the cycles of the seasons and the march of the years Everywhere he saw reflections and heard echoes of the gamut of human experience loneliness and companionship losses and rewards regrets and hopes man and God He expressed the essence of his unique vision in a profusion of small poems This collection of 244 poems most of which have no more than eight lines displays the best of Tabb's work gathered into sets that showcase his various approaches to similar topics With notes to help the reader with unfamiliar words and concepts Long to Love and Memory brings John B Tabb's gems out into the light once more and sets them anew for a new century

Domestic Spaces in Post-Mao China Wang Min'an, 2017-12-06 Unconventional creative and highly original Wang Min'an's work centres on the assemblage of household machines that create the space of contemporary domesticity It offers pathways to a new understanding of how the sudden commodification of domestic space in China beginning in the late 1980s has transformed Chinese domestic life beyond recognition In terms of modern urban Chinese family life people do not just move into new apartments they move into new modes of living which involve new ways of relating to the world Wang's discussion on the reconstitution of Chinese domestic life its founding moral aesthetic political values is tremendously useful and enlightening In these essays the author stages a Latourian collapse of subject and object in adopting the point of view of both human and non human actants This volume brings a new sensibility to bear on objects of modern everyday life This work is not a China book but rather a work marked profoundly by China Wang experiments with the applicability of theory to what might be thought of as a transcultural common life embedded in mundane technologies The book is particularly concerned with rescuing everyday materiality and bodily life from the numb obscurity to which things have been relegated by modern consumerism and bourgeois hygiene This book is not an oddity from the mysterious East it is a playful experiment in writing from a unique scholar a leading thinker and theorist in the humanities in China and will be of interest to scholars and students of East Asian particularly Chinese political and domestic studies

Marcus Boon, 2005-03-15 From the antiquity of Homer to yesterday's Naked Lunch writers have found inspiration and readers have lost themselves in a world of the imagination tinged and oftentimes transformed by drugs The age old association of literature and drugs receives its first comprehensive treatment in this far reaching work **Philosophy** Ranganayakamma, The question of unintelligibility does not arise with regard to books of fiction such as the stories and novels irrespective of how they are written Even if a story is not understood there is no great harm done The problem is with the theoretical essays Even there there is no problem with the essays related to the natural science if the language is simple The real problem is with the books of philosophy When we find the word philosophy on the face of the book we feel that this book is meant for the scholars not for us The very word philosophy at the outset will scare us immensely When we read the word philosophy on the face of a book it does not mean that it represents a great truth or a great science The contents of the book could be correct or useless or a blend of both The logic of the book will be in accordance with the philosophy of the book A correct one will have a correct logic a wrong one will have a wrong logic and a vacillating one will have a vacillating logic The Law of Sun Prince Penman, Unlock Your Inner Power and Transform Your Life with the Energy of the Sun Are you ready to tap into your limitless potential The Law of Sun by Prince Penman offers a profound journey of self discovery teaching you how to harness the power of light energy and confidence to live a life of purpose and vitality Like the sun you possess an immense internal source of energy waiting to be awakened This transformative book provides you with practical tools ancient wisdom and modern science to help you unlock your inner strength and radiate confidence in all aspects of your life With powerful exercises and real life success stories The Law of Sun teaches you how to Harness your inner energy to fuel your personal growth and well being Embrace self love and cultivate unshakable confidence Align your life with your natural energy rhythms and overcome self doubt Use the wisdom of the sun to boost your productivity and create lasting transformation Whether you're struggling with self limiting beliefs or simply looking for a way to reignite your passion this book will guide you every step of the way Empower yourself to shine brighter feel more energized and achieve your greatest potential *The Oxford Handbook of Religion and Economic Ethics* Albino Barrera, Roy C. Amore, 2024 This innovative collection of essays draws together and compares the teachings of world and regional religions on the subject of economic morality **The Portable Postmodernist** Arthur Asa Berger, 2003 In this volume the author brings together key concepts written by postmodernism's leading figures Lyotard Baudrillard Jameson and others Followed by his own commentary written in concise easy to understand language this book should be invaluable to students and professors alike who will find Berger's style refreshing Organised in 50 segments the subjects run the gamut from James Joyce to Disney culture to punk music Berger weaves these seemingly diverse topics together exploring and exposing postmodernism and its appearance in popular culture *Bachelors, Bastards, and Nomadic Masculinity* Robert Fagley, 2014-11-19 Bachelors Bastards and Nomadic Masculinity is firstly a thematic exploration of bachelor figures and male bastards in literary works by Guy de Maupassant

and Andr Gide The coupling of Maupassant and Gide is appropriate for such an analysis not only because of their mutual treatment of illegitimacy but also because each writer represents varieties of bachelors and bastards from disparate social classes and subcultures each writing during contiguous moments of socio legal changes particularly related to divorce law and women s rights which consequently have great influence on the legal destiny of illegitimate or natural children Napoleon s Civil Code of 1804 provides the legal patriarchal framework for the period of this study of illegitimacy from about 1870 to 1925 The Civil Code saw numerous changes during this period The Naquet Law of 1884 which reestablished limited legal divorce represents the central socio legal event of the turn of the century in matters of legitimacy whereas the Franco Prussian War of 1870 and the First World War furnish chronological bookends for this book Besides through history law and sociology this book treats illegitimacy through the lens of various branches of gender and sexual theory particularly the study of masculinities and a handful of other important critical theories most importantly those of Michel Foucault Eve Sedgwick Todd Reeser Charles Stivale and Gilles Deleuze and Flix Guattari Bachelors and bastards are two principal players in the representation of illegitimacy in Maupassant and Gide but this study considers the theme of illegitimacy as extended beyond simple questions of legitimate versus illegitimate children The male bastard is only one of the Counterfeit characters examined in these authors fictional texts This book is divided into three parts which consider specific thematic elements of their bastard narratives Part One frames the representation in fiction of bachelor figures and how they contribute to or the roles they play in instances of illegitimacy Part Two springs from and develops the metaphor of the counterfeit coin whether represented by a bastard son an affected schoolboy a false priest or a pretentious litt rateur Part Three explains the concept of nomadic masculine practices such practices include nomadic styles of masculinity development as well as the bastard s nomadism

Performance Analysis Colin Counsell, Laurie Wolf, 2005-07-28 Brings together texts in critical theory and shows how these texts can be used in the analysis of performance Themed sections include decoding the sign the politics of performance the politics of gender and sexual identity performing ethnicity the performing body the space of performance audience and spectatorship and the borders of performance From publisher description
