Committee on Interior and Insular
Affairs**

Navajo Silver:

A Brief History of Navajo Silversmithing Arthur Woodward, 1946 **Hopi Silver** Margaret Nickelson Wright, 2003

This revised edition includes over 100 new hallmarks as it traces the history of Hopi silversmithing From early Hopi silversmith experiences to modern jewelry and hallmarks the book blends black and white and color illustrations with excellent reviews of Hopi history and culture Reviewer s Bookwatch The Navajo And Pueblo Silversmiths John Adair, 2015-11-06 Probably no native American handicrafts are more widely admired than Navajo weaving and Navajo and Pueblo silver work This book contains the first full and authoritative account of the Indian silver jewelry fashioned in the Southwest by the Navajo and the Zuni Hopi and other Pueblo peoples It is written by John Adair a trained ethnologist who has become a recognized expert on this craft A volume conspicuously pleasing in its format and so strikingly handsome in its profuse illustrations as to rivet your attention once it chances to fall open With the care of a meticulous and thorough scholar the author has told the story of his several years investigation of jewelry making among the Southwestern Indians So richly decorative are the plates he uses for his numerous illustrations showing the jewelry itself the Indians working at it and the Indians wearing it that the conscientious narrative is surrounded by an atmosphere of genuinely exciting visual experience The Dallas Times Herald The Navajo and Pueblo Silversmiths provides a full history of the craft and the actual names and localities of the pioneer craftsmen who introduced the art of the silversmith to their people Despite its present high stage of development with its many subtle and often exquisite designs the art of working silver is not an ancient one among the Navajo and Pueblo Indians There are men still living today who remember the very first silversmiths **American Cowboy** , 2004-09 Published for devotees of the cowboy and the West American Cowboy covers all aspects of the Western lifestyle delivering the best in entertainment personalities travel rodeo action human interest art poetry fashion food horsemanship history and every other facet of Western culture With stunning photography and you are there reportage American Cowboy immerses readers in the cowboy life and the magic that is the great American West **Southwest Silver Jewelry** Paula A. Baxter, 2001 This beautiful book examines the first century of Navajo and Pueblo metal jewelry making in the American Southwest Beginning in the late 1860s the region s native peoples learned metalworking and united it with a traditon of beads and ornaments made from turquoise and other natural materials The cross cultural appeal of this jewelry continued into the mid 1900s and by the 1950s and 1960s masters created a legacy of fine art jewelry that is prized today *Navajo Silversmiths* Washington Matthews, Among the Navajo Indians there are many smiths who sometimes forge iron and brass but who work chiefly in silver When and how the art of working metals was introduced among them I have not been able to determine but there are many reasons for supposing that they have long possessed it many believe that they are not indebted to the Europeans for it Doubtless the tools obtained from American and Mexican traders have influenced their art Old white residents of the Navajo country tell me that the art has improved greatly within their recollection that the ornaments made

fifteen years ago do not compare favorably with those made at the present time and they attribute this change largely to the recent introduction of fine files and emery paper At the time of the Conquest the so called civilized tribes of Mexico had attained considerable skill in the working of metal and it has been inferred that in the same period the sedentary tribes of New Mexico also wrought at the forge From either of these sources the first smiths among the Navajos may have learned their trade but those who have seen the beautiful gold ornaments made by the rude Indians of British Columbia and Alaska many of whom are allied in language to the Navajos may doubt that the latter derived their art from a people higher in culture than themselves

American Indians of the Southwest Bertha P. Dutton,1983-03 More than providing a compendium of southwestern Indian history and culture this remarkable book gives the reader an understanding of and appreciation for the unique lifeways of these peoples whose philopophy the author believes may be our one great resource for peace

White Metal Universe Heard Museum of Anthropology and Primitive Art,E. W. Jernigan,1981 Showcases the collection of Navajo silver jewelry at Phoenix Arizona s Heard Museum with an historical and critical examination of the silverworking art of the Navajos

Navajo Silver ,1973 *Southwestern Colonial Ironwork* Marc Simmons, Frank
