Taylor, 2017-03-02 We are familiar with the longing for something more in our lives something to remind us there is more than being driven to pursue goals and accomplish aspirations that seem to be increasingly meaningless I wrote *Established by God Expressed in Nature* 7 Spiritual Laws in Natural Settings because I had an epiphany I observed the presence of God and the impact of his power on the simplest forms of life that we see every day and take for granted Combining these insights with my own personal transformation through my experience in the air force and with my own spiritual awakening I conclude that suggestions for a better way of being and of reflecting God's presence in us need not be expressed in ways that are ponderous and prescriptive The result is my own journey to greater awareness one that I have sought to share by writing this book The Nature of Social Reality Emanuele Fadda, Alfredo Givigliano, Claudia Stancati, 2014-10-17 Searle's theory of social reality is increasingly meeting with worldwide recognition and is undoubtedly the most prominent theory of social ontology at least in the post

Woman and Nature Susan Griffin, 2016-08-22

In this famously provocative cornerstone of feminist literature Susan Griffin explores the identification of women with the earth both as sustenance for humanity and as victim of male rage Starting from Plato's fateful division of the world into spirit and matter her analysis of how patriarchal Western philosophy and religion have used language and science to bolster their power over both women and nature is brilliant and persuasive coming alive in poetic prose Griffin draws on an astonishing range of sources from timbering manuals to medical texts to Scripture and classical literature in showing how destructive has been the impulse to disembodify the human soul and how the long separated might once more be rejoined Poet
