Navajo Studies at Navajo Community College Navajo Community College,1971 *Introducing the Navajo Community College* Navajo Community College,1969 Language Shift among the Navajos Deborah House,2002-03-01 To experience change on the Navajo Reservation one need only close one's eyes and listen Today an increasing number of Navajos speak only English while very few speak only Navajo The Navajo language continues to be taught but it is less often practiced Deborah House asks why despite the many factors that would seem to contribute to the maintenance of the Navajo language speakers of the language continue to shift to English at such an alarming rate and what can be done about it Language Shift among the Navajos provides a close look at the ideological factors that intervene between the desire of the Navajos to maintain their language as an important aspect of their culture and their actual linguistic practice Based on more than ten years of fieldwork within a Navajo institution and community it points to ideologies held by Navajo people about their unequal relationship with the dominant American society as a primary factor in the erosion of traditional language use House suggests that the Navajos employ their own paradigm *Sa ah Naagh Bik eh H zh n* to learn both Western language and culture and their own without denigrating either perspective By building on the traditional Navajo belief in harmony and balance she advocates that those who value the language should use and teach it not just in school but also in the home in the ceremonial hogans and among those who cherish their heritage Now is the time when language choices and behavior will influence whether the Navajo language lives or dies House's book carries important lessons for anyone concerned with cultural continuity It is a wake up call for educators youth politicians or family and community members who value Native language and culture It remains to be seen in what language that call will be answered **Navajo Community College** Navajo Community College,1971 **The Navajo Political Experience** David Eugene Wilkins,2003 The Navajo Nation is the largest of over 560 federally recognized indigenous entities in the United States today Navajo history and politics thus serve as a model for understanding American Indian issues across the board ranging from the tribal federal relationship to contemporary land disputes taxation policies and Indian gaming challenges This revised edition of a recent text includes new census data along with a new introduction and an updated timeline of Dine political history The text's thoroughgoing analysis of Navajo political institutions and processes is amplified by a consideration of the distinctive Navajo culture Presented in the context of indigenous societies everywhere the book offers a way to explore the culture of politics and the politics of culture confronted by all native peoples *American Indian Workforce Education* Carsten Schmidtke,2016-03-10 In this collection of original essays contributors critically examine the pedagogical administrative financial economic and cultural contexts of American Indian vocational education and workforce development identifying trends and issues for future research in the fields of vocational education workforce development and American Indian studies **Native American Women** Gretchen M.
