Navigating Right And Wrong Ethical Decision Making In A Pluralistic Age:

Navigating Right and Wrong Daniel E. Lee, 2002-10-09 How should I live my life Is there really anything that is inherently right or wrong These may sound like simple questions but finding answers to them is anything but simple particularly in an age of ethical pluralism In our multicultural multiethnic world is there any meaningful way to talk about moral obligations Daniel Lee says yes In *Navigating Right and Wrong* this long time ethicist and teacher helps us begin to reconcile our personal moral commitments with an openness to alternatives with an eye to responsibly negotiating ethics and morality in our pluralistic age Through concise thoughtful prose and engaging anecdotes Lee introduces readers to various philosophical and theological moral theories ultimately arguing that we must embrace a faith based ethics or succumb to the alternative ethical subjectivism In the final analysis Lee asserts we can do no more than acknowledge that the value claims we make are part of the faith we affirm be it one that is explicitly religious or entirely secular in nature Assuming no prior philosophical knowledge *Navigating Right and Wrong* will be of use to general readers students and anyone else who has ever earnestly asked the question Is there really anything that is right or wrong **Navigating Right and Wrong** Daniel E. Lee, 2002 This concise and readable book uses the question of obligation to the law as a stepping off point to a more general discussion of deciding what s right and wrong Visit our website for sample chapters *Human Rights and the Ethics of Globalization* Daniel E. Lee, Elizabeth J. Lee, 2010-09-13 *Human Rights and the Ethics of Globalization* provides a balanced thoughtful discussion of the globalization of the economy and the ethical considerations inherent in the many changes it has prompted The book s introduction maps out the philosophical foundations for constructing an ethic of globalization taking into account both traditional and contemporary sources These ideals are applied to four specific test cases the ethics of investing in China the case study of the Firestone company s presence in Liberia free trade and fair trade issues pertaining to the coffee trade with Ethiopia and the use of low wage factories in Mexico to serve the US market The book concludes with a comprehensive discussion of how to enforce global compliance with basic human rights standards with particular attention to stopping abuses by multinational corporations through litigation under the Alien Tort Claims Act **Death with Dignity** Robert Orfali, 2011 In this book the author makes a case for legalized physician assisted dying Using the latest data from Oregon and the Netherlands he puts a new slant on perennial debate topics such as slippery slopes the integrity of medicine and sanctity of life This book provides an in depth look at how we die in America today It examines the shortcomings of our end of life system You will learn about terminal torture in hospital ICUs and about the alternatives hospice and palliative care The author scrutinizes the good the bad and the ugly He provides a critique of the practice of palliative sedation The book makes a strong case that assisted dying complements hospice By providing both Oregon now has the best palliative care system in America This book above all may help you or someone you care about navigate this strange landscape we call end of life It can be an informed guide to a good death in the age of hospice and high tech medical intervention *Ethics in a*

Moral Philosophy Hector Davidson, Moral philosophy or ethics is the branch of philosophy that examines concepts of right and wrong virtue and vice justice and injustice It seeks to understand the foundations of moral principles how they are applied in human life and whether moral truths are objective or subjective From ancient civilizations to modern societies moral philosophy has played a crucial role in shaping human thought behavior and institutions One of the fundamental questions in moral philosophy is whether morality is a product of reason emotion or social convention Some philosophers argue that moral principles stem from rational deliberation while others suggest that morality is deeply tied to human emotions such as compassion and guilt Social constructivists on the other hand emphasize that moral norms evolve through cultural traditions religious beliefs and historical contexts The study of moral philosophy is often divided into three main branches Meta ethics explores the nature and meaning of moral language questioning whether moral statements express objective truths or subjective opinions Normative ethics examines different ethical theories that propose principles for moral conduct such as consequentialism deontology and virtue ethics Applied ethics focuses on practical moral issues including debates on human rights justice medical ethics and environmental concerns

The God Paradox: Unpacking Belief in a Rational World KHRITISH SWARGIARY,2024-10-01 In The God Paradox Unpacking Belief in a Rational World I Khritish Swargiary argue that the belief in God is not an inherent truth of the universe but a man made construct born out of fear uncertainty and the need for control This book challenges the assumption that belief in a higher power is necessary for ethical living and instead posits that human beings are capable of constructing moral systems without the need for divine oversight The genesis of this book came from a personal journey of questioning the belief systems I was raised with As I delved deeper into the study of philosophy history and psychology I began to realize that the concept of God which had been presented to me as an unquestionable truth could be understood as a social and cultural construct My interest in secular humanism which advocates for a morality rooted in human welfare and rationality rather than religious doctrine prompted me to explore the origins and implications of belief in God
