Nazi Gold Douglas Botting, IAN SAYER, 2012-01-27 In 1945 as Allied bombers continued their final pounding of Berlin the panicking Nazis began moving the assets of the Reichsbank south for safekeeping Vast trainloads of gold and currency were evacuated from the doomed capital of Hitler's Thousand Year Reich Nazi Gold is the real life story of the theft of that fabulous treasure worth some 2 500 000 000 at the time of the original investigation It is also the story of a mystery and attempted whitewash in an American scandal that predated Watergate by nearly 30 years Investigators were impeded at every step as they struggled to uncover the truth and were left fearing for their lives The authors quest led them to a murky dangerous post war world of racketeering corruption and gang warfare Their brilliant reporting matching eyewitness testimony with declassified Top Secret documents from the US Archives lays bare this monumental crime in a narrative which throngs with SS desperadoes a red headed queen of crime and American military governors living like Kings Also revealed is the authors discovery of some of the missing treasure in the Bank of England [Nazi Gold: the Story of the World's Greatest Robbery and Its Aftermath](#), by Ian Sayer and Douglas Botting, with the Sunday Times Ian Sayer, 1984

Nazi Gold Ian Sayer, Douglas Botting, 1986 *History's Greatest Mysteries* Bill Price, 2017-01-29 History's Greatest Mysteries delves into the grey areas to examine the imponderable and sometimes unlikely stories of actual events and real people From the gruesome murders committed by Jack the Ripper to the whereabouts of Lord Lucan and from the loss of an entire continent to the case of a missing racehorse we take a canter through history in an effort to shed a little light on to questions which in all honesty are never going to yield definitive answers Some of the stories related in the following pages are deadly serious some rather less so There are cases of determined individuals who have struggled against the odds in an attempt to unravel the truth while in others people have not let the facts get in the way and have made up any old nonsense by way of an explanation [Black Sun](#) Nicholas Goodrick-Clarke, 2001-08-01 A comprehensive and revealing study of the mindset and motives that drive far right extremists in the post World War II West Black Sun examines the new neofascist ideology showing how hate groups militias and conspiracy cults gain influence Based on interviews and extensive research into underground groups the book documents new Nazi and fascist sects that have sprung up from the 1970s to the 1990s and examines the mentality and motivation of these far right extremists The result is a detailed grounded portrait of the mythical and devotional aspects of Hitler cults among Aryan mystics racist skinheads and Nazi satanists and disciples of heavy metal music and occult literature **The Darkest Sides of Politics, I** Jeffrey M. Bale, 2017-09-04 This book examines a wide array of phenomena that arguably constitute the most noxious extreme terrifying murderous secretive authoritarian and or anti democratic aspects of national and international politics Scholars should not ignore these dark sides of politics however unpleasant they may be since they influence the world in a multitude of harmful ways The first volume in this two volume collection focuses on the history of underground neo fascist networks in the post World War II era neo fascist

paramilitary and terrorist groups operating in Europe and Latin America in the 1960s and 1970s and the manipulation of those and other terrorist organizations by the security forces of various states both authoritarian and democratic A range of global case studies are included all of which focus on the lesser known activities of certain secular extremist milieus This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics

Storming the Eagle's Nest Jim Ring, 2013-09-03 From the Fall of France in June 1940 to Hitler's suicide in April 1945 the swastika flew from the peaks of the High Savoy in the western Alps to the passes above Ljubljana in the east The Alps as much as Berlin were the heart of the Third Reich Yes Hitler declared of his headquarters in the Bavarian Alps I have a close link to this mountain Much was done there came about and ended there those were the best times of my life My great plans were forged there With great authority and verve Jim Ring tells the story of how the war was conceived and directed from the Fuhrer's mountain retreat how all the Alps bar Switzerland fell to Fascism and how Switzerland herself became the Nazi's banker and Europe's spy centre How the Alps in France Italy and Yugoslavia became cradles of resistance how the range proved both a sanctuary and a death trap for Europe's Jews and how the whole war culminated in the Allies descent on what was rumoured to be Hitler's Alpine Redoubt a Bavarian mountain fortress
