Paul Carrese, Carol McNamara, James Stoner

Nazis In Skokie Freedom Community And The First Amendment Notre Dame:

Nazis in Skokie Donald Alexander Downs,1985 Based on interviews with representatives of all the groups involved in the dispute regarding the request of the National Socialist Party of America led by Frank Collin to march in Skokie in 1977 the Holocaust survivors the Nazi Party and the American Civil Liberties Union Questions the decision of the court to permit the march Opposes the protection of free speech as enshrined in the First Amendment when that speech is intended to assault or cause harm Brings evidence of harm done to the survivors by permitting the march and makes suggestions for legal reforms When the Nazis Came to Skokie Philippa Strum,1999 Strum political science City U of New York Brooklyn describes the events when a neo Nazi group announced it would parade in the Chicago suburb in 1977 and the ensuing court case that tested the devotion of many to the principles of free speech Annotation copyrighted by Book News Inc Portland OR

Extreme Speech and Democracy Ivan Hare,James Weinstein,2010-11-18 A commitment to free speech is a fundamental precept of all liberal democracies However democracies can differ significantly when addressing the constitutionality of laws regulating certain kinds of speech In the United States for instance the commitment to free speech under the First Amendment has been held by the Supreme Court to protect the public expression of the most noxious racist ideology and hence to render unconstitutional even narrow restrictions on hate speech In contrast governments have been accorded considerable leeway to restrict racist and other extreme expression in almost every other democracy including Canada the United Kingdom and other European countries This book considers the legal responses of various liberal democracies towards hate speech and other forms of extreme expression and examines the following questions What accounts for the marked differences in attitude towards the constitutionality of hate speech regulation Does hate speech regulation violate the core free speech principle constitutive of democracy Has the traditional US position on extreme expression justifiably not found favour elsewhere Do values such as the commitment to equality or dignity legitimately override the right to free speech in some circumstances With contributions from experts in a range of disciplines this book offers an in depth examination of the tensions that arise between democracy s promises Freedom of Speech Uladzislau Belavusau,2013-10-08 This book considers the issue of free speech in transitional democracies focusing on the socio legal developments in the Czech Republic Hungary and Poland In showing how these Central and Eastern European countries have engaged with free speech models imported from the Council of Europe EU and the USA the book offers valuable insights into the ways States have responded to challenges associated with transformation from communism to Western democracy The book first explores freedom of expression in European and American law looking particularly at hate speech historical revisionism and pornography It subsequently enquires into the role and perspectives of those European mandatory and US American persuasive models for the constitutional debate in Central and Eastern Europe The study offers an original interpretation of the European model of freedom of expression beyond the mechanisms of the Council of Europe It encompasses the relevant aspects of EU law

judgments of the Court of Justice and the harmonised EU instruments as mandatory standards for courts and legislators including those in transitional countries of Central and Eastern Europe The book argues for de criminalisation of historical revisionism and pornography and illuminates topics such as genocide denial the rise of Prague and Budapest as Europe s porno capitals anti Semitism and anti Gypsyism religious obscurantism and homophobia virulent Islamophobia and the glorification of terrorism The research methodology in this study combines a descriptive case law assessment comparative constitutional public international and EU law with a normative critique stemming from post structuralist scrutiny rhetoric postmodern legal movements legal history history of ideas and art criticism This book will be of interest to students and scholars of comparative constitutional law law and society human rights and European law as well as political philosophers

Antisemitism Steven Leonard Jacobs, 2020-06-29 With an overview essay timeline reference entries and annotated bibliography this resource is a concise one stop reference on antisemitism in today s society Stretching back to biblical times antisemitism is perhaps the world s oldest hatred of a group It has manifested itself around the world sometimes taking the form of superficially innocent jokes and at other times promoting such tragedies as the Holocaust Far from disappeared its continued existence in today s society is evidenced by vandalism of Jewish cemeteries and shootings at synagogues This book explores the causes and consequences of contemporary antisemitism placing this form of hatred in its historical political and social contexts An overview essay surveys the background and significance of antisemitism and provides historical context for discussions of contemporary topics A timeline highlights key events related to antisemitism Some 50 alphabetically arranged reference entries provide objective fundamental information about people events and other topics related to antisemitism These entries cite works for further reading and provide cross references to related topics An annotated bibliography cites and evaluates some of the most important resources on antisemitism suitable for student research

Redeeming Democracy in America Wilson Carey McWilliams, 2011-05-24 Wherever we turn in America today we see angry citizens disparaging government distrusting each other avoiding civic life and professing a hatred of politics and politicians of all stripes Is our situation hopeless Wilson Carey McWilliams wouldn t think so McWilliams one of the preeminent political theorists of the twentieth century was closely identified with an ambitious intellectual enterprise to reclaim and restore democracy as a source of national veneration inspiration and salvation Better than most of his contemporaries he understood and illuminated the major sources of the political malaise that afflicts our nation s citizens For him the key to reinvigorating our republic depends on our ability to reclaim the second voice of American politics the one that emanates from our literature churches families and schools and speaks out on behalf of community and civic responsibility The writings gathered here cohere into McWilliams s most mature and most developed philosophical statement the distillation of a distinguished career of thinking about the American experiment From insights into The Framers and the Constitution to reflections on America as Technological Republic he shares a love for an older tradition of democracy one

based upon the active self rule of self governing citizens Protestant Prudence and Natural Rights and On Equality as the Moral Foundation for Community may force readers to adjust their understandings of American politics while Democracy and the Citizen and Political Parties as Civic Associations will resound for observers of the current political scene regardless of party Carey McWilliams not only offers a prescient analysis of the current crisis in American citizenship and governance but also shows us what sources within the American tradition might exist to save us from our worst selves His broad and iconoclastic approach to American politics should appeal to both conservatives and liberals to anyone in fact who cares about the state of democracy in America

Free Speech and Intellectual Diversity in Higher Education Paul Carrese,Carol McNamara,James Stoner,2023-06-19 The essays in Free Speech and Intellectual Diversity in Higher Education reflect diverse perspectives on one of the most pressing issues in higher education the controversies over freedom of speech and its relation to intellectual diversity Does the First Amendment apply on campuses and do its principles clarify or obscure the issues surrounding campus speech What after all is the basis for those principles and how do they relate to the purposes of the university Is free speech truly effective without a diversity of perspectives and to what extent is such diversity found at universities today Does free speech discourage the inclusion of minorities or previously excluded groups Are there specific policies that can address the issue of free speech on campuses today in ways that are fair to all parties and to the interests at stake

Nonviolent Action Ronald M. McCarthy,Gene Sharp,Brad Bennett,2013-07-04 This comprehensive guide to research sources and theories about nonviolent action as a technique of struggle in social and political conflicts discusses the methods and techniques used by groups in various encounters Although violence and its causes have received a great deal of attention nonviolent action has not received its due as an international phenomenon with a long history An introduction that explains the theories and research used in the study provides a practical guide to this essential bibliography of English language sources The first part of the book covers case study materials divided by region and subdivided by country Within each country materials are arranged chronologically and topically The second major part examines the methods and theory of nonviolent action principled nonviolence and several closely related areas in social science such as conflict analysis and social movements The book is indexed by author and subject

Freedom of Expression James Magee,2002-11-30 Freedom of expression is enshrined in the Constitution as a sacred right of the American people The appeal is clear Congress shall make no law abridging the freedom of speech or of the press Yet the ink had barely dried on the Constitution before the first landmark freedom of expression issue exploded onto the scene This student resource traces 11 such issues that have polarized the nation These events show the variety complexity and intensity that freedom of speech and expression issues engender Magee illustrates how the United States has worked through these contentious periods with American citizens freedoms remaining intact if not enhanced An annotated bibliography follows each issue to provide avenues for further research and a timeline and general bibliography provide additional reference support

The Constitutional Underclass

Evan Gerstmann,1999-04 When the Supreme Court struck down Colorado's Amendment 2 which would have nullified all state and local laws protecting gays and lesbians from discrimination it was widely regarded as a victory for gay rights Yet many gays and lesbians still risk losing their jobs custody of their children and even their liberty under the law Using the Colorado initiative as his focus Gerstmann untangles the complex standards and subtle rhetoric the Supreme Court uses to apply the equal protection clause The Court divides people into legal classes that receive varying levels of protection gays and lesbians and other groups such as the elderly and the poor receive the least Gerstmann reveals how these standards are used to favor certain groups over others and also how Amendment 2 advocates used the Court's doctrine to convince voters that gays and lesbians were seeking special rights in Colorado Concluding with a call for wholesale reform of equal protection jurisprudence this book is essential reading for anyone interested in fair coherent and truly equal protection under the law

Consciousness and Ideology Patricia Ewick,2017-05-15 In this volume of essays by leading socio legal scholars the dual concepts of consciousness and ideology are examined and used to expose law's presence and power in social life Rejecting the association between ideology and concealment each essay explores the ways in which ideology and consciousness artfully produce truth creating both power and the grounds of its resistance The rich empirical studies included in this volume are crucial to our understanding of law consciousness and ideology

The Jews of the United States, 1654 to 2000 Hasia R. Diner,2006-05-30 Annotation A history of Jews in American that is informed by the constant process of negotiation undertaken by ordinary Jews in their communities who wanted at one and the same time to be good Jews and full Americans

The Encyclopedia of Civil Liberties in America David Schultz,John R. Vile,2015-04-10 Driven by the growing reality of international terrorism the threats to civil liberties and individual rights in America are greater today than at any time since the McCarthy era in the 1950s At this critical time when individual freedoms are being weighed against the need for increased security this exhaustive three volume set provides the most detailed coverage of contemporary and historical issues relating to basic rights covered in the United States Constitution The Encyclopedia of Civil Liberties in America examines the history and hotly contested debates surrounding the concept and practice of civil liberties It provides detailed history of court cases events Constitutional amendments and rights personalities and themes that have had an impact on our freedoms in America The Encyclopedia appraises the state of civil liberties in America today and examines growing concerns over the limiting of personal freedoms for the common good Complete with selected relevant documents and a chronology of civil liberties developments and arranged in A Z format with multiple indexes for quick reference The Encyclopedia of Civil Liberties in America includes in depth coverage of freedom of speech religion press and assembly as outlined in the first amendment protection against unreasonable search and seizure as outlined in the fourth amendment criminal due process rights as outlined in the fifth sixth seventh and eighth amendments property rights economic liberties and other rights found within the text of the United States Constitution Supreme Court justices presidents and other

personalities focusing specifically on their contributions to or effect on civil liberties concepts themes and events related to civil liberties both practical and theoretical court cases and their impact on civil liberties **The First** Stanley Fish, 2019-11-05 From celebrated public intellectual New York Times bestselling author and America's most famous professor BookPage comes an urgent and sharply observed look at freedom of speech and the First Amendment offering a nonpartisan take on what it does and doesn't protect and what kind of speech it should and shouldn't regulate Publishers Weekly How does the First Amendment really work Is it a principle or a value What is hate speech and should it always be banned Are we free to declare our religious beliefs in the public square What role if any should companies like Facebook play in policing the exchange of thoughts ideas and opinions With clarity and power Stanley Fish explores these complex questions in *The First* From the rise of fake news to the role of tech companies in monitoring content including the President's tweets to Colin Kaepernick's kneeling protest First Amendment controversies continue to dominate the news cycle Across America college campus administrators are being forced to balance free speech against demands for safe spaces and trigger warnings With thoughtful dense provocations that will require close attention Kirkus Reviews Fish ultimately argues that freedom of speech is a double edged concept it frees us from constraints but it also frees us to say and do terrible things Urgent and controversial *The First* is sure to ruffle feathers spark dialogue and shine new light on one of America's most cherished and debated constitutional rights *The Rights Revolution* Samuel Walker, 1998-09-24 The most dramatic change in American society in the last forty years has been the explosive growth of personal rights a veritable rights revolution that is perceived by both conservatives and liberals as a threat to traditional values and our sense of community Is it possible that our pursuit of personal rights is driving our country toward moral collapse In *The Rights Revolution* Samuel Walker answers this question with an emphatic no The rights revolution says Walker is the embodiment of the American ideals of morality and community He argues that the critics of personal rights from conservatives such as Robert Bork to liberals such as Michael Sandel often forget the blatant injustices perpetrated against minorities such as women homosexuals African Americans and mentally handicapped citizens before the civil rights movement They attack identity politics policies such as affirmative action but fail to offer any reasonable solution to the dilemma of how to overcome exclusion in a society with such a powerful legacy of discrimination Communitarians who offer the most comprehensive alternative to a rights oriented society rarely define what they mean by community What happens when conflicts arise between different notions of community Walker concedes that the expansion of individual rights does present problems but insists that the gains far outweigh the losses And he reminds us that the absolute protection of our individual rights is our best defense against discrimination and injustice *The Rights Revolution* is an impassioned call to honor the personal rights of all American citizens and to embrace an enriched sense of democracy tolerance and community in our nation *The Legal Protection of Rights in Australia* Matthew Groves, Janina Boughey, Dan Meagher, 2019-11-14 How do you protect rights without a Bill of Rights Australia does not have a

national bill or charter of rights and looks further away than ever from adopting one But it does have a range of individual elements sourced from common law statute and the Constitution which though unsystematic do provide Australians with some meaningful rights protection This book outlines and explains the unique human rights journey of Australia It moves beyond the criticisms long made of the Australian position that its formalism legalism and exceptionalism compromise its capacity for rights protection to consider how the many elements of its novel legal structure operate This book analyses the interlocking legal framework for the protection of rights in Australia A key theme of the book is that the many different elements of a fragmented scheme can add up to something significant albeit with significant gaps and flaws like any other legal rights protection framework It shows how the jumbled influences of a common law heritage a written constitution differing paths taken by jurisdictions within a single federal state statutory and common law innovations and a strong dose of comparative legal influences have led to the unique patchwork of rights protection in Australia It will provide valuable reading for all those researching in human rights constitutional and comparative law

Academic Freedom at the Dawn of a New Century Evan Gerstmann, Matthew Justin Streb, 2006 This is a provocative examination of the current state of academic freedom in the United States and around the world

Rabble Rousers Clive Webb, 2011-08-15 The decade following the 1954 Brown v Board of Education decision saw white southerners mobilize in massive resistance to racial integration Most segregationists conceded that ultimately they could only postpone the demise of Jim Crow Some militant whites however believed it possible to win the civil rights struggle Histories of the black freedom struggle when they mention these racist zealots at all confine them to the margin of the story These extremist whites are caricatured as ineffectual members of the lunatic fringe Civil rights activists however saw them for what they really were calculating dangerous opponents prepared to use terrorism in their stand against reform To dismiss white militants is to underestimate the challenge they posed to the movement and in turn the magnitude of civil rights activists accomplishments The extremists helped turn massive resistance into a powerful political phenomenon While white southern elites struggled to mobilize mass opposition to racial reform the militants led entire communities in revolt Rabble Rousers turns traditional top down models of massive resistance on their head by telling the story of five far right activists Bryant Bowles John Kasper Rear Admiral John Crommelin Major General Edwin Walker and J B Stoner who led grassroots rebellions It casts new light on such contentious issues as the role of white churches in defending segregation the influence of anti-Semitism in southern racial politics and the divisive impact of class on white unity The flame of the far right burned brilliantly but briefly In the final analysis violent extremism weakened the cause of white southerners Tactical and ideological tensions among massive resisters as well as the strength and unity of civil rights activists accelerated the destruction of Jim Crow

From Outrage to Action Laura R. Woliver, 1993 From Outrage to Action examines the rise and fall of grass roots interest groups through in depth analyses of four incidents that mobilized citizens around local injustices In one case a local judge declared a five year old sexual assault

victim a particularly promiscuous young lady In another an innocent black man died in police custody In the third a man with a criminal record was charged with murdering a ten year old girl and in the last a judge commented during a juvenile sentencing that rape is a normal reaction to the way women dress Through in depth interviews with activists Laura Woliver examines these community actions studying the groups involved and linking her conclusions to larger questions of political power and the impact of social movements Group successes and failures are explained through analysis of fluid social movements and the role of religion class gender and race Woliver found that activists unprepared for the ostracism and conflict resulting from their dissent retreated from public life while those who identified with alternative communities avoided self blame and maintained their political commitments She relates the community responses in these cases to those in the case of confessed mass murderer Jeffrey Dahmer and in the beating by Los Angeles police officers of Rodney King Her findings will make fascinating reading for those interested in the rise and fall of grass roots interest groups the nature of dissent and the reasons why people volunteer countless hours sometimes in the face of community opposition and isolation to dedicate themselves to a cause The four ad hoc interest groups studied are the Committee to Recall Judge Archie Simonson Madison the Coalition for Justice for Ernest Lacy Milwaukee Concerned Citizens for Children Grant County Wisconsin and Citizens Taking Action Madison

Speaking Hatefully David Boromisza-Habashi, 2013 An empirical study of hate speech in Hungary examining the cultural foundations of public communication and how cultural thinking can be used to inform political action through public expression Provided by publisher

Eventually, you will definitely discover a other experience and deed by spending more cash. yet when? accomplish you put up with that you require to acquire those all needs similar to having significantly cash? Why dont you attempt to acquire something basic in the beginning?
