THE NAVAL WAR IN THE PACIFIC: ON TO TOKYO

BY TREVOR NEVILL DUPUY, Col. U.S. Army, Ret.

Naval War In The Pacific On To Tokyo

Sabine Zange

Naval War In The Pacific On To Tokyo:

The Naval War in the Pacific Trevor Nevitt Gueniffey, 1963 **The Naval War in the Pacific. The Rising Sun of Nippon....** Trevor Nevitt Dupuy, 1966 *War in the Pacific* Harry Gailey, 2011-08-03 Historian Harry Gailey offers a fresh one volume treatment of the vast Pacific theater in World War II examining in detail the performance of Japanese and Allied naval air and land forces in every major military operation The War in the Pacific begins with an examination of events leading up to World War II and compares the Japanese and American economies and societies as well as the chief combatants military doctrine training war plans and equipment The book then chronicles all significant actions from the early Allied defeats in the Philippines the East Indies and New Guinea through the gradual improvement of the Allied position in the Central and Southwest Pacific regions to the final agonies of the Japanese people whose leaders refused to admit defeat until the very end Gailey gives detailed treatment to much that has been neglected or given only cursory mention in previous surveys The reader thus gains an unparalleled overview of operations as well as many fresh insights into the behind the scenes bickering between the Allies and the interservice squabbles that dogged MacArthur and Nimitz throughout the war NOTE This edition does not include a photo insert LIFE ,1965-08-13 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **The Turn of the Tide in the Pacific War** Sean M. Judge, Jonathan M. House, 2018-03-15 Midway through 1942 Japanese and Allied forces found themselves fighting on two fronts in New Guinea and the Solomon Islands These concurrent campaigns conducted between July 1942 and February 1943 proved a critical turning point in the war being waged in the Pacific as the advantage definitively shifted from the Japanese to the Americans Key to this shift was the Allies seizing of the strategic initiative a concept that Sean Judge examines in this book particularly in the context of the Pacific War The concept of strategic initiative in this analysis helps to explain why and how contending powers design campaigns and use military forces to alter the trajectory of war Judge identifies five factors that come into play in capturing and maintaining the initiative resources intelligence strategic acumen combat effectiveness and chance all of which are affected by political will His book uses the dual campaigns in New Guinea and the Solomon Islands as a case study in strategic initiative by reconstructing the organizations decisions and events that influenced the shift of initiative from one adversary to the other Perhaps the most critical factor in this case is strategic acumen without which the other advantages are easily squandered Specifically Judge details how General Douglas MacArthur and Admiral Chester Nimitz in designing and executing these campaigns provided the strategic leadership essential to reversing the tide of war whose outcome Judge contends was not as inevitable as conventional wisdom tells us The strategic initiative once passed to American and Allied forces in the Pacific would never be relinquished In its explanation of how and why this happened The

Turn of the Tide in the Pacific War holds important lessons for students of military history and for future strategic leaders

The Illustrated History of World War II. Trevor Nevitt Dupuy, 1966 **The Naval War in the Pacific, the Rising Sun of Nippon and on to Tokyo** Trevor Nevitt Dupuy, 2012-10-01 The Military History Of World War II Is In Eighteen Volumes

The Military History of World War II. Trevor Nevitt Dupuy, 1964 **Japan's Decision for War** Louis Morton, 1990

The Imperial Japanese Navy in the Pacific War Mark Stille, 2014-11-20 A highly illustrated examination of the key ships tactics and operations of the Imperial Japanese Navy in the War in the Pacific in World War II The Imperial Japanese Navy IJN was the third most powerful navy in the world at the start of World War II and came to dominate the Pacific in the early months of the war This was a remarkable turnaround for a navy that only began to modernize in 1868 although defeats inflicted on the Russians and Chinese in successive wars at the turn of the century gave a sense of the threat the IJN was to pose Bringing together for the first time material previously published in Osprey series books and with the addition of new writing making use of the most recent research this book details the Japanese ships which fought in the Pacific and examines the principles on which they were designed how they were armed when and where they were deployed and how effective they were in battle The Imperial Japanese Navy in the Pacific War provides a history of the IJN s deployment and engagements analysis of the evolution of strategy and tactics and finally addresses the question of whether it truly was a modern navy fully prepared for the rigors of combat in the Pacific Illustrated throughout with photographs and detailed colour artworks this is a valuable reference source for Pacific War enthusiasts and historians alike **Air University**

Review ,1965 **Air University Quarterly Review** ,1965 **War in the Pacific** Clark G. Reynolds, 1990 **Pacific Campaign** Dan Van der Vat, 1992-12 Naval history of the United States and Japan in the Pacific Ocean during World War II

The Pacific War and Contingent Victory Michael Myers, 2015-04-03 About the Allies victory in the Pacific in WWII it goes almost without question that Japan s defeat was inevitable in the face of overwhelming American military might and economic power But the outcome Michael W Myers contends was actually anything but inevitable This book is Myers s thorough and deeply informed explanation of how contingent the foregone conclusion of the war in the Pacific really was However disproportionate their respective resources both Japan and the Allied forces confronted significant obstacles to ultimate victory One the two sides shared Myers shows was the lack of a single individual with the knowledge vision and authority to formulate and implement effective strategy Both exercised leadership by committee and Myers cogently explains how this contributed to the contingent nature of the conflict A remarkable exercise in logical methods of strategic thinking his book analyzes decisive campaigns in the Pacific War examining the economic and strategic challenges that both sides faced and had to overcome to achieve victory Japan for instance had two goals going into the war to expand the boundaries of what they termed the Greater East Asia Co Prosperity Sphere and to end their long and frustrating war in China These goals as Myers shows us had unforeseen and devastating logistical and strategic consequences But the United States faced

similar problems as well as other hurdles specific to a nation not yet on full war footing Overturning conventional historiography The Pacific War and Contingent Victory clarifies the proper relationship between freedom and determinism in historical thinking A compelling retelling of the Pacific war that might easily have been the book offers historical lessons in thinking about contemporary American foreign policy and American exceptionalism most saliently about the dangers of the presumption of American ascendancy **War in the Pacific** John Winton, 1978 A story in detail of the naval war in the Pacific including the ships submarines aircraft naval tactics and equipment **Sea Power and the Asia-Pacific** Geoffrey Till, Patrick Bratton, 2012-02-07 With particular focus on the Asia Pacific region this book examines the rise and fall of sea powers In the Asia Pacific region there has been significant expansion of sea based economies together with burgeoning naval power Many claim that these processes will transform the world's future economic and security relationships The book addresses the question of to what extent the notion of Asia rising is reflected by and dependent on its developing sea power A central theme is the Chinese challenge to long term Western maritime ascendancy and what might be the consequences of this In order to situate current and future developments this book includes chapters which analyse what sea power means and has meant as well as its role both historic and contemporary in the rise and fall of great powers This book will be of much interest to students of naval power Asian politics strategic studies war and conflict studies IR and security studies

Shattered Sword Jonathan Parshall, Anthony Tully, 2011 Many consider the Battle of Midway to have turned the tide of the Pacific War It is without question one of the most famous battles in history Now for the first time since Gordon W Prange's bestselling *Miracle at Midway* Jonathan Parshall and Anthony Tully offer a new interpretation of this great naval engagement Unlike previous accounts *Shattered Sword* makes extensive use of Japanese primary sources It also corrects the many errors of Mitsuo Fuchida's *Midway: The Battle That Doomed Japan* an uncritical reliance upon which has tainted every previous Western account It thus forces a major potentially controversial reevaluation of the great battle The authors examine the battle in detail and effortlessly place it within the context of the Imperial Navy's doctrine and technology With a foreword by leading WWII naval historian John Lundstrom *Shattered Sword* will become an indispensable part of any military buff's library Winner of the 2005 John Lyman Book Award for the Best Book in U S Naval History and cited by *Proceedings* as one of its Notable Naval Books for 2005 **Justice in Asia and the Pacific Region, 1945-1952** Yuma Totani, 2015-02-16

Roman Law in the State of Nature offers a new interpretation of the foundations of Hugo Grotius natural law theory Surveying the significance of texts from classical antiquity Benjamin Straumann argues that certain classical texts namely Roman law and a specifically Ciceronian brand of Stoicism were particularly influential for Grotius in the construction of his theory of natural law The book asserts that Grotius a humanist steeped in Roman law had many reasons to employ Roman tradition and explains how Cicero's ethics and Roman law secular and offering a doctrine of the freedom of the high seas were ideally suited to provide the rules for Grotius state of nature This fascinating new study offers historians classicists and

political theorists a fresh account of the historical background of the development of natural rights natural law and of international legal norms as they emerged in seventeenth century early modern Europe **Reports of General MacArthur: Japanese operation in the southwest Pacific area, compiled from Japanese Demobilization Bureaux records** Supreme Commander for the Allied Powers, 1966

Embracing the Melody of Phrase: An Emotional Symphony within **Naval War In The Pacific On To Tokyo**

In some sort of used by monitors and the ceaseless chatter of instant communication, the melodic elegance and emotional symphony produced by the published word frequently fade into the backdrop, eclipsed by the persistent sound and distractions that permeate our lives. But, situated within the pages of **Naval War In The Pacific On To Tokyo** an enchanting fictional value full of organic emotions, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, this charming masterpiece conducts viewers on an emotional journey, skillfully unraveling the hidden tunes and profound impact resonating within each carefully constructed phrase. Within the depths with this touching evaluation, we can examine the book is key harmonies, analyze their enthralling publishing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
