Nazi Gold Tom Bower,2017-03-21 A compelling and carefully researched account of greed duplicity and an unholy partnership between Switzerland and the Third Reich The Washington Times In the third and fourth decades of the twentieth century the European continent fell nation by nation to Nazi Germany s invincible war machine But Switzerland remained neutral during World War II taking no side and bowing to no master For a long time after that was the accepted history but it was a lie Respected British investigative journalist Tom Bower reveals the shocking truth about how the government of Switzerland and the Swiss banking industry knowingly collaborated with the Reich during the darkest era in modern history With the knowledge and acquiescence of the Swiss government hundreds of millions of dollars stolen from Jewish Holocaust victims including gold teeth extracted from the mouths of those murdered were systematically hidden away in Swiss bank accounts But these crimes did not end with the defeat of Hitler For the next half century Swiss authorities engaged in a covert campaign of lies subterfuge and corruption to hide the wealth from its rightful owners concentration camp survivors and the families of the slain while freely dispensing the illegally obtained funds to fugitive Nazis Written by one of the finest investigative journalists in the English speaking world **Nazi Gold** is an explosive true account of state endorsed crimes and atrocities of former victims fighting courageously for their due in the face of prejudice hatred and indifference and of the dedicated US Treasury agents who worked tirelessly for decades to right an unconscionable wrong The Washington Times

Nazi Gold Douglas Botting,IAN SAYER,2012-01-27 In 1945 as Allied bombers continued their final pounding of Berlin the panicking Nazis began moving the assets of the Reichsbank south for safekeeping Vast trainloads of gold and currency were evacuated from the doomed capital of Hitler s Thousand year Reich **Nazi Gold** is the real life story of the theft of that fabulous treasure worth some 2 500 000 000 at the

time of the original investigation It is also the story of a mystery and attempted whitewash in an American scandal that predated Watergate by nearly 30 years Investigators were impeded at every step as they struggled to uncover the truth and were left fearing for their lives The authors quest led them to a murky dangerous post war world of racketeering corruption and gang warfare Their brilliant reporting matching eyewitness testimony with declassified Top Secret documents from the US Archives lays bare this monumental crime in a narrative which throngs with SS desperadoes a red headed queen of crime and American military governors living like Kings Also revealed is the authors discovery of some of the missing treasure in the Bank of England

U.S. and Allied Efforts to Recover and Restore Gold and Other Assets Stolen Or Hidden by Germany During World War II William Z. Slany,1997 Nazi Gold George Carpozi,1999 Drawing on scores of interviews previously unrevealed intelligence documents from many countries the U S State Department Report as well as archives of England Argentina France and Italy Carpozi makes public startling information about the dealings all these nations had with Nazi Germany and follows the trail of the valuables stolen from victims of the Holocaust *Heirless Property Issues of the Holocaust* United States. Congress. House. Committee on International Relations,1998 Hitler's Gold Norman Ridley,2023-11-30 The whereabouts and disposal of the Nazi s remaining stolen gold has led to numerous investigations and countless conspiracy theories Norman Ridley uncovers many of the mysteries surrounding this continuing search for the missing millions War is a costly business and in 1939 Germany was almost broke with its economy overheating and heading for runaway inflation Hitler needed hard foreign currency to pay for his war machine and the only way he could get this was by selling gold that he looted from the national banks of Austria Czechoslovakia and all the countries that were occupied after September 1939 Another source of gold was the theft of personal gold especially from the Jews most grotesquely the haul of dental gold which came out of the concentration camps No neutral country would accept Reichsmarks so the gold had to be laundered through Swiss banks The story of Swiss complicity in German war crimes is still a subject of controversy and lawsuits There are also questions about the parts played by other countries particularly Portugal in laundering stolen gold for the Nazis The Vatican s dealings with Hitler have often been seen as ambiguous and this book investigates the Holy See s role in helping ship Nazi gold to South America and how that gold might have been used to re create the German Reich After the war a commission was set up to recover as much gold as possible and restore it to those from whom it was stolen This of course was beset by huge problems especially with regards to gold that was looted from Holocaust victims Enormous quantities of gold and other treasures were hidden in a mine at Merkers in Thuringia which was found by the US 3rd Army in 1945 but much gold remains unaccounted for and attempts are still ongoing to uncover supposed hidden caches the most recent in Poland where four tons are believed to have been found by the Silesian Bridge Foundation in May of 2022 The whereabouts and disposal of the remaining stolen gold has led to numerous investigations and countless conspiracy theories In *Hitler s Gold* the author analyzes these and uncovers many of the mysteries surrounding this continuing search for the

Jewish Souls Gregg Rickman, 2018-04-24 With the release of hundreds of damaging documents a dark side of Switzerland's democracy has been unveiled Switzerland is now seen as a nation of greedy bankers collaborators with the Nazis and robbers of the wealth of the victims of the Holocaust Swiss Banks and Jewish Souls is a powerfully enlightening account of how a small and determined group of people from divergent backgrounds humbled the legendary Swiss financial empire to achieve a measure of justice for Holocaust survivors and their heirs while shattering the myth of Swiss wartime neutrality Rickman tells how a small group of people none of them professional historians pieced together a puzzle of unknown proportions and proceeded to dismantle the myth of Swiss innocence and victimization at the hands of the Nazis and expose a fifty year cover up Untold numbers of European Jews and others placed their funds in Swiss banks because they believed they offered a safe haven for funds which the Nazis were trying to control What better place to put their money than in Switzerland Swiss Banks and Jewish Souls discusses how investigative groups proved that Switzerland stole the money of the Jews and helped the Nazis to do the same No one began with evidence and no one had a source of knowledge upon which to fall back All they shared was a feeling that something was terribly wrong and that a great injustice had occurred Propelled by this instinct a U S Senator the World Jewish Congress a British Parliamentarian the U S Holocaust Memorial Museum and a handful of Holocaust survivors accomplished what the U S British and French governments and a group of feuding Jewish organizations could not or would not do As a result of this effort how the world views Switzerland and how Switzerland views itself has been redefined Most importantly those who survived the Nazi horrors only to be victimized again by the Swiss bankers have now achieved some measure of justice or at least financial compensation after more than fifty years **The Holocaust**

Seagrave,2020-05-05 In 1945 US intelligence officers in Manila discovered that the Japanese had hidden large quantities of gold bullion and other looted treasure in the Philippines President Truman decided to recover the gold but to keep its riches secret These combined with Japanese treasure recovered during the US occupation and with recovered Nazi loot would create a worldwide American political action fund to fight communism This Black Gold gave Washington virtually limitless unaccountable funds providing an asset base to reinforce the treasuries of America s allies to bribe political and military leaders and to manipulate elections in foreign countries for more than fifty years **Business in the Age of Extremes**

Hartmut Berghoff,Jürgen Kocka,Dieter Ziegler,2013-01-28 This collection of essays explores the impact that nationalism capitalism and socialism had on economics during the first half of the twentieth century Focusing on Central Europe contributors examine the role that businesspeople and enterprises played in Germany s and Austria s paths to the catastrophe of Nazism Based on new archival research the essays gathered here ask how the business community became involved in the political process and describes the consequences arising from that involvement Particular attention is given to the responses of individual businesspeople to changing political circumstances and their efforts to balance the demands of their consciences with the pursuit for profit *Holocaust* Deborah E. Lipstadt,2016-07-21 Immediately after World War II there was little discussion of the Holocaust but today the word has grown into a potent political and moral symbol recognized by all In *Holocaust An American Understanding* renowned historian Deborah E Lipstadt explores this striking evolution in Holocaust consciousness revealing how a broad array of Americans from students in middle schools to presidents of the United States tried to make sense of this inexplicable disaster and how they came to use the Holocaust as a lens to interpret their own history Lipstadt weaves a powerful narrative that touches on events as varied as the civil rights movement Vietnam Stonewall and the women s movement as well as controversies over Bitburg the Rwandan genocide and the bombing of Kosovo Drawing upon extensive research on politics popular culture student protests religious debates and various strains of Zionist ideologies Lipstadt traces how the Holocaust became integral to the fabric of American life Even popular culture including such films as *Dr Strangelove* and such books as John Hershey s *The Wall* was influenced by and in turn influenced thinking about the Holocaust Equally important the book shows how Americans used the Holocaust to make sense of what was happening in the United States Many Americans saw the civil rights movement in light of Nazi oppression for example while others feared that American soldiers in Vietnam were destroying a people identified by the government as the enemy Lipstadt demonstrates that the Holocaust became not just a tragedy to be understood but also a tool for interpreting America and its place in the world Ultimately *Holocaust An American Understanding* tells us as much about America in the years since the end of World War II as it does about the Holocaust itself *Archives and the Public Good* Richard J. Cox,David A. Wallace,2002-06-30 This volume widens the perspective of the roles that records play in society As opposed to most writings in the discipline of archives and records management which view records from cultural historical and economical efficiency

dimensions this volume highlights that one of the most salient features of records is the role they play as sources of accountability a component that often brings them into daily headlines and into courtrooms Struggles over control access preservation destruction authenticity accuracy and other issues demonstrate time and again that records are not mute observers and recordings of activity Rather they are frequently struggled over as objects of memory formation and erasure The 14 powerful case studies focus around four closely related themes explanation secrecy memory and trust They demonstrate how records compel shape distort and recover social interactions across space and time The diverse range of case studies includes the ownership of the Martin Luther King Jr papers the destruction of records on Nazi war criminals in Canada the politics of documents in the Iran Contra affair the failure of records management in the U S Internal Revenue Service the publication of tobacco company documents on the World Wide Web access to records associated with the U S government s infamous Tuskegee syphilis study the role of the U S National Archives in identifying assets looted by the Nazis in the wake of the Holocaust the destruction of public records by the South African government during apartheid s final years the construction of foreign relations of the U S documentary histories the forgery corrupting recordkeeping systems and the collapse of foreign indigenous commercial banks
